THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

CURE OF A DANGEROUS LIVER AND BAD DIGESTION

Copy of a Letter from Mr. R. W. Kickus, Chemist, 7, Prescot Street Liverpool, dated 6th June 1852.

To Professor Holloway,

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicine for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the articulars and her case. She had been troubled for years with a disordered liver, and bad digestion. In the last occasion, however, the violence of the attack was so alarming, and the inflamation seized so severely, that doubts were entertained of her not being able to tear up under it; fortunately she was induced to try your Pills and the information that after the first and each succeeding dose, she had great relief. She continued to take them, and at length she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many testimonies, but the above from the severity of the attack, and the speedy cure I think, speaks much in favour of your astonishing Pills. Signed R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER IN VAN DIEMANS LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the 1st March, 1851, by Major J. Walch,

Margaret M'Connigar, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of twelve months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredibly short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 54 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 2nd, 1851.

To Professor Holloway,

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 54 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means, comparatively active, and can take exercise without inconvenience or pain which I could not do before.

AN EXTRAORDINARY CURE OF THE GRAVEL AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. K. Hendon, Esq Sydney, New South Wales, dated February 25th, 1851.

SIR,—A Mr. Thomas Clark a Settler at Lake George, was for a considerable time seriously afflicted with a Complaint of the Liver together with the Gravel. His medical attendants, after trying all their skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day, would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so, the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health. He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required. (Signed) WILLIAN JONES
Proprietor of the Goulburn Herald, N.S. Wales.

WONDERFUL EFFICACY OF HOLLOWAY'S PILLS IN CASES OF DROPSY.

CHILSON,S PATENT
WORLD'S FAIR PRIZE MEDAL
FURNACE.

WE are happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented, is declared by high and reliable authority, to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating Dwellings, Churches, School Houses, Academies, Court and State Houses, Hospitals, Stores, &c in nearly all the cities and towns in the United States, but is meeting with equal favour in the Canadas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country, Gold Silver Medals First Premiums, and lastly, the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best. (See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot air furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy scorching disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a Healthful, Economical, and durable Apparatus, for thoroughly warming and ventilating buildings, has been entirely successful. They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals of wood, all equally well—flues easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. Sizes for all classes of buildings. Also, 4 sizes of new and superior

Portable Furnaces,—Dr. Clark's Improved Boston School Stove.

Registers of all descriptions; Hot-air Grates; Room Ventilators, &c.

Emerson's celebrated Ventilators for Roofs of Buildings and Smoky Chimney's, &c. Cooking Ranges, with or without Bath Boilers, and Hot-air Fixtures. All sizes and styles of those beautiful

MIRROR MARBLE MANTELS,

PARLOR & CHAMBER FRAME GRATES, of rich European and American styles. Also a splendid article of Liverpool Soft Coal Grates, for Parlors, &c.

Architects, Builders, and the public generally, please examine our extensive assortment. Personal attention given to warming and ventilating buildings in any part of the country.

JOHN AULT,

Manufacturer of the Celebrated Rail Road Horse Power and Over Shot

THRESHER AND SEPERATOR,

Also—Stoves, Ploughs, Mill and all kinds of Castings.

THE subscriber begs leave to call the attention of his friends and the Public, to his unequalled Single and Double Horse Power Threshers and Separators, which have now been in use for two seasons, giving time to prove that all he said of them is correct having sold 27 of them to different persons, amongst whom he would mention Mr. H Blanchard, Brockville; Mr. Smith, Carrying place, P. O. Mr. H. Foltz, Wilton; Wilder Fisk, Esq., near Wilton; Mr. H. J. Wells, Fredericksburgh; Mr. John Gibson Kingston (who took the first premium at the County Show last year, the subscriber taking the second premium himself,) Mr. McSourly, Wolfe Island; Mr. Parker Barrett, Loughborough; Mr. John Amey, Camden; Mr. Thomas Fraser, Township of Kingston; Mr. Charles Shibley, Portland; Jacob H. Powley, Esq., Township of Ops, Lake Simcoe; Mr. William Howard, Amherst Island. To all whom reference can be made that the Machines have given the best satisfaction of any yet introduced into Canada.

The Subscriber has now on hand a number of Machines ready for sale, and is still making them; intending to complete 50 by the first of October next, or more if called for, so there will be no delay in furnishing them to his customers during the season. They are all made with the Nut Wheel, and Converge, or Internal Gear and Pinnion with Larger Band Wheel than last season, as experience has shewn the power to be equal to a much greater speed. In all other respects they are built the same as last year.

The Over Shot Thresher and Separator has been fully proved to be the best and safest ever introduced and the subscriber has made an improvement in the formation making the Concave Bearers wider, thereby saving the wear of the covering of the Cylender, and giving a larger throat. He has also adopted a new plan for raising the Concave, by means of two Thumb screws one on each side, enabling the Concave to be shifted, without stopping the Machine.

The subscriber, from his long experience in the Manufacture of all kinds of Threshing Machines, feels confident that he can now offer to his friends and the public, an article which cannot be surpassed for Durability and Usefulness.

The Two Horse Power Thresher and Separator is capable with 3 or 4 men, of Threshing from 150 to 200 Bushels of Wheat or Rye. The single from 60 to 100, or double that quantity of Oats or Peas per day.

HERE IS YOUR REMEDY.

HOLLOWAY'S OINTMENT

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a Letter from John Porter, an Agriculturist residing at Newborough, near Hexham dated May 16th, 1850.

To Professor Holloway,

SIR,—I was afflicted with a swelling on each side of the leg, other have the knee, for nearly two years, which increased to a great size. I had the advice of three eminent Surgeons here, and was an inmate of the Newcastle Infirmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment I determined to try them, and in less than a month I was completely cured. What more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter I have had no return whatever of my complaint.

Signed JOHN PORTER.
