NEW STYLES OF TYPE HAVE been added to the DAILY NEWS JOB PRINTING OFFICE. Our two Steam Presses and Automatic Platen Printing Machinery enable us to turn out work in good style, with quick despatch, and at cheap Inquiry is solicited.

THE CIRCULATION of the DAILY NEWS is fully one-half larger than that of any other daily journal published in Kingston. The circulation of the old established weekly CHRONICLE AND NEWS is also greater than any other weekly published in the county. Advertisers will perceive that these journals are the best media for attracting public attention in this locality.

SEND IT TO YOUR FRIENDS.—The CHRONICLE AND NEWS is published every Friday morning, and contains all the news of the week. For Fifty Cents, paid in advance, you may send it to your friends for three months at the reduced rates of postage. For One Dollar it may be sent six months. Single copies, price Five Cents, may be had at the *Daily News* office, Princess Street.

TRANSIENT ADVERTISEMENTS.—The large circulation of the DAILY NEWS renders it the natural medium for the publication of all small and transient advertisements, as well as larger announcements. Advertisements of religious notices and Sabbath services; situations wanted; situations vacant; houses for sale; houses to rent; houses wanted; board and lodging; rooms wanted; board wanted; articles lost; articles found; cattle wanted; cattle for sale; cattle strayed, &c., when set close, inserted for 25 cents each insertion, payable only in advance. When displayed, a proportionate price will be charged.

DR. COLBY'S ANTI-COSTIVE & TONIC PILLS.

SUGAR-COATED

ARE a safe and reliable remedy in all diseases of the *Stomach, Liver* and *Bowels*. They are not *Quack* Medicines puffed up by high sounding testimonials from imaginary people, but are the result of forty years experience of a first-class physician, and their extraordinary success is due to the fact that they answer exactly their name. The formula from which they are prepared, is based on sound, scientific principles, and has received the unqualified approbation of the *medical profession*. They do not profess to be a cure-all, but for all diseases arising from any derangement of the *Stomach, Liver* and *Bowels*, they furnish an effectual remedy. We have in our possession, over one hundred testimonials from physicians who have used them in their practice and highly approve of them, among which are the following:

J. H. GIBSON, M. D., Dunham, C. E.
C. E. COTTON, M. D., Cowansville.
CHARLES BROWN, M.D., Cowansville.
S. S. FOSTER, M. D. Broome.

JACOBS' RHEUMATIC LIQUID.

IS A SPECIFIC for Rheumatism or Lameness of any kind, Swelling of the Joints, Sore Throat, Cold in the Head and Diphtheria, Burns or Frost Bites, Scratches on horses, &c.' &c.,

JACOBS' RHEUMATIC LIQUID.

Is an internal as well as an external remedy, and is the only one that *always* gives entire satisfaction, and all who once use it will never consent to change it for any other.

We have not space to enumerate the virtues accorded to it by thousands who have used it, and voluntarily testify to its merits. Buy a bottle and satisfy yourself that it is the best remedy ever offered.

Henry Simpson & Co., Montreal, Wholesale Agents.

HUNT'S EMPIRE HAIR GLOSS.

THE BEST Tonic Hair Dressing ever discovered. It effectually cleanses the scalp, prevents the Hair from falling off or turning prematurely gray, and when the follicles and glands are not destroyed, will produce a new and luxuriant growth of hair where it has already disappeared.

It is the cheapest as well as the best, being only 25 cents for a large bottle. Buy it, try it, you'll like it and recommend it to your friends.

DR. VICTOR BAUD'S ORGANIC MEDICINE.

DR V. BAUD, Graduate and Member of the Medical College of Paris, Chief Physician Extraordinary for Epidemics in Paris, late M.D. of the Civil Hospitals of Algiers, has just introduced in England his ORGANIC MEDICINES.

They consist of three preparations—

THE BAUDEINE,

An efficient and prompt Remedy for Cholera, Yellow Fever, Diarrhœa, Dysentery, and the excessive action of the Bowels. A gold medal was awarded by the French Government to Dr V. Baud for this valuable preparation.

Price: Small, 1s 1½d; Medium, 4s 5d; Large Size, 11s per Bottle.

THE DIASTATIZED IRON,

For strengthening the System.—Price 2s 9d per Bottle.

THE DIASTATIZED IODINE,

For purifying the Blood.—Price 2s 9d per Bottle.

*** The above Preparations are in the form of Sweetmeats, pleasant to the taste, and particularly adapted for Infants and Mothers nursing.

By the combination of the Iron or Iodine with Cress Seeds in a state of germination, they are united with organic life, which thus renders them digestible. The irritative and stubborn mineral has thus become the nucleus of an organic substance capable of being absorbed by the blood without injury to the stomach.

CHOLERA, DIARRHŒA, &c.

EARL RUSSELL sent to the College of Physicians a communication received by him from Manilla (where cholera had been graing fearfully) to the effect that, of all remedies tried, Chlorodyne was the most effective.

"The day seems as yet, unhappily, far distant when public opinion or State interference will prevent the advertisement or sale of any secret medicine whatsoever. It is to be hoped that the profession will continue to brand as unworthy the conduct of those of its members who by testimonial or otherwise aid the disposal of such things."—*Lancet.*

TOWLE'S CHLORODYNE.
The Original Preparation of known Composition.
From Dr C. Kidd, Author of Standard Works on Chloroform.
Sackville-street, Piccadilly, London.
SIR,—I think if you would advertise your Chlorodyne more than you do, you would help to beat the others, which are secret compounds, out of the market. Many medical men think with me, and recommend your compound, but will never prescribe a secret remedy. CHARLES KIDD, M.D.
To Mr Towle, Chemist, Manchester.
A Surgeon from New York writes:—"I only requires to be known to be appreciated. I have no hesitation in characterising it (viz., Towle's Chlorodyne) as the most useful medicine that has appeared during the present century. In diarrhœa, colic, ague, spasms, I have found it to relieve more pain and cause more joy than any other article that can be named."
NOTE.—The Profession is warned against inferior, secret, and cheap compounds now in the market. Each genuine bottle bears a facsimile of Proprietor's signature on the stamp outside.

Manufactory, 7 Vine Street, Bloomsbury, London, and Depot, 5 Rue du Grand Chantier, Paris. Established 1770.

THE ORIGINAL CHLORODYNE, invented by R. Freeman, Pharmaceutist, is allowed to be one of the greatest discoveries of the present century. It is largely employed by the most eminent Physicians and Surgeons in hospital and private practice in all parts of the world. It has effects peculiar to itself, and which are essentially different to those produced by the various compounds bearing the name of Chlorodyne, but have no pretence to possessing its virtues. It rapidly relieves pain, from whatever cause, allays the irritation of fever, soothes the system under exhausting diseases, and gives sleep without producing any one of the unpleasant feelings so commonly arising from the use of opiates. It continues to hold its unshaken position in the estimation of the Profession as the best, most reliable, and cheapest preparation. Eminent and scientific Physicians made affidavits that they have tested its effects in careful comparison with those of "DR. COLLIS BROWNE'S CHLORODYNE," and deposed to the facts that they found it a more certain and reliable preparation, and greatly preferred "FREEMANS."
Earl Russell communicated to the Royal College of Physicians and to Mr Freeman, that in Manilla the only remedy of any use in Cholera was Chlorodine.
The Medical Times and Gazette, January 13th, 1866, states, "It has an immense sale amongst the public, and is prescribed by scores of Orthodox Medical Practitioners, and, of course, it would not be thus singularly popular did it not supply a want and fill a place."
Manufactured by the Inventor, Richard Freeman, 70, Kennington Park Road, London, S.
The genuine has engraved on the Government Stamp (outside each Bottle), "FREEMAN'S ORIGINAL CHLORODYNE."

CONDY'S PATENT FLUID or natural disinfectant purifies, deodorises, and disinfects, by the agency of nascent or ozonic oxygen,—its active principle. Being entirely innoxious, this truly scientific preparation is peculiarly adapted for the following useful purposes, for which all other disinfectants, on account of their poisonous or other objectionable qualities, are unavailable and useless:—
Detecting organic impurities in air and water.
Purifying drinking and other water from organic matter, lead, &c.
Freshening the air of close places, and removing bad smells.
Freeing meat, fish, butter, or other provisions from taint.
Counteracting the effects of organic poisons taken into the stomach.
Curing Musty provender. Freeing wheat and other seed from smut.
Maintaining the health of plants in pots and conservatories.
Preserving and restoring the freshness of cut flowers kept in water.
Destroying the blight of the potatoe, vine, hop, mulberry tree, &c.
Washing dogs and other domestic animals.
Cleansing bottles, beer barrels, pickling tubs, dairy utensils.
Washing the hair and darkening its colour when turning grey.
Enhancing the purifying and invigorating effects of baths and tubs.
Dressing poisoned wounds and destroying animal virus
Treating the infectious diseases of cattle, horses, dogs, &c.
One gallon makes 200 to 300 gallons adapted for use.
N.B.—Condy's Fluid is the Standard Scientific Test for Organic Matter in Water, and affords the only known means of rapidly and completely freeing Drinking Water from Organic Taint, which is so common a cause of serious disease.
To rapidly purify the air, use the diluted fluid with "Condy's Ozoniser" or other Spray-producer.
CONDY'S PATENT OZONISED WATER,
(FOR TOILET PURPOSES,)
Removes from the mouth impure and foreign tastes and odours, whether arising from tobacco or other causes, and counteracts the irritation and morbid secretions of carious teeth. It purifies and softens the skin, and, used in the bath, tends to promote a healthy state of the whole body.
H. BOLLMAN CONDY,
Patentee, Battersea, London.

JUDSON'S SIMPLE DYES FOR THE PEOPLE. Any one can use them; anything can be dyed with them. It is impossible in this small space to enumerate the many uses to which these wonderful and beautiful chemical preparations can be applied; while their chief use is for dyeing textile fabrics, they are also invaluable as a colouring agent for almost every known material, the ease with which they can be used and the brilliancy of the result being, indeed, almost magical. By their use almost any article of clothing can be dyed in a few minutes for a few pence without soiling the hands.
MEMORANDA.
MAGENTA: The strength and beauty of this dye is almost incredible. A Sixpenny bottle will dye 20 yards of Bonnet Ribbon in 10 minutes; it will also produce a clear Rose Pink by using less dye. Suitable also for Woollen Goods, Feathers, Silks, &c.
WOOLLENS: Magenta, Mauve, Violet, Purple, Orange, Pink, and Crimson produce the most satisfactory results. Use a large quantity of boiling water in an earthen pan. RIBBONS and SILKS: Brush them with soap and water to avoid creases, and to render them clean. Dye in boiling water.
FEATHERS: Dye in hot water (a few drops of the dye is sufficient for one feather).
COTTON: Mauve, Violet and Purple are recommended.
LEATHER: Blue, Magenta, Violet and Orange. Dye in warm water.
WHITEWASH: To color: *Magenta*, for Pink or Rose; add half a bottle to a pail of water, then stir in the Whitening as usual. Mauve, Violet, Purple, Blue and crimson produce pretty tints by using one bottle or more, as directed above.
STARCH: Stir in a few drops of Colour—Magenta, Mauve, Violet, Blue or Pink; these impart delicate tints to Lace, Linen, &c.
WILLOW SHAVINGS, Wicker, Ivory, Bone, Hair, Fibres, Seaweed, &c., attract the dye quickly, if applied in boiling water.
BLUE: For laundry purposes is A 1.
BOOK EDGES: A Sixpenny bottle of Magenta, Violet, Crimson or Blue will make from a pint to a quart of beautiful colouring, according to shade required. Apply with a brush.
PAPER and WOOD STAIN: Ditto.
OAK STAIN: A bottle of No. 2 Black to half a-pint of hot water.
SATINWOOD STAIN: A Sixpenny bottle Canary dissolved in a pint of boiling water
PHOTOGRAPHS may be tinted; dilute the dye with water; a bottle of Magenta to a pint of water. &c.
ILLUMINATING: Magenta, Violet, Blue, Orange; pour a few drops into an egg cup add warm water; use with a brush or pen Borders of books, similar to Ward and Lock's Arabian Nights, &c., may be prettily illuminated in this manner.
BLANCMANGE, JELLY, CORN FLOUR, ICE CREAMS, &c: While in a liquid state add one or two drops of Magenta. A more simple or elegant tinting cannot be had.
CONFECTIONERS will find Magenta, Violet Orange and Pink useful colours.
GELATINES and GLUES are successfully coloured with these dyes.
INK: A Sixpenny bottle of Magenta to a pint or more of cold water.
WATER: One drop of dye will tint a quart.
PRINTING on Cotton, Silk or Wool in the ordinary way.
BLENDING some of the dyes in the bath will produce an infinity of shade, according to taste.

LEA AND PERRINS' Worcestershire Sauce. This delicious Condiment, pronounced by connoisseurs "The only good sauce," is prepared solely by Lea and Perrins. DR. DE JONGH'S LIGHT-BROWN COD LIVER OIL.

DR. DE JONGH'S Oil is convincingly proved by an overwhelming weight of medical testimony, and by the practical test of successful experience for twenty years in all parts of the world, to be, beyond all question, the purest, the most efficacious, the most palatable, and, from its rapid curative effects, the most economical of all kinds.
Hence the universal celebrity of Dr. de Jongh's Oil, and the unparalleled demand for this unrivalled preparation.

SELECT MEDICAL OPINIONS.

SIR HENRY MARSH, BART., M.D.,
Physician in Ordinary to the Queen in Ireland.
"I have frequently prescribed Dr. de Jongh's Light-Brown Cod Liver Oil. I consider it to be a very pure oil, not likely to create disgust, and a therapeutic agent of great value."

DR. EDWARD SMITH, F.R.S.,
Medical Officer to the Poor Law Board of Great Britain.
"We think it a great advantage that there is one kind of Cod Liver Oil which is universally admitted to be genuine—the Light-Brown Oil supplied by Dr. de Jongh. It has long been our practice, when prescribing the oil, to recommend this kind, since, amidst a much variety and uncertainty, we have confidence in its genuineness."—(Extract from "Consumption: its Early and Remediable Stages.")

DR. LANKESTER, F.R.S.,
Coroner for Central Middlesex.
"I consider that the purity of this oil is secured in its preparation, by the personal attention of so good a chemist and intelligent a physician as Dr. de Jongh, who has also written the best medical treatise on the oil with which I am acquainted. Hence, I deem the Cod Liver Oil sold under his guarantee to be preferable to any other kind as regards genuineness and medical efficacy."

DR. LETHEBY,
Medical Officer of Health, and Chief Analyst to the City of London.
"In all cases I have found Dr. de Jongh's Light-Brown Cod Liver Oil possessing the same set of properties, among which the presence of cholaic compounds, and of iodine in a state of organic combination, are the most remarkable. It is, I believe, universally acknowledged that this oil has great therapeutic power; and from my investigations, I have no doubt of its being a pure and unadulterated article."

DR. BARLOW, F.R.S.,
Senior Physician to Guy's Hospital.
"I have frequently recommended persons consulting me to make use of Dr. de Jongh's Cod Liver Oil. I have been well satisfied with its effects, and believe it to be a very pure oil, well fitted for those cases in which the use of that substance is indicated."

DR. GRANVILLE, F.R.S.,
Author of the "Spas of Germany."
"Dr. Granville has found that Dr. de Jongh's Light-Brown Cod Liver Oil produces the desired effect in a shorter time than other kinds, and that it does not cause the nausea and indigestion too often consequent on the administration of the pale oil."

EDWIN CANTON, ESQ., F.R.C.S.,
Surgeon to Charing-cross Hospital.
"For several years past I have been in the habit of prescribing Dr. de Jongh's Light-Brown Cod Liver Oil, and find it to be much more efficacious than other varieties of the same medicine which I have also employed with a view to test their relative superiority."
