The former Minister of Labour, Peter is well off. He has a job to go that he has donned overalls and returned to his job as engine driver. Peter is well off. he has a job to go to. He never could bear to loaf—even in parliament he always is busy.

Did John Aird act as an intermediary between the Beauharnois Power Corporation and the Ontario government with respect to the $125,000 payment? Did he turn over the equivalent in cash and retain the bonds to cover the marks of the transaction? If he did we wonder if the castigation he has received at the hands of judges was worth while. A good name is greater than riches.

Every now and again an agitation is set on foot for better pay to the judges. The plea put forward is that good lawyers are so well paid that they refuse to go on the bench But it is well known that there is never a vacancy in the Courts that the Minister of Justice is not delayed with applications for appointment and but few of the would-be judges object to the remuneration offered and would be insulted if it declared that they were not fully qualified.

The editor has received a number of pamphlets and maps from the Bureau of Information of the Province of Nova Scotia. This descriptive and informative literature is designed to make its readers better acquainted with our sister Province down by the sea, its history and attractions, and will prove very useful to those who may be contemplating a holiday either by train or auto. The bureau mentioned above will be glad to send those interested this literature, upon request, addressed to Halifax, N.S.

This is the season of the year when learned orators undertake to give counsel to young men and maidens leaving school. These solons have been specially addressing themselves to young men, counselling them to at once take a larger share in the nation's work than youth have hitherto undertaken. Easier said than done! There are many hundreds of young men leaving high school and college, who are all loaded up with knowledge and ready to work, with no one desiring their services. To look fo, a job today is the hardest of tasks.

From now till early November, the United States will be in turmoil over the Presidential elections. We bet our neighbors would be delighted if some way could be devised to get away from their antiquated system of ascertaining the popular will. We may lack wisdom in some political experiments, but our system of elections restricted to a few weeks duration seems infinitely superior to the methods by which the electors over the border have been governed since the revolution.

The anti-birth controllers are required in the Parry Sound district. There the public school taxpayers are paying $640 a year to a parent for motoring his own children to school. There is no school in the section, as of the sixteen families within the limits, but one household has children of school age and it has been found expedient to arrange for their education in an Indian reserve near by. Meanwhile, the father earns an honest penny and the children have their daily motor ride. But what do the neighboring parents think about it?

That was a significant declaration which Mr. G. F. Rogers, chief director of Education for Ontario, made at Fort William recently. He declared that he concurred with the delegate to the Urban School Trustees Convention, when they resolved that Ontario is "examination mad," and under the adoption of other standards of passing from high school than a final departmental examination in Toronto. There can be no doubt that very many educationists and other taxpayers favor a straight examination by the teacher. The present system is often unsatisfactory and does injustire to pupils of excellent record, whose class work is shown to be exceptionally good, but who are unable, eiher through nervous temperment or the effects of torrid weather very generally prevailing at midsummer high pressure examinations, to do full justice to their attainments.

The proceedings of the forthcoming trade conferences in Ottawa are to be conducted behind closed doors Why the secrecy? Is it to enable politicians to back down from their former records with as little publicity as possible? As has been well said, however, the eyes of the world will be upon the delegates when they return to their countries and have to give account of their ongoings. Meanwhile, the correspondents at Ottawa tell us the visitors have ample to eat and drink as the master caterer is a millionaire, a man of ideas, and with carte blanche from the Canadian government to feed, house, and otherwise entertain the delegates there will be no evidence of hard times in official circles while the visitors remain.

At a meeting of the Mount Forest board of education, salaries of all the high and public school teachers were reduced by twenty per cent.

McKEE—BOYCE

At the Presbyterian Manse, Markdale, by Rev. T. O. Miller on Saturday, June 11, 1932, Mr. Kenneth R. McKee, Toronto, only son of Mr. and Mrs. John W. McKee, Fourth Line, Artemesia to Miss Beatrice Mary Boyce, daughter of Mr. and Mrs. J. J. Boyce, Portlaw. Congratulations are extended to the young couple.

BRADBURY — PLEWES

William Frederick Bradbury and Hazel Viola Plewes, both of the Maple Valley district were united in marriage on Saturday, June 25th at 2:30 p.m., the ceremony being performed at the Presbyterian Manse in Feversham by the minister, Rev. A. M. Shannon. Mr. and Mrs. Bradbury left for a short motor trip and on their return will reside at Maple Valley.

FENWICK—WILKINSON

The marriage of Miss Olive Wilkinson, daughter of Mr. and Mrs John Wilkinson, to Mr. John Howard Fenwick, son of Mr. and Mrs. John Fenwick, Maxwell, Osprey Township, took place on Wednesday, June 15th, at the Rectory, Clarksburg, Rev. H. K. L. Charlton officiating. The bride wore a handsome gown of pale pink silk crepe, and carried a bouquet of pink roses and was attended by her sister, Miss Florence Wilkinson. The groomsman was Mr. Ross Breadner. The happy couple left on the afternoon train for Toronto and on their return Mr. and Mr. Wilkinson will take up residence on their farm near Maxwell.

WRIGHT—RADLEY

The marriage of Grace, seventh daughter of Mrs. James Radley and the late Mr. James Radley of Maxwell, to Mervin Wright, son of Mr and Mrs. William Wright, Maxwell was quietly celebrated at the noon hour, Saturday, June 18th, in the United church by Rev. Mr. Pope.

The bridesmaid was Miss Violet Parker, while Mr. Ernest Radley, was groomsman. Mr. and Mrs. Wright spent their honeymoon in Toronto, where Mrs. Oman Bowes, Concord, the bride's sister, received for her.

They are making their home on the 10th line, Osprey.

RANDLE—STUART

On Tuesday, June 21, at Trinity United Church the marriage of Donelda, eldest daughter of Mr. and Mrs. Jasper Stuart and Arthur Edwin Randle, son of Mr. and Mrs. William Randle was solemnized.

The ceremony was conducted by Rev. Dr. G. S. Smith before the altar which was banked with pink and white peonies. Little bunches of white marguerites were used to mark the guest pews. The stately bride, who was given in marriage by her father, wore a gown of poudre blue lace with a transparent velvet coatee of deeper blue. Her graceful hat was of pink mohair, and her shoes of a blending shade. She carried a bouquet of pale pink roses and lily-of-the-valley. Her bridesmaid was her sister, Fern Stuart, whose gown was pink organdie with blue mohair hat and matching gloves and shoes, and she carried deep pink roses. Mr. Beire Pitts was groomsman. The ushers were Mr. Donald Butchart and Mr. Frank Brown. Miss Margaret Randle, A.T.C.M., sister of the groom, played the wedding music and Miss Helen McArthur sang "All Mine Alone" during the signing of the register.

Following the ceremony a reception was held at the home of the bride's parents on Nelson Street. Mrs. Stuart, mother of the bride, wore a becoming gown of flowered chiffon with a corsage of orchids and a baku hat, and Mrs. Randle, mother of the groom, wore a blue crepe chiffon gown with matching hat. She also wore orchids.

Mr. and Mrs. Randle left by motor for a wedding trip to the Laurentians and will afterwards reside in Whitby. The bride tavelled in a smart biege silk suit with hat, shoes and purse in a matching shade.

DIRTY SEED A MENACE

"Dirty seed" is defined as meaning seed that contains noxious weed seeds in such quantity as to pollute the land with weeds that are difficult and costly to eradicate. One of the principal mediums for the distribution of weed seeds in Canada is dirty seed, particularly clover and grass seed, because of the fact that most of the noxious weeds have seeds of about the same size and shape as the seeds of clovers and grasses, and hence are difficult to remove. This reason alone should be sufficiently important with the intelligent farmer to ensure the preference which is due it for inspected seed.

County Council Doings

Grey County Council last week dropped the county rate to 9 mills on the dollar on an assessment of $34,850,000, a drop of half a mill from that of last year. The nine mills is made up of six for the general rate and three for roads, of the latter one and three quarters mills will go to meet the expenses of provincial highways and one and one-quarter mills for the county road system.

It was also decided by the Council that there would not be any road work on the Provincial system this year, a motion moved by Reeve McCauley of Flesherton and seconded by Reeve Lillicrap of Meaford for this purpose being lost by 20 to 14. It was a straight issue between rural and urban reeves on the vote.

A report on the amount of taxes due the municipalities of Grey was to the effect that every cent owing the County had been paid. Hanover has the largest amount of taxes in arrears, about $2300, with Flesherton having the smallest amount, about $50. The figures did not show that either the towns or townships were hardest hit in the collection of taxes. Osprey township has $6,500 in arrears; Collingwood $5,000; Artemesia $4,200; Glenelg $3,000; Durham, $2,600 to $2,700; Thornbury $2,500; Keppel $2,000 and Sydenham, $2,000. These figures are given by the various Reeves and are only approximate At Meaford 90 per cent of the first installment of this year's taxes have been paid.

A committee was appointed to probe into the cost of criminal justice in the county, the committee to be composed of Reeve R. J. White of St Vincent, Reeve Chas. Holme of Normanby and Reeve D. J. McDonald of Bentinck. County Crown Attorney Henry was present and gave his report on the cost of his department.

Following are the amounts to be paid by the various municipalities to the county under the 9 mill rate: Artemesia, $17,010; Bentinck, $17,640; Collingwood, $20,250; Derby, $13,500; Egremont, $21,960; Euphrasia, $20,250; Glenelg, $11,700; Holland, $13,725; Keppel, $12,150; Normanby, $24,300; Osprey, $16,650; Proton, $19,800; Sarawak, $2,825; St. Vincent, 20,700; Sullivan $21,600; Sydenham, 22,500; Durham, $4,860; Hanover, $9,900; Meaford $9,000; Thornbury, $2,610; Chatsworth, $1,215; Dundalk, $2,565; Flesherton, $1,485; Markdale, $3,015; Neustadt, $1,530; Shallow Lake, $900. Total, $313,650.

New York inventor tried out a new plane without a motor. The thing went into an immediate nose dive and got smashed. Apart from that it seemed quite all right.

The coal mining district in Nova Scotia seeks power to deport 2,000 foreigners. Shifting the burden from here to there is becoming the great pastime of the world.
