Hooked Trout Revive

GILL INJURIES NOT FATAL IF SMALL FISH ARE PROMPTLY RETURNED TO STREAM

Small trout which have been injured about the gills by the angler's hook will soon recover, in many cases at least, if they are promptly freed and put back into the water.

That statement may be contrary to a belief which is perhaps widely held but tests made by a Canadian investigator have indicated that it is true, and sportsmen who happen to land small trout when fishing for the big fellows should make it a point to get them back into the water at once so that they may have a chance to recover and mature and help to ensure good sport for anglers later on. In some cases, of course, the fisheries regulations provide that trout under certain sizes must be returned to the stream or lake but, regulations set aside, it is good sportsmanship to put the small fish back in the water, so that they may help to maintain the angling resources.

The investigation as to the effect of hook injuries on small brook trout was carried out last year under the Biological Board of Canada, which is the federal fisheries research body and operates under the control of the Minister of Fisheries. A number of trout with hook injuries in their gills several gill arches—were under observation in the tests being placed in a trough where they could easily be watched. Their injuries made them sluggish and, to quote from the report of the investigator, they "did not respond readily to tactile stimuli for several hours," but after twenty-four hours most of them seemed quite normal again. Only a small percentage —less than ten per cent—failed to survive and, to quote again from the report, "the experiment indicates that a high percentage of hooked trout, which are injured, even to the extent of severing a gill arch, may be expected to live if returned to the water when released from the hook."

SPORT REVIEWS

Dundalk is now leading the Centre Grey League and Vandeleur and Kimberley are tied for second place by virtue of a sensational win of Vandeleur over Kimberley on Friday last by the score of 22-19. The game was a heavy hitting affair and four pitchers were used by the two teams. Russell Graham of Vandeleur walked the first batter to face him and Reg. Hutton then took over the mound duties and while hit hard managed to have twelve strike-outs to his credit. Lawrence and Bowles pitched for Kimberley.

Meeting For Anglers

A meeting of anglers of Grey County has been called at Flesherton on Friday, July 7th, at 8 p.m. in the Fraternal Hall for the purpose of discussing angling problems and the keeping of streams stocked with speckled trout for the benefit of all. Dr. Arthur B. James, President of the Anglers' Federation will address the meeting, together with F. R. Oliver, M.P.P., T. H. Bell, M.P.P., D. J. Taylor, M.P.P. and others. The public is cordially invited to attend this meeting.

No Picnic This Year

Despite a petition from the citizens of Flesherton the executive of the Old Boys' and Girls' Association have decided to adhere to their former decision of not intending to hold the picnic in Flesherton on Civic Holiday. In a letter from Mr. John Latimer, publicity director of the Association three reasons were given for this decision:

(1) The fact that the picnic was cancelled being known to our members a good many are making arrangements to go elsewhere on Civic Holiday.

(2) The Executive did not deem it advisable to call a meeting of the Association as it was thought there was not now sufficient time to have such a meeting and make all necessary arrangements to hold a picnic on Civic Holiday in Flesherton.

(3) In view of the Flesherton outing being cancelled, before receipt of your request, the Executive had expended considerably more money for prizes for Saturday's event, than would have been done had we been going to the Old Home Town on Civic Holiday and the state of our funds at the present time does not warrant us making any further drain on the treasury.

There are scores here who will be disappointed in not having the picnic, as intended, but maybe next year we will be able to stage one bigger and better than ever with features that will be a real drawing card.

W. M. S. Meeting

The monthly meeting of the W.M.S. was held in the school room of St. John's church on Thursday of last week. Mrs. H. Down occupied the chair, and opened the meeting by singing, "All hail the power of Jesus' name" and offering the prayer by Evangeline Booth, in which she says, "Then if poverty comes we shall not be poor, and if sorrow comes we shall not be sad, and if death comes we shall not be afraid"; a part of chapter 15 of St. John's Gospel was read and Mesdames Scott, Cargoe and Down led in prayer. In the absence of Miss Macmillan, througth illness, Mrs. Cargoe acted as secretary. Mrs W. Moore read, "The Society Woman —Lot's Wife." Hymn 95, "We have heard the joyful sound" was sung. Mrs. Murray gave a synopsis of a half century of missions taken from the study book, His Dominion of Canada. It seemed a pity that so few were present for it was a wonderful address touching upon the work of the three churches, begun over 50 years ago. Three streams which flowed over Canada and now have joined to do better and greater work than ever before. Dr. Oliver says, "Than the Home Missionary Society —there is no better builder of the nation." Mrs. Scott took the chair, minutes were read and adopted. Arrangements were made to celebrate the fortieth birthday on July 21st; the following were named a committee: Mrs. Phillips, Mrs. Moore, Mrs. J. Macmillan and Mrs. Cargoe. Hymn, "More Love to Thee, Oh Christ More Love to Thee" was sung and the meeting closed by the president pronouncing the Benediction. Siqteen answered to the roll call.

Reduction of Mill And Half in County Rate

A reduction of a mill and a half in the County Rate was ordered by Grey County council in session last week. The rate for 1932 was 9 mills and the 1933 rate will therefore be 7½ mills. The rate is made up of 5¾ mills for current expenses, one mill for county roads and ¾ of a mill for provincial highways.

Following is a list of the municipalities in the county with the amount levied under the rate of 7½ mills:

Artemesia	$14,175.00
Bentinck	14,700.00
Collingwood	16,875.00
Derby	11,250.00
Egremont	18,300.00
Euphrasia	16,875.00
Glenelg	9,750.00
Holland	11,437.00
Keppel	10,125.00
Normanby	20,250.00
Osprey	13,875.00
Proton	16,500.00
Sarawak	2,362.50
St. Vincent	17,250.00
Sullivan	18,000.00

Markdale	2,512.50
Neustadt	1,275.00
Shallow Lake	750.00
Total	$261,375.00

A new departure is to be made in the paying of the County Rate by the municipality. In place of paying the 1934 levy in one lump sum in January, half the payment will be made by January 15th, 1934, and the remainder on April 15th, 1934.

Ernest D. Bonnell of Owen Sound has been appointed Treasurer of Grey County, succeeding Mr. John Parker, who has held that position for the past 15 years. Mr. Parker was forced to relinquish his office through ill health, although he will act in an advisory capacity. Mr. Bonnell has been assistant treasurer for a number of years. He will receive a salary of $1700 and Mr. Parker will be paid $700 per year. This will mean a saving of $200, as Mr. Parker was receiving $2400 and Mr. Bonnell $200.

The Council at the Friday meeting decided to petition the Department of Highways not to undertake any paving in the county during 1933. This decision was made on a motion of Reeve J. A. Davis and seconded by Deputy-Reeve, C. D. Meldrum, both of Artemesia township.

A grant of $125.00 was made to each of the Agricultural Societies in Grey and $60 to the Grey County branch of the Ontario Educational Association.

A petition was made for a change of location of Road No. 14, through St. Vincent, Euphrasia and Artemesia townships, the Meaford Road through Vandeleur to Flesherton, but no action was taken. Dust layer is to be placed on the county road through Maxwell.
