IN MEMORIAM

GIBSON — In loving memory of our dear father, William A. Gibson, who passed away Oct. 17th, 1924.

Forget you? No, we never will,
Although you have gone we love you still,
Hard was the blow, the shock severe,
To part with one we loved so dear.

—Ever remembered by your family.

IN MEMORIAM

McGIRR — In ever loving memory of our dear husband and father, Robt. S. McGirr, who passed away Oct. 25, 1928.

Time may heal the broken-hearted,
Years may make the wound less sore,
But it cannot still the longing
For the loved one gone before.
Who shall say the grief is lessened,
Though the smile may hide the tear?
Memories keep the wound still open
To spite the passing of the year.

—Ever remembered by wife and daughter.

THE ROOSTER TALKED BACK

A lady living in the west end of the village reports having witnessed an unusual sight a few days ago. A male pheasant that had been in the habit of visiting her corn patch for food nearly every day, found his right to do challenged by a rooster and a fight ensued, in which the rooster came out second best. After the scrap the pheasant started off towards the thicket from whence it came, when aparently, the rooster indulged in some "back talk," whereupon the pheasant returned and administered a second drubbing and then scampered off to its haunts.—Norwood Register.

VALUE OF CROPS

Crop production in Ontario, owing chiefly to climatic conditions, was slightly below the yield of 1931, according to official statistics, but the results are quite satisfactory. This report is noteworthy in face of the drastic decline in prices which reduced the incomes of farmers during the past two or three years. Although the gross value of the agricultural output was reduced by $111,-000,000 from the previous year, the total estimated value of farm production, $305,624,000 was a decisive factor in sustaining purchasing power and it prevented business in Ontario from falling to levels experienced elsewhere.
