OWL CRASHES THROUGH WINDOW OF C. N. TRAIN

Engineer Bowles, in charge of the C. N. R. passenger train which arrivtd in Owen Sound from Stratford on Saturday night, was the victim of a most unusual accident. He was driving his train along at a speed of about 45 miles an hour a short distance south of Park Head when suddenly there was a crash in the cab of his window and a large owl came hurtling through. The bird came in with terrific force and nearly threw Engineer Bowles off his seat. It put up quite a scrap before it was captured and Mr. Bowles was badly scratched about the face and hands. On arrival in Owen Sound a physician examined the Engineer, but his injuries were not of a serious nature. The owl was killed and will be stuffed. It is thought that the owl misjudged the height at which it was flying and just accidentally hit the cab window. — Owen Sound Sun-Times.

FEVERSHAM

Milton Nicholls Had Narrow Escape From Death

What might have resulted in a very serious accident occurred in the farmers' mill here one day last week While the assistant miller, Mr. Milton Nicholl, was oiling the bearing on the main shaft in the basement of the mill his clothes became wound around the shaft. Luckily he caught a spout and was able to keep himself from being whirled around the rapidly revolving shaft, driven by a forty-five horsepower turbine water wheel. Mr. Springgay, the miller, who was in the top flat at the time, noticed the speed slowing, and, after quick thinking, rushed down and shut the water off, no doubt thereby saving Mr. Nicholl's life, as he was weakening rapidly and could not have kept his hold on the spout another minute. If he had lost his hold the revolving shaft would have dashed him on the cement floor of the basement. Although badly shocked and bruised he is able to move around, but is unable to work.

Mr. Jas. Davidson has moved to his farm on the Twelfth Line.

Mr. and Mrs. H. W. Kernahan have returned to their home here, after spending the winter in Toronto.

EUGENIA

A Missionary meeting was held in the United church here on Friday afternoon, April 28. The meeting commenced at 3 o'clock, with Mrs. Alex. Cameron in the chair and was opened by the singing of hymn "O'er those gloomy hills of darkness." Miss Georgina Smith read a scripture reading from Isaiah 52 (1-10.) This was followed by prayer by Mrs. W. H. Thurston of Flesherton. An address by Mrs. (Rev.) Scott of Flesherton was attentively listened to. She stated that these times of depression must be lifted through divine power. Times will change when the spirit of God enters into the hearts of men. A musical selection by Mrs. (Rev.) McNeill, Mrs. Chas. Brodie and Miss Ella Morrison of Maxwell, "That will be glory for me" was very much appreciated. Next came the enthusiastic address of Mrs. E. C. Murray of Flesherton. She based her address on St. John Chap. 13 verses 33 and 34. She said that a distinguishing mark in a person's character should be "that ye love one another" show love for one another, if by sacrifice, show love for fellow men by helping them. We must be willing to sacrifice to help missions. Next to our homes we should help others to know about Jesus; his life and his love. Mrs. Murray as a representative of the W. M. S. gave an explanation of a missionary society, an associate society, etc. The W.M.S. is a small part of the church work; it's object is to inspire a spirit of prayer and service among the people, to develop a missionary spirit and to secure a means of support to help others to learn about the Almighty. Mrs. Murray's address was very interesting. A pleasing number, "Tell me the old, old story" was rendered by the Misses Delsa Kaitting and Bernice Campbell, with Miss Muriel Carruthers presiding at the organ. A vote of thanks was tendered to those assisting with the program. A solo, "My Task" was sweetly sung by Miss Donalda Sloan with organ accompaniment by Miss Carruthers. The closing hymn was "Breathe on me." Collection was taken up by Mesdames J. and S. Campbell. Mrs. Chas. Martin acted as sec. protem for the meeting. The meeting closed with prayer by Mrs. McNeill. Lunch was served in the basement and a social half hour spent.

There wa s a fair attendance at church on Sunday. Rev. McNeill preached a very interesting sermon from Matthew Chap 14, verse 28 "Peter on the Water." His sermon next Sunday will be "Peter in the firelight." Come and hear about this disciple Peter. The Sunday school attendance numbered 46. Mother's Day will be observed in our church on Sunday, May 14, when the Sunday school and church service will combine for the occasion.

There has been a little improvement in her condition the past week and we trust that God will bestow His blessings upon her and soon restore her to her good health again. Her sister, Mrs. Herb. Smith and husband of Owen Sound called to see her on Sunday.

Mr. Wesley Cooey has returned from Toronto.

Dr. McIvor opened with prayer and then presided over the meeting. Mr. Colin McLean with violin, accompanied by Mrs. John McMeekin at piano gave a number of selections. Community singing was also enjoyed. Miss Monica Lambert gave a reading, "He Couldn't Afford," which was enjoyed. Miss Alma Hooper gave a couple of instrumentals on the piano, followed with a duet by Messrs. Thos. and Jno. Nichol. Rev. Dr. McIvor gave a very splendid talk on "Humor of Ministers.' A play entitled "The Old Maid" was given and was humorous from start to finish. The hard time parade in Paris caused much fun, Miss Nellie McLean and Mr. Hector McLean taking 1st prize. Lunch was then served, followed by the singing of the National Anthem. The proceeds were nearly $12.

The building committee met last week and the contract for seating, pulpit furniture, communion and table were let to the Globe Furniture Co. in Waterloo, through Mr. E. Bennett, Flesherton. Arrangements were made to purchase new maple floor for the auditorium. The Soldiers' Memorial Window is being placed in the transom over the front door with the new name, St. Andrew's Presbyterian church placed in the centre of the window.

Interest Centres On Washington Meeting

The centre of interest is Washington, with everyone hoping that the conversations between the Prime Ministers and the President will result in understanding and a determination to tackle with a will the monetary, trade and debt problems of the countries involved. There does seem some basis for hope that with the ground prepared, something substantial will result from the World Economic Conference. However, we have had such screaming headlines and ballyhoo on conferences that we are now waiting to be convinced.

The House has now got down to odds and ends. The Railway Bill has become more or less steady diet with the detailed items of the budget and the Radio Commission serving as relish. Mr. Pouliot went so far as to jocularly threaten to twig the whiskers of the chairman of the Radio Commission. Let us hope it will not come to that, but should Mr. Pouliot so far forget himself he would find the whiskers luxuriant.

Two Liberal members, Mr. Charles Howard of Quebec and F. G. Sanderson of Perth, levelled serious charges maintaining that the news of the sugar tax had leaked out and several firms had bought up great quantities out of which they made enormous profits at the expense of the Dominion Treasury. The Finance Minister, Hon. E. N. Rhodes, said the Department had investigated and reached the conclusion that the revenue it had lost would not amount to more than two million dollars. It seems enough! Mr. Rhodes admitted this was "contrary to the national interest" and gave assurance that such an occurrence would be guarded against in future budgets. He said the main trouble was the spread of
