SATURDAY EVENING, NOV. 14

BY TELEGRAPH.

CABLE NEWS

London, Nov 13. Lord Stanley opened Parliamentary canvass in the borough of Lynn by a speech in which he [illegible] the policy of the Ministry in proceeding [illegible] and overthrown Prussia. He said [illegible] Prussia were a source of uneasiness, but believed if peace were [illegible], France would become reconciled to the union of Germany under the leadership of Prussia. He feared Turkey was in danger, but from internal causes. Referring to the questions which agitated Ireland, he declared himself in favour of reform, but opposed to the disestablishment of the Irish Church. In the course of his speech he announced that the differences with the United States were so far settled, that the arrangement made only awaited the ratification of the government at Washington.

London, Nov 13.—A report was extensively published yesterday to the effect that Rev. Wm. Thomson had succeeded to the Archbishopric of Canterbury, and Rev. Samuel Wilberforce to that of York. To-day it is officially denied.

Madrid, Nov. 13.—The Captain General of the Philippine Islands will be removed by order of the Provisional Government.—General Prim, Secretary of war, has issued an order forbidding the attendance of armed soldiers at public meetings.

The Papal Nuncio at Madrid continues his relations with the new Government.

London, Nov 13.—The London *Times* today, in an article on the convention for the settlement of the Alabama claims, alludes to Secretary Seward in the following terms: "The official career of Mr Seward is now drawing to a close. To the favourable result of the late war his skill and energy largely contributed. His foreign policy has been successful. He retires when all chances of domestic and foreign strife have disappeared. He must naturally wish, in common with Lord Stanley, to terminate before retiring from office, a dispute of all the details of which he is master. The convention is especially important, because at a time when national jealousies weaken confidence, it establishes a fuller precedent for resort to arbitration instead of war for the settlement of differences."

Vienna, Nov. 13—The Bill for putting the army on a war footing has passed the Reichsrath by a large majority.

Paris, Nov. 13—At a Council of Ministers, held at the Tuileries, proof was adduced of the existence of a conspiracy for the overthrow of the existing order of affairs in France, and a resolution was adopted providing for the use of the most rigourous measures for its suppression. The public journals will be exempted from interference if they refrain from inciting the people against the Government.

M. Leonore Joseph Hovin, editor of the *Siècle*, died to-day, aged 69.

Madrid, Nov. 13.—General Dulce, upon leaving for Cuba to assume the duties of Captain General, will take with him a number of civil officials who are to replace the present administrative authorities. Very extensive powers are granted him in view of the troubled condition of the Island.

Civil marriages are now of frequent occurrence in Spain. The formation of a Protestant Church in Madrid has been sanctioned by the Provincial Government.

Admiral Topete, Minister of the Marine, favours the Duke of Montpensier as a candidate for Royalty.

New York, Nov. 14.—The *Herald's* London special says, at a meeting held by the various political clubs in Madrid, it was agreed to accept a monarchical form of government, not based on divine right, but a sovereignty of the people expressed by universal suffrage.

Mr Burlingame and the Chinese Ambassadors will be officially received by the Queen at Windsor on the 30th instant.

New York, Nov. 14.—The *Democrat's* Vienna special says the bill to place the Austrian army on a war footing has passed the Reichsrath by a large majority. The spirit of rebellion is making rapid progress in the Austrian portion of Poland and in Old Poland itself. Democratic clubs are organized in Galicia, Bohemia, and along the frontiers bordering on Russia and Russian Poland. The secret propaganda is carried out through the provinces of Podolia and Volhynia and penetrates even as far as Warsaw. The Democratic association of Lemberg, the capital city of Galicia, has just issued a manifesto in which the following passages are to be found:—The restoration of Poland is not in apposition with the interests of the Austrian monarchy. It is on the contrary necessary to the maintenance of peace in Austria and in Europe. The mission of Galicia is to maintain the idea of consanguinity with the other provinces of Poland. The relations of Galicia with Austria must rest on a federal basis.

The steamship Tigre, arrived at Alexandria, brings in the news of the existence of famine in the north-western Provinces of India. The English army is marching toward the East.

Senor Scambrano had made an accusation against Minister Romero before Congress in relation to Treasury matters. The Minister has entered a suit against Scambrano for slander. The concession to the Mexico Vera Cruz Company has been finally agreed to. A bill in favour of the American Railroad and Telegraph Company has passed a second reading.
