In feeding barley to horses, care should be taken that it is never finely ground because it makes a sticky meal which adheres to the horse's teeth and cheeks.

Congregation Honors Priceville Choir Leader

W. W. Ramage, choirmaster of St. Columba United Church, was honored at a special service of music held at the morning service on Sunday. Rev. J. A. Mr. Ramage, who is in his eightieth year, led the service of praise this morning, the choir singing three anthems, and closing with one of the favorites of their leader, the Hallelujah Chorus. Mr. Ramage received the personal congratulations of all who attended the service.

To Have New Principal

Flesherton High School Board advertised for a principal in a daily paper on Monday. Principal Thibaudeau of the present staff could not agree to the drastic cut made on his salary this year, which was set by the Board at $2400. Mr. Thibaudeau has been principal of the school since 1929 and has done real good work with the students. This year there was an extra heavy attendance of scholars, 131 commencing in the fall which with the present high school regulations was a particularly heavy year. The other three teachers on the present staff have signed for another year, two of them receiving salaries of $1500 and the third $1400.

South Grey Riding Takes Part of Bruce

Parliament at Ottawa was brought to a close on Saturday afternoon, after one of the most strenuous sessions in history. The contentious redistribution bill brought out condemnations from nearly every member affected, but opposition came mainly from Western and Quebec constituencies.

Changes have been made in the constituencies of Grey and Bruce and in place of four there will now only be three members elected from these two counties. The constituencies will now be known as North Grey, Grey-Bruce and North Bruce. Holland and Osprey are being taken from South Grey and added to North Grey while the townships of Brant, Carrick and Elderslie will be included in the riding of Grey-Bruce. These townships include the towns of Walkerton and Chesley and the village of Paisley and the total population is over 38,000, bringing it close to the population of North Grey, which includes the city of Owen Sound. Dr. Hall, Liberal, is the present sitting member for South Bruce, which disappears, and if he decides to contest the new riding at the next general election will have Miss Agnes Macphail as his opponent. Miss Macphail has represented the riding of South Grey since the election in 1921.

KILL THE WOODCHUCKS

Woodchuck holes are a great nuisance. They may cause a horse to break a leg, while the mounds may break the cutting bar of a mower or at least blunt the knives. This is the time to get rid of the pests. Search out all the holes and plug up all exits. Into the entrance either put calcium cyanide or else use the exhaust of an automobile. To use the automobile attach a pipe and run the engine for twenty minutes, then plug up the hole and go to the next burrow. In the case of cyanide also the burrow must be carefully closed, preferably with damp earth. When using both these methods care must be taken. Be sure no cyanide is left-around where animals or children can get it. Keep away from the deadly gas coming out of the car exhaust.
