CABLE NEWS.

Madrid, Oct. 17.—The coinage system of Spain will be radically changed, so as to conform to that of France. Jose De Olona, Count of Olmedo, has been appointed Captain General of Cuba. Serrano and Topete have arrived at Saragossa. They had a triumphal entry, and the wildest enthusiasm was manifested.

London, Oct. 16.—Despatches received to-dey from Rathkeale, Ireland, state that Inspector Murphy, while attempting to capture O'Brien, the Fenian prisoner who escaped a few days ago, was fired at by concealed parties and slightly wounded.

Paris, Oct. 17.—The *Gaulois* newspaper has a story, to-day, of an attempt to shoot Gen. Prim at Madrid. The attempt was unsuccessful, and the assassin was immediately arrested, but was afterwards set at liberty by Gen. Prim himself.

London, Oct. 18.—There are rumours of a large reduction in the French army. Confidence in the maintenance of peace and expectations of a declaration in favour of liberal reforms by the Emperor animate Paris, and have a cheerful influence upon public affairs in England.

The Parliamentary canvass throughout Great Britain is becoming very lively. Several Tory members of the last House of Commons have withdrawn their names as candidates and retired discouraged.

The Liberals are confident they will have a majority of thirty-five or more on a full vote in the next House.

Mr Roebuck's hostility to Trades Unions injures his chances of success in Sheffield.

Mr Gladstone is actively canvassing South Lancashire, where he daily addresses large and enthusiastic meetings.

The succession to the Spanish throne remains undetermined. The choice of Prince Alfred of England, which has been suggested, is regarded as absurd and impossible, because he is a Protestant. The name of Ferdinand, the King of Portugal, is mentioned with favour. Though ultra monarchical in religion, he is regarded as politically a liberal, is popular in Spain, and would be unobjectionable to Napoleon.

Paris, Oct. 18.—The Emperor and Empress are at St. Cloud.

Madrid, Oct. 16.—General Prim has received the title of Marshal of Spain. General Dulce has been made Duke of Madrid.

A deputation of Cubans have arrived here, and have held consultations with the Central Junta. They have agreed to measures providing for the gradual abolition of slavery.

The Republicans have commenced an agitation in Barcelona. They protest against the acts of Prim and Serrano.

Serrano, who has gone to Saragossa, made a speech there. He promised that the Provincial Junta at Madrid would resign on the meeting of the Constituent Cortes. He expresses regret that Olozaga and Riviero were not in the Cabinet. The Government needed the aid of one of these eminent statesmen in the work of reorganising the state on a liberal basis.

London, Oct. 18.—A despatch from the East reports that the magazine on a Turkish troop ship at Smyrna exploded. Seven men were instantly killed, and seventy injured, many of them fatally.

Liverpool, Oct. 18.—Cyrus W. Field was a passenger on steamship China, which sailed yesterday for New York.

Queenstown, Oct. 18.—The steamship City of New York arrived here yesterday.

Southampton, Oct. 19.—The steamer Borussia, from New York, has arrived.

London, Oct. 19.—The steamers Union, Liberia, and City of Paris, have arrived out.

FINANCIAL AND COMMERCIAL.

London, October 19, a.m.—Consols 94⅞; Bonds 72⅞.

Liverpool, October 19, p.m.—Cotton steady. Linseed oil 20s. Tallow 50s 6d.

New York Press Despatches.

New Orleans, Oct. 18.—The Sheriff and Parish Judge of St. Mary's parish were assassinated at Franklin (La.) by unknown parties last night.

New York, Oct. 18.—Arrived, steamship City of Baltimore, from Liverpool.

Charleston, (S.C.) Oct. 18.—B. F. Randolph, a negro preacher from the north, and a member of the South Carolina state senate, was murdered at Cokesburg, in this state, on Friday.

New York, Oct. 19.—It is said negotiations are in progress between the American Atlantic Cable Telegraph Company of this city and some foreign capitalists to lay a cable direct to Belgium, and that responsible parties are ready to enter into a contract to put down the cable for £500,000.

Havana, Oct. 18.—Reports from the interior are favourable to the Government. A few small bands of insurgents are wandering in the mountains. Their numbers daily diminish. The cane crop looks well, the October rains proving favourable.

New York, Oct. 19.—The steamship Colorado from Liverpool; the Virginia, from London; the Teutonia, from Bremen; the Columbia, from Glasgow, and the City of Boston, from Liverpool, have arrived to-day.

New York, Oct. 17.—The weather has been growing very cold here since sunset, and a heavy northwest gale has set in. Snow fell at 10 o'clock in Philadelphia.

There is snow on the line of the Erie railroad, between Susquehannah and Dunkirk, one to four inches deep, and since 9 o'clock it is snowing also at Boston.

Snowstorms also took place this morning in Worcester, Mass., and Concord, N.H.

At Rochester snow fell last night to the depth of two-and-a-half inches, and it is freezing this morning.

There was a brisk show storm last night south of Watertown, Jeffersn Co., and at Mexico, Oswego Co.

Lewiston, Oct. 17.—Snowing heavily here. The thermometer has fallen rapidly since yesterday.

Memphis, Tenn., Oct. 18.—The destruction of arms on board the steamer Hesper, is still the cause of much excitement. The Democratic papers assert that the arms were destroyed by Radicals, for the purpose of making political capital; also that the arms were not the property of the State of Arkansas. The Republican papers on the other hand assert, that the arms were destroyed by the Ku Kluz. Captain John Ford, of the steam tug Nettie Jones, which was impressed by the raiders, gives the particulars as follows:—The steam tug Nettie Jones, Captain Ford, left the wharf on Thursday afternoon for Pickering, having a barge in tow. The tug reached her destination; but had scarcely time to make fast, when the levee was boarded by men securely masked, probably one hundred in number. They quickly boarded the tug, and took possession of the pilot-house and engine room, and ordered the Captain to start down the river. He accordingly ordered one of the crew to cast off the lines, and in a few minutes the tug was rapidly steaming down the river through the chute. Upon taking possession, the new commander kept a vigilant eye on the crew, not allowing any one of them to leave his sight. The engineer was not premitted to oil the machinery. When approaching Cat Island, twenty-five miles below and near the Arkansas shore, Captain Ford was ordered to turn the tug alongside of the little steamer Hesper, which was tied up loading. During the trip the leaders informed Captain Ford that they intended overhauling the Hesper, and destroying the arms, but strict orders had been issued to the men to harm no one and to respect all other property. In obedience to orders, Captain Ford ran the tug alongside, which was no sooner accomplished than leaving two of their number in the pilot, two in the engine-room, and one in the cabin as a guard over one of the crew who had insulted their leader, the party sprung aboard the Hesper. Little or nothing was said by the boarders, who evidently had an eye to business. They placed the crew under surveillance and commenced the work in hand. The gun boxes were broken open, the arms were taken out and thrown into the river. Many guns were broken before they were thrown overboard. A large quantity of ammunition in the hold, marked sundries, was also thrown overboard. The party then quietly returned to the tug, leaving the Hesper in possession of her crew. Captain Houston, of the Hesper, and his brother made for the woods as soon as the Nettie was seen. At midnight the tug reached Point President Island, in the chute below the city, and was run aground. The raiders were taken ashore in a skiff which was signalled. Strict orders were given the Captain of the Nettie to remain in the chute till daylight. The tug returned to the city this morning.

EUROPEAN NEWS BY STEAMSHIP.

New York, Oct. 18.—The City of Baltimore brings two days later mails from Europe:—

The Madrid *Gazette* (official) publishes Queen Isabella's protest and address. The nation has passed its sovereign judgment on the acts of the Queen, and can now pass a verdict on her words. All the moderate Generals who fought for the Queen have recognized the Revolution. Some provisional Juntas had protested against Serrano's assumption of supreme power without a vote of the people.

The *Provincial Correspondence* of Berlin says the Prussian Government will not interfere in Spain, but await the development of affairs there, and respect the decision of the Spanish people. There is no fear that the Spanish Revolution will disturb the peace of Europe.

Dr. Livingston is said to be within a week's march of Zanzibar.

The government flour mill in Pesth was burned: loss 611,000 florins.

To the Electors of the County of Frontenac—

GENTLEMEN: The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County interests, and having as an old member of the County Council, and as Warden, become thoroughly conversant with your local affairs, I am, I think, in a position to be of service to you in the Legislature. Many of you too have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honour which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavour to further by seeking to have the Back Roads completed, by endeavouring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I shall endeavour to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.

D. D. CALVIN.
