A HAPPY NEW YEAR

With this issue The Advance finishes the year 1932 with the hope that all our readers have had a Merry Christmas and that the coming year will bring to them their measure of happiness and prosperity. The publishing business, like others, has been fraught with many difficulties, including reduced income from subscriptions, advertising and job work, but we have been able to carry on. Our aim is to publish a local paper with a view point of its own, and also give the news of the district in an interesting form. We wish at this moment to thank our large family of news gatherers in this district for their excellent work in reporting incidents in their own communities and their aid in making the paper of more local interest. Their work is appreciated, not only by us, but by many of hundreds of readers, who consider the local paper as a letter from home.

Again we wish all our readers health, happiness and prosperity in the coming year.

THE OXFORD GROUP

Many readers of the New Outlook, organ of the United Church, were astounded to read in last week's issue a most unsympathetic criticism of the Oxford Group, a band of 70 or 80 evangelists. They utterly ignore sectarianism and try to carry their message to all the people and get down to the fundamentals of religion. Probably 99 per cent. of the United Churches of Toronto opened their doors to these enthusiastic Christian ladies and gentlemen, and the severe criticisms of their church organ has given them a painful and decided shock, for, after all, the church membership and public at large are quite capable of interpretating for themselves the spiritual meaning of the Biblical truism—"by their fruits ye shall know them." They are also quite capable of deciding the value of the Outlook's opinion of the Group. They resent with vigor the charge that the Group acknowledge as their Bible the book "For Sinners Only."

The following paragraph will give an idea of the warped condition of the Outlook editor's mind: "If it was impossible to say much in its favor before we saw it work, it is doubly and trebly impossible now."

The movement is "specially objectionable and dangerous" in the editor's eyes. Again "Within the memory of none of us has the work of the church been so beset with hindrances and problems." "We do not believe it will be made much easier at very many points by reason of their being here, but will be made more complicated and difficult in very many ways through their influences."

The Advance would like to point out to the editor of the Outlook that identical arguments were used in the times of Wesley and Booth, and the churches were quite able to stand up against their influence, in fact its spiritual life was quickened through their activities. If the church of to-day could not do likewise possibly it is because of internal decay and disintegration would be the only logical outcome. But we do not believe that condition of affairs is at all imminent.

ANOTHER MIRACLE

An epoch-marking event took place on Sunday last when the British empire held communion with itself, including all the empire possessions around this old hemisphere, and wound up the discussion with a message of good cheer from his majesty, King George, at Sandringham, England. The broadcast came through quite distinctly here, and caused one to wonder afrash at this modern miracle of communication through the air. The King's speech, especially, was wonderfully clear and distinct . The program included conversations with different cities in Australia, New Zealand, Cape Town Gibraltar, Port Said, England and various stations across Canada.

This broadcast was the first of its kind that has ever taken place, but is expected to be the forerunner of many more when certain details have been perfected. In the meantime we can only go on speculating as to the future possibilities of radio broadcasting and reception. At present "we see through a glass darkly." What will life and mankind be like when the vision is made clear and we shall see "face to face" and thoroughly understand the marvels of the universe which are gradually being opened up to men's gaze and for men's exploritation.

EDITORIAL NOTES

When Premier Henry, a couple of weeks ago, called upon the churches to combat atheism, the organ of the United Church called his utterances the "joke of the season." From what has before and since occurred we rather think he knew what he was talking about.

• • •

John Foley, editor and proprietor of the Orangeville Sun died last week. Mr. Foley was a clever newspaper man as was his father before, whom the editor of this paper had the pleasure of knowing over fifty years ago. In the early days of Orangeville journaiism John Foley's father was a poitical power to be reckoned with.

• • •

The terribly sordid tragedy which occurred in Owen Sound recently caused a shudder of horror to pass over the community. It is hard for a normal human being to believe that any man can have a mind so warped as to cause him to commit such a devilish act as this man did. It would be interesting to know something more intimate about his home life and the influence exerted upon his mentality in early life.

* * *

Once again we wish to particularly emphasize that the columns of The Advance are equally open for news items from churches or societies of all denominations. It is absolutely impossible for us to have a reporter at all affairs even if we knew of them in advance. We appreciate the copy furnished by some and would be glad to get the news from all.

Funeral J. A. Cullen Held On Friday

The death of Albert Cullen on Tuesday, December 22, came with shocking suddenness to his friends and relatives. The deceased, who had been in poor health for years had been suffering from a heart attack for some days prior to his death and had been moved from the home of his sister, Mrs. W. J. Beaton, of Berkeley to Markdale hospital on December 21. His brother, William, had been visiting him in the hospital and left him about fifteen minutes before his death in apparently improving condition Nevertheless death came with the suddenness characteristic of such sickness.

Albert was the son of the late Mr and Mrs. Johnston Cullen, who predeceased him five and thirteen years ago respectively. Deceased spent his life farming at his home on the east back line, Artemesia. A man of quiet disposition, he earned the respect and love of his friends by his consistent cheerfulness and lack of complaint. He leaves to mourn his loss four brothers and four sisters, namely, James, William and Robert at home and Thomas of Toronto; Minnie of Toronto, Mrs. J. A. Walker, Chesley, Mrs. W. J. Beaton, Berkeley and Mrs. J. J. Little of Portlaw

The funeral was held on Friday and despite the unfavorable weather and treacherous condition of the roads the crowd that gathered at the home signified the high esteem in which the deceased was held by his many friends and neighbors. Rev. Scott of Flesherton officiated at the house and grave and in his message brought much comfort to the sorrowing family.

Pallbearers and flower bearers were: Messrs. Robert Fisher, T. J Fisher, Cecil Meldrum, James Pedlar, Albert Blackburn, George Blackburn, William Johnston and Frank Taylor.

Relatives and friends from a distance were: Mr. and Mrs. Thomas Cullen and Miss Minnie Cullen of Toronto, Mr. and Mrs. J. A. Walker, Chesley, and Mr. and Mrs. W. J. Beeton, Berkeley.

FEVERSHAM

Mr. Geo. Julian, a former resident of Feversham passed away at his home in Collingwood on Sunday morning last. After a service at the home the remains were brought by motor hearse to be laid beside his father and mother in the family plot in Bethel cemetery, one mile and a half west of here. Mr. Julian was a resident of Osprey for many years and was well known and highly respected. He is survived by his wife, two daughters, Mrs. R. J. Whiteoak here and Mrs. Chas Hornsby of Collingwood and two sisters, Mrs. F. Brown and Mrs. Alex. Seigon of Collingwood and one brother.

Mr. Chris Thomson received word on Monday morning that his brother-in-law, Mr. Andrew Douglas, of New Liskeard had passed away at his home in that town. The remains were brought here to Mr. Thomson's home and were laid to rest in the Presbyterian cemetery here on Wednesday. The Rev. Mr. Shannon, conducted the service at the church and grave.

HIS IDEA OF HAVING GOOD TIME

At a dance in the town hall on Wednesday evening a young man who apparently was the worse of liquor and also became annoyed by some incident of the dance, went berserk. After being checked as he threatened to follow another young man out of the hall and make trouble, a scuffle ensued in which he was thrown to the floor, striking his head with such force as to cause a profuse nose bleed. Constable Leitch was at hand and in attempting to stop the fray was much bespattered with gore, as was also the wild man's opponent. A few minutes later he rushed up street as far as Oltsher's butcher shop, where he put both fists through two panes of glass in the shop door, and in doing so was so severely cut in the wrist that it required sixteen stitches to close the wound. Besides losing much blood, he will probably be called upon to shed some coin as penalty for his rampage. — Paisley Advocate.

Good luck is the hard result of hard work intelligently applied.

May 1932 be a Prosperous Year for all our Readers

Rumors about marriage are said to annoy Premier Bennett. Of course a married man never has to worry about such things.

A metal disc, faced with rubber and attached inside the regular-wheel, is the basis for a new safety wheel invented for vehicles to prevent crashes in case of blow-outs.

and IT'S CANADA'S CHOICE in the LOW-PRICE FIELD!

When a new car "clicks" as Chevrolet is clicking—pulls thousands to Chevrolet showrooms for days on end—there's bound to be a reason! It's *value* that makes the new Chevrolet Six Canada's choice again in 1933!

Value in proved design: Chevrolet pioneered the low-priced six-cylinder engine five years ago; built a strong, rugged chassis and a durable Fisher body around it. *Today* Chevrolet gives you the biggest, roomiest cars in the low-price field, bar none! A famous six-cylinder engine—one with a background—now Cushion-Balanced in a new patented way! Even smarter Fisher bodies—with Air-Streamed styling, safety glass windshield and No-Draft Ventilation! Low running costs that people have been talking about for years—now whittled down amazingly! And a low first cost that finds its true appreciation when you size up the tag that says, "Delivered Price"!

Value in the latest advancements: Certainly, the new Chevrolet has them all. *Because it's Made to Order for Canadians—with new features selected by thousands of Canadians in a nation-wide survey conducted by Chevrolet and General Motors. Drive the new Chevrolet! Nothing else so quickly reveals how *natural* it is that Canada chooses the car that's Made to Order for Canadians.
