# Acoustics win first two playoff games

EXCITEMENT RUNS HIGH FOR GAME THREE ON SUNDAY IN BOWMANVILLE

Orono's Peewee Acoustics have started their playoff season by winning their first two games.

The first game against Hanc's was a closely matched exciting game that ended 3-2 for Orono.

Ryan Skillen opened the scoring in the first period, assisted by Stosh Fabricus. A few minutes later, Fabricus zoomed up the side boards with the puck. When the defense pounced on him, he slapped a pass to Derek Snow in front of the net. Snow took the shot, falling on the ice with the effort. The puck bounced off the goalie. Snow swung at it again and buried it behind the goalie. Bowmanville applied pressure and with nine

seconds left in the first period, scored on the Orono net.

In the second, goalie Andrew Gilbank was determined not to let another shot in, and he had to work hard, even saving what looked like a sure shot to the top left corner. Orono's offense was also trying hard to bury the puck in the Bowmanville end with a number of great shots, but there were no scores to be had by either team during the second.

The third started with the score still at 2-1 for Orono. But half way through, Bowmanville evened it up, 2-2. The action was fast for the last six minutes of play. Brian Knapp stole the puck in the Orono end and skillfully took

it up the ice, depositing it in the Bowmanville net. It was 3-2 with three minutes left. Gilbank made another great save when Bowmanville pulled their goalie. But the game ended with Orono victorious.

The second playoff game, played Saturday was just as invigorating for the team. They were pitted against their friends on the other Orono team--Problast. Problast opened the scoring in the first, but Derek Snow got it back in the second. Then Orono took the lead with a fancy goal by Stosh Fabricus that spun off the skate of Chad Moore. Problast evened up the score again. In the third with six minutes left and the score tied

Brian Knapp flicked the puck in the net. A few minutes later Chad Moore took the puck up after receiving a pass from Breanne Collier, and deposited it in the net. The score ended 4-2 for the Acoustics.

Next game is noon on Sunday in Bowmanville.

## Atoms clash in playoffs

In local hockey league playoff action, Orono's Wooden Carousel lost the first game in a heartbreaker to Newcastle #3 team. After battling back to tie the game at 2-2 on goals by Corey Peeters and Jonathan Austin, the Stars scored with only eleven seconds to go in the game for a 3-2 win. Robert Brosseau was in net for the game, with Robert Herr, Jacob Dolley and Tyler Rich each getting an assist on the goals.

In Game Two, Wooden Carousel was up against King Ritson Dental Clinic and was shut out in a 4-0 loss. While the team had plenty of scoring chances they were unable to put the puck over the red line.

Game three was a clash of the two Orono Atom teams, The Wooden Carousel and The Apple Blossom team. Benjamin Hinchey filled in between the pipes for the game and was superb in his first playoff start. Wooden Carousel built a 3-0 lead by the end of the first period on goals by Jacob Dolley and a pair by Matthew Howe. The Apple Blossom team got back into the game in the second period with two quick goals by Cody Lamers and Ryan Pratt. That was as close as they got as Carousel put the game out of reach with a pair of goals in the third period by Dolley and Jonathan Austin to make it 5-2. Assisting on the goals were Austin, Dolley, Tyler Rich, Tyler Balson, Brianna Robinson and Joshua Canfield. - by H.M.

## Clean, safe drinking water is up to you.

If you serve your community, you have a responsibility to serve your community clean drinking water.

Everyone has a stake in clean drinking water. Our families and friends; our clients and customers. Under Ontario's new *Drinking Water Systems Regulation*, owners of drinking water systems now must comply with strict water quality and operating standards.

If you own or operate a business or service facility of any kind that serves the public and relies on its own source of water, then you are affected by the regulation.

Mobile home parks, campgrounds, small hotels, gas stations and places of worship are some of the establishments subject to the regulation. So are children's camps, schools, hospitals and any social care facility. In short, any place where the general public has access to a drinking water system, such as a washroom, drinking water fountain or shower.

You are also subject to the new regulation if you own or operate a system that supplies drinking water for a seasonal or permanent community of six or more residences.

We all share the same water resource. Small drinking water systems now join municipalities, industries and the agricultural community in doing their part to protect the quality of Ontario's drinking water.

Find out what you need to do as a responsible provider of clean, safe drinking water.
