A few more of the numerous Testimonials for the Hydropathic and Botanic Medicines.

I wish to state, for the good of all who may be suffering any illness, that my wife was dangerously ill last June, with a Sore Breast, which caused her neck and head to swell to an alarming extent, so that it appeared there was no help, after getting all the aid I could for her; but on being advised to apply to DR. LANKTREE, the first two days he had charge of her, he reduced all the dangerous swelling from her, and removed the Fever she had on that occasion. And a few weeks since, I was afflicted in my Chest and Head; and, foolishly, I let it run on until I was taken alarmingly ill with delirious fits; whereupon I was forced to apply to DR. LANKTREE, and by this time the complaint terminated in a severe Brain Fever; but I thank God that now, after a few weeks' treatment through his care and unremitting attention, I am now over it.

WISTARS
BALSAM OF WILD CHERRY.
FROM THE BRITISH PROVINCES OF NEW BRUNSWICK.

From the St. John Observer, Oct. 17, 1852.

As at this season of the year and throughout the winter months, coughs and colds are the most prevalent of all the various ills that flesh is heir to, we would advise such of our readers and others who may be thus afflicted, to avail themselves of that excellent medicine, "Wistar's Balsam of Wild Cherry," which, judging from our own experience, and that of others, we consider as being one of the safest and most effectual remedies that has ever been concocted for the above complaints and which meets with the cordial approval of many of the best physicians. And as delays are dangerous, and coughs and colds frequently terminate in consumption, this efficacious and agreeable remedy should at once be resorted to. M. S. L. Tilley is the agent in this city, who can enumerate many instances in which the most pleasing results have followed from the use of "Wistar's Balsam."

From the Evening Mirror, N. Y: March 29 1852

WISTAR'S BALSAM.—We regret the Wild Cherry tree as one of nature's own physicians, a sort of Good Samaritan of the forest; for its "medical gum" has relieved the sufferings and saved the life of thousands. The The Balsam prepared by Doctor Wistar is a pure and perfectly reliable preparation of the real Cherry Essence, and it is a remedy by no means "bad to take." We speak confidently and strongly in its praise, from having witnessed its renovating influence in consumptive cases, when all other prescriptions had proved of no effect.

None genuine, unless signed I. BUTTS on the wrapper.

THE CANADA LIFE ASSURANCE COMPANY.

(Incorporated by Act of Parliament)

THIS COMPANY is prepared to grant *Assurances on Lives*, whether single or joint, to sell *Annuities*, to purchase *Reversions*, and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An *exact statement of its receipts and expenditure* is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that *it invests all its funds in Canada*, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, by which (and this is nearly a solitary instance) neither Great Britain nor the neighbouring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly represenative of the value of such payments as they may have been made, & further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapses of Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.

I FIND that I am in duty bound to state to the public far and near, that I was very ill since 1843 with the effects of a hurt, which disabled my chest and spine, in such a way that I became debilitated all over my person, and unfit for any business, but pining away all the time; and heating of so many persons cured of different complaints by Dr. Lanktree of Kingston, I went to him and by the use of his medicine, and advice as to what food I should use, I can now certify to all that I am fully restored, thank God, to my family and perfect health again.

I WISH to inform the Public, for the good of the afflicted, that I was very unwell with a cough and inflammation of my lungs and chest, which threatened my whole constitution. I spared no cost or trouble to get rid of it, but I got no relief until I was advised to go to DR. LANKTREE, of Kingston, when I got his Medicine.
