## Cruel Disappointment

Ye Editor was out fishing Monday evening and caught a dandy one on our line, which made quite a fight for a time. We played him in the best editorial manner, gave explicit directions how the boys were to grab him when the fish came to the edge of the lake at the 8th Line. While playing him we knew it was a big trout by the feel of him on the line, and in a minute or so he was landed and our hopes for a toothsome morsel of speckled beauty were dashed to atoms as the fish was a 16 inch sucker. It was a cruel blow to give a fellow, but no doubt we will survive it.

## E. J. Garland Spoke At U.F.O. Annual Meeting

R. A. Lawson of Durham was elected President of the South-East Grey U. F. O. Political Association at the annual meeting in Flesherton on Saturday. Mr. R. D. Carruthers, president the past several years, was appointed honorary president of the Association. Sympathy was extended to Mr. Carruthers owing to his illness. Other officers elected were: Vice-pres., W. H. Hunter, Durham; Sec.-treas., Wilfred Graham, Markdale, succeeding Harold MrKechnie of Durham, who has served efficiently for several years. Directors: Sullivan, J. Lembke; Bentinck, D. J. McDonald; Normanby, D. McIlvande; Holland, Phil McKay; Glenelg, Geo. Campbell; Egremont, W. H. Hunter; Euphrasia, A. E. Ellis; Artemesia, Chas. Boland; Proton, Archie Russell; Osprey, Geo. Ross. Auditors: Wm. Ratcliffe and Frank Davis.

After lunch the annual U. F. O. meeting was held and encouraging reports were given by the directors of the U.F.O., U.F.W.O. and U.F.Y.P.O societies, Mr. R. L. Aitcheson, Mrs Lawson and Jos. Crutchley, respectively, and the auditors report showed a healthy condition.

A discussion was raised regarding County paving and a resolution was passed to be presented to the County Council requesting that the Council abide with their decision of no paving this year, which they made at the January session.

There was a strong feeling throughout the meeting to have a large delegation from Grey join the larger delegation which is meeting in Ottawa on July 16th, requesting wider markets for Canadian agricultural products.

Reports from the various Co-operative stores were made by Mr. Jos. Crutchley of Durham, Mr. H. Bailey of Dundalk and Mr. G. Magee of Flesherton.

E. J. Garland, M. P. from Bow River, Alta., was the main speaker of the afternoon and his address of an hour and a half duration was very interesting. He dwelt on general conditions of the agricultural people and how to remedy the present depression throughout the world. He claimed that the fault mainly lies at the door of the great financial houses in their refusal to grant any great amount of credit. Mr. Garland said that the world should go off the gold standard and urged the inflation of Canadian currency, declaring that the gold standard is a superstition and that it is by virtue of this superstitution that the banks can defraud the people He also mentioned the high interest in its recent loan, but stated that the rate paid by the Province of Ontario government could not help this as they are forced to set a high interest rate by the bankers, who are thus at a time when the pay of the workers is being greatly cut, raising the wage of Capital.

The hall was well filled for the meeting and every seat was taken. Mr. Garland, along with Miss A. C. Macphail and F. R. Oliver, M.P.P., spoke at a meeting at Chatsworth Friday evening and at Dundalk Saturday evening.

### PRINTER'S MISTAKE HELPED

How a typographical error put over a C.N.R. excursion from Toronto to Detroit is told by the Toronto Mail and Empire. A few weeks ago, the Canadian National Railways had not the slighest idea of running a bargain trip from Toronto to Detroit. The big idea was to intice some hundreds of Detroit people to Toronto with a cheap rate good for a week end and a formal announcement was made. But the announcement in the news columns of the Mail and Empire appearing inconspicuously read: "from Toronto to Detroit." The ticket offices of the railway were besieged with telephone calls. Officials got angry, became frantic—and finally began to see light. The excursion was put on and more than 2,000 Toronto and 500 Hamilton citizens boarded the train for Detroit. Railway officials congratulated the paper on "knowing when to do the wrong thing at the right time."

It is said that before long the United States will recognize Russia. Well, Russia, has been pulling Uncle Sam's whiskers hard enough to let him know he was present.

Prediction is made that a son of the former Kaiser of Germany will be in power in Germany before the end of the year. The only thing is that we hope he has not inherited that streak which causes him to believe he can lick the world.

### THEY DON'T ADVERTISE

A trade journal points out that according to Bradstreet's report for 1930 95 per cent of all business failures were non-advertisers. One does not hesitate a minute about insuring his home or place of business, but how about the business itself? The successful man is the one who goes out after business himself; the failure is the one who sits around and waits for business to come to him.

### SCHOOL TO START EARLIER

With the holidays still a good way off it is a little soon to think of beginning school in the Fall,but we are advised that starting this year, the schools of Ontario will open on the first day of September. Ordinarily the schools resume their classes on the day following Labor Day, which holiday is the first Monday of that month. The edict means that this year, instead of returning to school on Tuesday, Sept. 6, the pupils will return to their classes on Thursday, Sept. 1. Labor Day, Sept. 5, will be a holiday as usual. The commencement will be a somewhat broken one. Why not begin on the last Monday of August.
