A Unique Record

An interesting record with horses came to our notice the other day that we believe is unique in the annals of Artemesia township and for that matter of Ontario. In the fifty-eight years of farming by Mr. John Hargrave of Rock Mills and his father, the late Mr. John Hargrave, on their farm 1½ miles east of Rock Mills a team of horses was purchased at that time and have been instrumental in the raising of 50 colts. During that time the strain of the original team has not been changed, neither has any horse been bought or traded in that time. We believe that this is a record that will be hard to equal in the province. Another interesting angle to the situation is that 42 of the 50 colts were of the female variety.

SELLING IMMATURE FRUIT UPSETS THE DOMESTIC MARKET

"Growers who persist in the practice of sending immature fruit to market must realize that they are gradually robbing themselves, through creating dissatisfied customers." This was the recent statement of Charles T. Broughton, Ontario Marketing Board. Mr. Broughton said that an instance had been reported to him where a consumer was forced to hold peaches for ten days after purchasing before the fruit was fit to use.

"If we are to maintain even our present hold on the domestic market, let alone expand it," added Mr. Broughton, "immature fruit should not be offered for sale."

Corner Stone Laid Monday Afternoon

At a short ceremony on Monday afternoon Mr. W. J. Bellamy, Past Master of Prince Arthur Lodge No. 333, A.F.&A.M., and the oldest member of that fraternity, declared the corner stone of the new Fraternity Hall well and truly laid. Mr. Jos. Blakley, oldest member in the Orange Association in East Grey, deposited the various documents and coins and Mr. W. P. Crossley sealed the aperture in the stone, while Mr. Geo. Long, Master of Prince Arthur Lodge, acted as chairman for the occasion. Rev. W. J. Scott, pastor of St. John's United church, Rev. J. R. Wolstencroft, pastor of the Baptist church and Rev. M. M. Bennett each gave short addresses.

Rev. Scott congratulated both lodges for their efforts in erecting such a fine building for Lodge work, especially their confidence in the future by building in the time of a so-called depression. Rev. Bennett, in his address, stated that such cooperation between the Masonic and Orange Lodges was the spirit of the day, while Rev. Wolstencroft spoke on the high ideals displayed in the Orange constitution.

The documents deposited in the corner stone contained the names of all the members of both Prince Arthur Lodge No. 333 and L. O. L. No. 2855, which Lodges are erecting the fine building, the current issue of The Advance and Monday's issue of a Toronto daily, besides a sample of the coinage and stamp issues of the day.

Monday morning the laying of the brick wall commenced with two masons at work and it is expected that six will be shortly employed on the laying of brick. Rug brick is being used for the outside of a solid brick wall. The large steel beams are being used as support for the upper floor which will assure a solid well-built building, which will be a credit to the two Lodges concerned and a decided asset to the appearance of the village main street.

The C.P.R. has served notice that it intends to apply to the Railway Board for permission to close the station at Credit Forks.

Inspector Bald of West Bruce deprecates the reduction made in teachers' salaries. He points out that of the 82 teachers in his inspectorate only 4 in rural schools are receiving $1,000 or over, while two are teaching for half.
