The Daily News,

THURSDAY EVENING, DEC. 17.

☞ SEE FIRST PAGE.

FARMERS' MARKET.

Kingston, Thursday, Dec. 17.

Since our last week's report the market prices of produce have been generally sustained. Wood and hay, however, are exceptions, in both of which there has taken place a slight decline in price. The attendance on market days has been of average dimensions, and there has been no visible deficiency in any department of market stuffs.

FLOUR—The market remains steady at $2,70 for good family, and a fair supply has appeared. Buckwheat not called for to any extent, sellers asking $2, which was obtained in some instances, while a large quantity realized only $1,75.

GRAIN—The market generally dull, and last week's prices have universally prevailed. Buyers appear by no means anxious to purchase, and the only activity shown during the week has been in oats occasioned by the demand of private purchasers.

MEAT—Beef—there has been a fair supply during the week, but the quality has been inferior to previous arrivals. The prices of last week ruled. Pork still comes in freely and heavy—hogs have realized 50 cents above last week's quotations; heavy buyers, however, declining paying that sum. Mutton—no change either in supply and demand, or in prices.

Fish—Salmon trout, pike, pickerel and herrings in abundance, the last selling at 25 cents per doz.

POULTRY AND GAME—A large amount of very inferior has found its way in to market, the really poor quality of which was rendered more apparent from the method of scalding off the feathers in lieu of plucking, practiced in dressing by many, a practice which farmers who wish to realize the highest prices for their poultry should carefully avoid. The difference in prices is apparent when we state that scalded geese were sold on Saturday for 25 cents, when plucked birds of no better quality realized 50 cents freely. Last week's prices apply generally without alteration. In game the supply has been of an average kind, large quantities of ruffed grouse, hares and wild ducks having been shipped to the United States during the past week. Monday terminated the time allowed for the sale of venison, on which day a consignment to New York of 26 deer closed the market.

DAIRY PRODUCE—Butter remains firm at old figures, and an article of really fine quality is eagerly sought for. Cheese from 10c to 11c, and little demand.

EGGS—Scarce, at 23 cents per doz.

TALLOW AND LARD—The market in the first may be quoted at 5c for rough, and from 8c to 9c for tried, and firm. No change in lard.

VEGETABLES — Potatoes at old quotations, and prime quality scarce. Roots—No change in price, with a steady demand.

FRUIT—Apples—No remarks.

HIDES AND SKINS—The usual steady supply. The former from $7 to $7,50, and the latter from $1 to $1,25.

HAY AND STRAW—A temporary decline of 50c in the first. Straw at old prices.

FUEL—A large supply of wood during the past week has had the tendency to somewhat reduce the present high prices. We quote now—$3,50 for first-class hard (tree from birch); $2,50 for round limbs, with soft maple, &c; and $1,75 to $2,00 for soft, according to quality. No change in coal.

The quieter patients of the Beauport Lunatic Asylum, Quebec, are driven out every day in parties at a time in large sleighs, and they seem to enjoy the rides very much.

Prince William of Hesse, son of the Elector, has commenced a process against his father, in order to obtain payment of the sum of ten thousand thalers, stipulated in his marriage contract.

The Savannah, Ga., papers report the arrival in that city of the Hon. Charles Lempriere, late Colonial Secretary of the Bahamas. Owing to the difference existing between a majority of the House of Assembly, the Governor, and the Legislative Council, the Colonial Secretary was suspended by an order from the Home Government. The Secretary is now on his way to England.

Mr Scovil, the St. John banker, under arrest for debt, applied to the Supreme Court for his discharge on the ground that he was a barrister, and therefore not liable to arrest. The Chief Justice dismissed the application. He stated that the law was made for the benefit of clients. No client had come forward to claim Mr Scovil as his Attorney. Mr Scovil had held himself out as a banker. Last year, Mr Scovil had only taken out his certificate on the 27th of May, when it could only be of use to him for a few days, and this year not until the 19th of November, at which time he had actually been arrested. It appeared that the certificate was only a shield to protect him from writs.

On the Pan Handle railroad last Thursday a drunken man in a passanger car refused to show his ticket or to pay his fare. The conductor pulled the bell cord, the train was stopped and the fellow put off. When this was accomplished the signal to proceed was given, but was not obeyed. On going to ascertain the cause the Conductor found on the track in front of the engine an immense rock, weighing several tons, which had slid down a hillside and obstructed the road. But for the stoppage in order to put off the drunken man the locomotive would have dashed against it at nearly full speed, and dreadful results must have ensued. So that the drunkard was unconsciously the means of saving both life and property.—*Rochester Chronicle.*

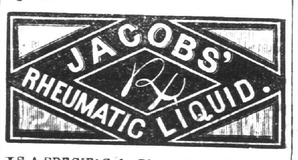
SUGAR-COATED

ARE a safe and reliable remedy in all diseases of the *Stomach, Liver* and *Bowels*. They are not *Quack* Medicines puffed up by high sounding testimonials from imaginary people, but are the result of forty years experience of a first-class physician, and their extraordinary success is due to the fact that they answer exactly their name. The formula from which they are prepared, is based on sound, scientific principles, and has received the unqualified approbation of the *medical profession*. They do not profess to be a cure-all, but for all diseases arising from any derangement of the *Stomach, Liver* and *Bowels*, they furnish an effectual remedy. We have in our possession, over one hundred testimonials from physicians who have used them in their practice and highly approve of them, among which are the following:

J. H. GIBSON, M. D., Dunham, C. E.
C. E. COTTON, M. D., Cowansville.
CHARLES BROWN, M.D., Cowansville.
S. S. FOSTER, M. D. Broome.
J. C. BUTLER, M. D., Waterloo.
JOHN ERSKINE, M.D., Waterloo.
NORMAN CLEVELAND, M. D., Barnston.
N. JENKS, M. D. Barnston.
C. W. COWLES, M. D. Stanstead.
JOHN MEIGS, M. D., Stanstead.
JOSEPH BREADON, M. D., Surgeon, R N.
BENJAMIN DAMON, M.D., Coaticook.
LEMEUL RICHMOND, M.D., Derby Line.
WINSLOW LEWIS, M.D., Boston.
R. D. MUSSY, M. D., Boston.
F. J. AUSTIN, M.D., Sherbrooke.
E. D. WORTHINGTON, M. D., Sherbrooke.
Henry Simpson & Co., Montreal, Wholesale Agents.



IS A SPECIFIC for Rheumatism or Lameness of any kind, Swelling of the Joints, Sore Throat, Cold in the Head and Diphtheria, Burns or Frost Bites, Scratches on horses, &c.' &c.,

JACOBS' RHEUMATIC LIQUID.

Is an internal as well as an external remedy, and is the only one that *always* gives entire satisfaction, and all who once use it will never consent to change it for any other.

We have not space to enumerate the virtues accorded to it by thousands who have used it, and voluntarily testify to its merits. Buy a bottle and satisfy yourself that it is the best remedy ever offered.

Henry Simpson & Co., Montreal, Wholesale Agents.

THE BEST Tonic Hair Dressing ever discovered. It effectually cleanses the scalp, prevents the Hair from falling off or turning prematurely gray, and when the follicles and glands are not destroyed, will produce a new and luxuriant growth of hair where it has already disappeared.

It is the cheapest as well as the best, being only 25 cents for a large bottle. Buy it, try it, you'll like it and recommend it to your friends.

Henry Simpson & Co., Montreal, Wholesale Agents.

Sole Proprietors—TIDMAN & SON, Chemists, 16 Wormwood Street, London, E.C.

CHOLERA, DIARRHŒA, &c.

EARL RUSSELL sent to the College of Physicians a communication received by him from Manilla (where cholera had been raging fearfully) to the effect that, of all remedies tried, Chlorodyne was the most effective.

"The day seems as yet, unhappily, far distant when public opinion or State interference will prevent the advertisement or sale of any secret medicine whatsoever. It is to be hoped that the profession will continue to brand as unworthy the conduct of those of its members who by testimonial or otherwise aid the disposal of such things."—*Lancet.*

TOWLE'S CHLORODYNE.

The Original Preparation of known Composition.

From Dr C. Kidd, Author of Standard Works on Chloroform.

Sackville-street, Piccadilly, London.

Sir,—I think if you would advertise your Chlorodyne more than you do, you would help to beat the others, which are secret compounds, out of the market. Many medical men think with me, and recommend your compound, but will never prescribe a secret remedy.

CHARLES KIDD, M.D.

To Mr Towle, Chemist, Manchester.

A Surgeon from New York writes:—"I only requires to be known to be appreciated. I have no hesitatien in characterising it (viz., Towle's Chlorodyne) as the most useful medicine that has appeared during the present century. In diarrhœa, colic, ague, spasms, I have found it to relieve more pain and cause more joy than any other article that can be named."

NOTE.—The Profession is warned against inferior, secret, and cheap compounds now in the market. Each genuine bottle bears a facsimile of Proprietor's signature on the stamp outside.

LIQ. CHLOROFORMI Co. OR CHLORODYNE WITHOUT PEPPERMINT.

Sole Manufacturer:—A. P. Towle, Chemist, Manchester.

Messrs Burgoyne, Burbidges, and Squire receive Indents for Yardley & Co.'s preparations.

Manufactory, 7 Vine Street, Bloomsbury, London, and Depot, 5 Rue du Grand Chantier, Paris. Established 1770.

THE ORIGINAL CHLORODYNE, invented by R. Freeman, Pharmaceutist, is allowed to be one of the greatest discoveries of the present century. It is largely employed by the most eminent Physicians and Surgeons in hospital and private practice in all parts of the world. It has effects peculiar to itself, and which are essentially different to those produced by the various compounds bearing the name of Chlorodyne, but have no pretence to possessing its virtues. It rapidly relieves pain, from whatever cause, allays the irritation of fever, soothes the system under exhausting diseases, and gives sleep without producing any one of the unpleasant feelings so commonly arising from the use of opiates. It continues to hold its unshaken position in the estimation of the Profession as the best, most reliable, and cheapest preparation. Eminent and scientific Physicians made affidavits that they have tested its effects in careful comparison with those of "DR. COLLIS BROWNE'S CHLORODYNE," and deposed to the facts that they found it a more certain and reliable preparation, and greatly preferred "FREEMANS."

Earl Russell communicated to the Royal College of Physicians and to Mr Freeman, that in Manilla the only remedy of any use in Cholera was Chlorodine.

The Medical Times and Gazette, January 13th, 1866, states, "It has an immense sale amongst the public, and is prescribed by scores of Orthodox Medical Practitioners, and, of course, it would not be thus singularly popular did it not supply a want and fill a place."

Manufactured by the Inventor, Richard Freeman, 70, Kennington Park Road, London, S.

The genuine has engraved on the Government Stamp (outside each Bottle), "FREEMAN'S ORIGINAL CHLORODYNE."

CONDY'S PATENT FLUID or natural disinfectant purifies, deodorises, and disinfects, by the agency of nascent or ozonic oxygen,—its active principle. Being entirely innoxious, this truly scientific preparation is peculiarly adapted for the following useful purposes, for which all other disinfectants, on account of their poisonous or other objectionable qualities, are unavailable and useless:—

Detecting organic impurities in air and water.

Purifying drinking and other water from organic matter, lead, &c.

Freshening the air of close places, and removing bad smells.

Freeing meat, fish, butter, or other provisions from taint.

Counteracting the effects of organic poisons taken into the stomach.

Curing Musty provender. Freeing wheat and other seed from smut.

Maintaining the health of plants in pots and conservatories.

Preserving and restoring the freshness of cut flowers kept in water.

Destroying the blight of the potatoe, vine, hop, mulberry tree, &c.

Washing dogs and other domestic animals.

Cleansing bottles, beer barrels, pickling tubs, dairy utensils.

Washing the hair and darkening its colour when turning grey.

Enhancing the purifying and invigorating effects of baths and tubs.

Dressing poisoned wounds and destroying animal virus

Treating the infectious diseases of cattle, horses, dogs, &c.

One gallon makes 200 to 300 gallons adapted for use.

N.B.—Condy's Fluid is the Standard Scientific Test for Organic Matter in Water, and affords the only known means of rapidly and completely freeing Drinking Water from Organic Taint, which is so common a cause of serious disease.

To rapidly purify the air, use the diluted fluid with "Condy's Ozoniser" or other Spray-producer.

CONDY'S PATENT OZONISED WATER,
(FOR TOILET PURPOSES,)

Removes from the mouth impure and foreign tastes and odours, whether arising from tobacco or other causes, and counteracts the irritation and morbid secretions of carious teeth. It purifies and softens the skin, and, used in the bath, tends to promote a healthy state of the whole body.

H. BOLLMAN CONDY,
Patentee, Battersea, London.

JUDSON'S SIMPLE DYES FOR THE PEOPLE. Any one can use them; anything can be dyed with them. It is impossible in this small space to enumerate the many uses to which these wonderful and beautiful chemical preparations can be applied; while their chief use is for dyeing textile fabrics, they are also invaluable as a colouring agent for almost every known material, the ease with which they can be used and the brilliancy of the result being, indeed, almost magical. By their use almost any article of clothing can be dyed in a few minutes for a few pence without soiling the hands.

MEMORANDA.

MAGENTA: The strength and beauty of this dye is almost incredible. A Sixpenny bottle will dye 20 yards of Bonnet Ribbon in 10 minutes; it will also produce a clear Rose Pink by using less dye. Suitable also for Woollen Goods, Feathers, Silks, &c.

WOOLLENS: Magenta, Mauve, Violet, Purple, Orange, Pink, and Crimson produce the most satisfactory results. Use a large quantity of boiling water in an earthen pan. RIBBONS and SILKS: Brush them with soap and water to avoid creases, and to render them clean. Dye in boiling water.

FEATHERS: Dye in hot water (a few drops of the dye is sufficient for one feather).

COTTON: Mauve, Violet and Purple are recommended.

LEATHER: Blue, Magenta, Violet and Orange. Dye in warm water.

WHITEWASH: To color: *Magenta*, for Pink or Rose; add half a bottle to a pail of water, then stir in the Whitening as usual. Mauve, Violet, Purple, Blue and crimson produce pretty tints by using one bottle or more, as directed above.

STARCH: Stir in a few drops of Colour—Magenta, Mauve, Violet, Blue or Pink; these impart delicate tints to Lace, Linen, &c.

WILLOW SHAVINGS, Wicker, Ivory, Bone, Hair, Fibres, Seaweed, &c., attract the dye quickly, if applied in boiling water.

BLUE: For laundry purposes is A 1.

BOOK EDGES: A Sixpenny bottle of Magenta, Violet, Crimson or Blue will make from a pint to a quart of beautiful colouring, according to shade required. Apply with a brush.

PAPER and WOOD STAIN: Ditto.

OAK STAIN: A bottle of No. 2 Black to half a-pint of hot water.

SATINWOOD STAIN: A Sixpenny bottle Canary dissolved in a pint of boiling water

PHOTOGRAPHS may be tinted; dilute the dye with water; a bottle of Magenta to a pint of water, &c.

ILLUMINATING: Magenta, Violet, Blue, Orange; pour a few drops into an egg cup add warm water; use with a brush or pen Borders of books, similar to Ward and Lock's Arabian Nights, &c., may be prettily illuminated in this manner.

BLANCMANGE, JELLY, CORN FLOUR, ICE CREAMS, &c: While in a liquid state add one or two drops of Magenta. A more simple or elegant tinting cannot be had.

CONFECTIONERS will find Magenta, Violet Orange and Pink useful colours.

GELATINES and GLUES are successfully coloured with these dyes.

INK: A Sixpenny bottle of Magenta to a pint or more of cold water.

WATER: One drop of dye will tint a quart.

PRINTING on Cotton, Silk or Wool in the ordinary way.

BLENDING some of the dyes in the bath will produce an infinity of shade, according to taste.

LEA AND PERRINS' Worcestershire Sauce. This delicious Condiment, pronounced by Connoisseurs "The only good sauce," is prepared solely by Lea and Perrins. The Public are respectfully cautioned against worthless imitations, and should see that Lea and Perrins' Names are on Wrapper, Label, Bottle, and Stopper. Ask for Lea and Perrins' Sauce.

Sold Wholesale and for Export, by the Proprietors, Worcester; Messrs. Crosse and Blackwell; Messrs. Barclay and Sons, London; &c.&c.; and by Grocers and Oilmen universally

FARM FOR SALE.

THE North half of Lot No. 4, in the 4th concession of the Township of Kingston, containing One Hundred Acres (part of which is under tillage), with a Frame Dwelling House thereon. The farm is only seven miles from the city, and is close to the Portland macadamized road. Inquire at the Daily News office, Kingston.

BRITISH PERIODICALS.

THE LONDON QUARTERLY (Conservative
THE EDINBURGH REVIEW (Whig).
THE WESTMINSTER REVIEW (Radical).
THE NORTH BRITISH REVIEW (Free ch'h)
AND
BLACKWOOD'S EDINBURGH MAGAZINE (Tory.)

THESE foreign periodicals are regularly republished by us in the same style as heretofore. Those who know them and who have long subscribed to them, need no reminder; those whom the civil war of the last few years had deprived of their once welcome supply of the best periodical literature, will be glad to have them again within their reach; and those who may never yet have met with them, will assuredly be well pleased to receive accredited reports of the progress of European science and literature.

TERMS FOR 1868.

For any one of the four Reviews	$4.00
For any two of the four Reviews	7.00
For any three of the four Reviews	10.00
For all four of the Reviews	12.00
For Blackwood's Magazine	4.00
For Blackwood and one Review	7.00
For Blackwood and two Reviews	10.00
For Blackwood and three Reviews	13.00
For Blackwood and four Reviews	15.00

POSTAGE.

When sent by mail, the Postage to any part of the United States will be but Twenty-four Cents a year for "Blackwood," and but Eight Cents a year for each of the Reviews.

Subscribers may obtain back numbers at the following reduced rates, viz:

The *North British* from January, 1863, to December, 1866, inclusive; the *Edinburgh* and the *Westminster* from April, 1864, to December, 1866, inclusive, and the *London Quarterly* for 1865 and 1866, at the rate of $1.50 a year for each or any Review; also Blackwood for 1866, for $2.50.

THE LEONARD SCOTT Publishing Co.,
38 Walker-street, N.Y.

The L. S. Pub. Co. also publish

The Farmer's Guide

By Henry Stephens of Edinburgh and the late J. P. Norton, of Yale College. 2 vols. Royal Octavo, 1600 pages and numerous Engravings.

PRICE—$7, for the two volumes. By the post paid, $8.

DR. DE JONGH'S LIGHT-BROWN COD LIVER OIL.

DR. DE JONGH'S Oil is convincingly proved by an overwhelming weight of medical testimony, and by the practical test of successful experience for twenty years in all parts of the world, to be, beyond all question, the purest, the most efficacious, the most palatable, and, from its rapid curative effects, the most economical of all kinds.

Hence the universal celebrity of Dr. de Jongh's Oil, and the unparalleled demand for this unrivalled preparation.

SELECT MEDICAL OPINIONS.

SIR HENRY MARSH, BART., M.D.,
Physician in Ordinary to the Queen in Ireland.

"I have frequently prescribed Dr. de Jongh's Light-Brown Cod Liver Oil. I consider it to be a very pure oil, not likely to create disgust, and a therapeutic agent of great value."

DR. EDWARD SMITH, F.R.S.,
Medical Officer to the Poor Law Board of Great Britain.

"We think it a great advantage that there is one kind of Cod Liver Oil which is universally admitted to be genuine—the Light-Brown Oil supplied by Dr. de Jongh. It has long been our practice, when prescribing the oil, to recommend this kind, since, amidst a much variety and uncertainty, we have confidence in its genuineness."—(Extract from "Consumption: its Early and Remediable Stages.")

DR. LANKESTER, F.R.S.,
Coroner for Central Middlesex.

"I consider that the purity of this oil is secured in its preparation, by the personal attention of so good a chemist and intelligent a physician as Dr. de Jongh, who has also written the best medical treatise on the oil with which I am acquainted. Hence, I deem the Cod Liver Oil sold under his guarantee to be preferable to any other kind as regards genuineness and medical efficacy."

DR. LETHEBY,
Medical Officer of Health, and Chief Analyst to the City of London.

"In all cases I have found Dr. de Jongh's Light-Brown Cod Liver Oil possessing the same set of properties, among which the presence of cholaic compounds, and of iodine in a state of organic combination, are the most remarkable. It is, I believe, universally acknowledged that this oil has great therapeutic power; and from my investigations, I have no doubt of its being a pure and unadulterated article."

DR. BARLOW, F.R.S.,
Senior Physician to Guy's Hospital.

"I have frequently recommended persons consulting me to make use of Dr. de Jongh's Cod Liver Oil. I have been well satisfied with its effects, and believe it to be a very pure oil, well fitted for those cases in which the use of that substance is indicated."

DR. GRANVILLE, F.R.S.,
Author of the "Spas of Germany."

"Dr. Granville has found that Dr. de Jongh's Light-Brown Cod Liver Oil produces the desired effect in a shorter time than other kinds, and that it does not cause the nausea and indigestion too often consequent on the administration of the pale oil."

EDWIN CANTON, ESQ., F.R.C.S.,
Surgeon to Charing-cross Hospital.

"For several years past I have been in the habit of prescribing Dr. de Jongh's Light-Brown Cod Liver Oil, and find it to be much more efficacious than other varieties of the same medicine which I have also employed with a view to test their relative superiority."

PROGRAMMES AND POSTERS Steamboat and Excursion Bills and Tickets, executed expeditiously at the DAILY NEWS STEAM PRINTING HOUSE Princess Street.

TO A YOUNG MERCHANT—When you pay more for the rent of your business house than for advertising your business, you are pursuing a false policy. If you can do business, let it be known."—FRANKLIN.

HENRY GRAVEL, Parliamentary and Patent Agent, Ottawa.

MUNICIPAL GOVERNMENT IN FRANCE.

A question of considerable interest, referring to the latest re-arrangement of the municipal bodies to discuss the Government on political grounds. In France, involving the political interests of the Government, and completely neutralizing the elections during the last re-arrangement of the large towns, by so classing districts that the Government, in many instances, be sure of the votes of the majority of the municipalities of the Government. Amongst other cities of the Gironde, under this redistribution, the important city of Bordeaux, with its dependent of the Gironde, is cut into two parts—for the inhabitants felt aggrieved at the municipal rights of the municipality of the year resolution of a re-arrangement to secure a fair representation. The Prefect interfered, prohibited the discussion beyond the functions of the latter, however, with this prohibition for a week it has decided in Council of State. There the process, however, until it loses its strength in the [illegible]
