Tax Rate Reduced

Flesherton village is to have a reduced tax rate for the coming year, the rate of 38.4 mills being set at the regular meeting of the Council on Tusday night of last week. Last year's rate was 39 mills and the present one shows a reduction of sixtenths of a mill. This lower rate is made despite the fact that the first payment for the street paving is to be made this year. The frontage tax on the various properties facing the pavement will be in addition to the regular rate as stated above.

MARRIED

NUHN—WARD — At the Baptist parsonage, by Rev. J. R. Wolstencroft, on Monday, August 15th, Mr. John Nuhn Sr., to Elizabeth Hardy Ward, both of Flesherton. The happy couple left by motor for a trip north.

A Record Breaker

We have heard of a good many ball games with high scores, but Flesherton takes the record for the highest of scores. In a game in town on Thursday last between the Flesherton and Dundalk boys the latter were held scoreless, while the local swatters counted a total of 54 runs crossing the plate in less than four innings, while Flesherton was still at bat in the fourth when the game was called on account of darkness with one man out. If Flesherton doesn't hold the record for runs scored in a game we would like to know who does.

Owning Your Home

Folks who some years ago bought houses and settled down in them made an exceedingly lucky stroke.

A lot of these folk are now getting their living quarters at a rate far below what the average renter is paying. They might not be able to build a new house for less than double what their home cost them.

The favorable result of a good investment in real estate should be considered by every family that is ambitious to acquire an independent position. There may not be so much chance in future years to make money by the advance in value of a home that one owns. Still, in a general way, the people who own their own dwellings come out rather better than those who pay rent.

When you hire another man's house a part of the rent is in the nature of a compensation paid to the owner to look after the property. The occupant might just as well care for it himself and avoid having to pay this charge.

PIANO LESSONS

A few pupils for piano lessons are desired. The class will start the first week in September at the Munshaw House, Flesherton.

WORK ON ST. LAWRENCE WILL REQUIRE REMOVAL OF TOWN OF IROQUOIS

Canada's "Father of Waters" the St. Lawrence, whose course has been altered countless times in the past 200 years as men sought to utilize its fullest navigation and power advantages, is to be jointly attacked under one of the largest diversion programs known in all of history, through the agreement just reached between Canada and the United States.

The international development is expected to yield electrical energy amounting to 2,200,000 horsepower, which will be equally divided between Canada and the United States.

When the work which has now been broadly outlined is brought to completion, and it is estimatel that the joint project will require seven years after a start is made, a large section of the St. Lawrence will have many characteristics of a "brand new" river.

The site where the community of Iroquois now stands will just be water. Before that time comes, the town will have to pick up its five churches, schools, stores and places of industry, along with homes of its 900 people, and move them a full mile inland from the present location. When that has been done they will still be on the banks of the river—the new river.

About half the residence and business places of Morrisburg will have to be moved in the same way. The Canadian National Railway will have to alter a portion of its route, and new paths will have to be cut for some highways.

FOSTER—HUTCHINSON

On Saturday, July 30, at 4:30 p.m., was quietly solemnized at Manor Road United church, Toronto, the marriage of Miss Kathleen Hutchinson, daughter of Mr. and Mrs. Geo. A. Hutchinson of Kimberley to Mr. C. W. Foster of Oshawa.

The ceremony was performed by the Rev. H. S. Clugston, formerly of Epping.

The bride was becomingly attired in a dresss of ocean blue georgette with white turban shaped hat, gloves and shoes to match. She wore a corsage bouquet of sweetheart roses and baby's breath held with a bow of white ribbons.

Following the ceremony the wedding party enjoyed a dainty wedding supper at the home of the bride's cousin, Mr. and Mrs. Edwin G. Taylor.

The happy young couple left on the evening train for Kimberley.

The groom is just completing a special four year course in mechanical engineering, arranged by the General Motors Corporation at Flint, Michigan, where he met his bride, while she was in training for a nurse. Early this fall, after the groom's graduation, the happy couple will reside at Oshawa, where he will be employed.

HATHERTON REUNION AUG. 31st

Owing to the death on Monday of Mr. James Seeley, an old resident of Hatherton, the Old Boys' and Girls Reunion and Picnic of S. S. No. 11, Osprey, for August 17th, has been changed to August 31st. The same program and events will be held on Wednesday, August 31st, commencing at 1:30 p.m. General public and all old residents are cordially invited to be present.

Mrs. A. B. Sharpe, a summer resident at Beaumaris, Muskoka, was the winner of the motor car in the Bracebridge Memorial Hospital drawing.

Mount Forest will have no chautauqua in 1933. Sufficient guarantors were not forth-coming, even for a spring circuit. The guarantors were called upon to pay $11 each to cover this year's deficit.
