The Boston Mercantile Journal gives the following notice of the most popular remedy of the day:—

WILD CHERRY BALSAM.

We speak in praise of Wistar's Balsam of Wild Cherry, because we believe from our own knowledge of the article that it is one of the best in the market for the complaints for which it is recommended.

This medicine, coming from such a respectable source, and carefully prepared by an experienced and skilful physician, is received by the public with confidence. Its efficacy has been proved in many obdurate cases of disease, and its fame has rapidly extended. It has been extensively used in every part of the country, particularly in the Middle and Northern States; and strong testimony from intelligent and highly respectable persons has been adduced in favor of its merits as a remedy for colds and coughs, affections of the chest, diseased liver, &c, &c.

THE GENUINE AND ORIGINAL

Dr. Wistar's Balsam of Wild Cherry,

on account of its great popularity has been extensively counterfeited in Philadelphia, and some thousand bottles of the spurious imitation thrown into the market and extensively circulated.

EXAMINE CLOSE BEFORE PURCHASING.

Look well to the Marks.

The genuine Balsam is put up in bottles, with the words "Dr. Wistar's Balsam of Wild Cherry Phil", blown in the glass; each bottle bearing a label on the front, with the signature of

I. WISTAR, M. D.

This will be enveloped with a wrapper; copyright secured, 1844: on which will always appear the written signature of I. BUTTS.

HERE IS YOUR REMEDY.

HOLLOWAY'S OINTMENT

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70 S. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor Holloway,

Sir,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment, and as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and strange to relate, is now in good health. Her legs are painless, without sore, or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature.

(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. William Abbs, Bordesford Gas Works, Radcliff, near Hudderfield, dated May 31st, 1851.

To Professor Holloway,

Sir,—I suffered from a bad leg thirty years ago, the result of one or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to every medical advice, without deriving any benefit, and were told that the leg must be amputated as the only alternative; but, at your recommendation, I tried your Pills and Ointment, and have effected a complete cure in a short time, that few who had not witness it would credit the fact.

(Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr. W. P. England, Chemist, 13, Market Street Huddersfield.

A DREADFUL BADLEG CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Ponshurst, Kent, dated December 13th, 1850.

To Professor Holloway,

Dear Sir,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before heard of an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER.

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a Letter from John Forfar, an Agriculturist residing at Newborough, near Hexham dated May 15th, 1850.

To Professor Holloway,

Sir,—I was afflicted with a swelling on each side of the leg, rather above the knee, for nearly two years, which increased to a great size. I had the advice of three eminent Surgeons here, and was an inmate of the Newcastle Infirmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment I determined to try them, and in less than a month I was completely cured What is more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter I have had no return whatever of my complaint.

(Signed) JOHN FORFAR,

INFLAMMATION IN THE SIDE PERFECTLY CURED

Copy of a letter from Mr Francis Arnot, of Brush use, Lothian Road, Edinburgh, dated April 29th, 1851.

To Professor Holloway,

Sir,—For more than twenty years my had been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial To her great astonishment and delight she got immediate relief from their use, and after persevering for three weeks the pain in her side was completely cured, and she has enjoyed the best of health for the last four years.

CHILSON'S PATENT
WORLD'S FAIR PRIZE MEDAL FURNACE.

WE are happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented, is declared by high and reliable authority, to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating Dwellings, Churches, School Houses, Academies Court and State Houses, Hospitals, Stores, &c in nearly all the cities and towns in the United States, but is meeting with equal favour in the Candas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country, Gold Silver Medals First Premiums, and lastly, the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best. (See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot air furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy scorching disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c He now has the satisfaction of knowing that his efforts to secure a Healthful, Economical, and durable Apparatus, for thoroughly warming and ventilating buildings, has been entirely successful. They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals of wood, all equally well flues easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. TUGBOATS.

NOTICE is hereby given, that TENDERS for the TUGGING of all VESSELS for which such service shall be demanded, between KINGSTON and MONTREAL, or any of the Intermediate PORTS, will be received at this Office, until MONDAY, the FIFTEENTH day of NOVEMBER next.

The Tenders sealed and endorsed "TENDERS FOR TOWING" are to be addressed to "THE CHIEF COMMISSIONER OF PUBLIC WORKS QUEBEC"—and they are to state the lowest annual bonus for which the towage will be done, based on the following general Principles, viz:—

1st. That as many Tow-Boats are to be employed on the service, as may be found necessary from time to time, to perform the work so effectually, as to ensure the vessels being forwarded without a detention of more than TWELVE HOURS on any part of the route.

2nd That the Tow-Boats employed between Dickenson's Landing and Prescott shall be of not less than SIXTY horse power—and those on the remainder of the route of not less than FORTY-FIVE horse power; but without reference to these stated powers, it is to be understood that vessels drawing not more than NINE FEET water on the downward trip, or EIGHT FEET water on the upper trip, shall be towed at an average speed of not less than five miles per hour.

3rd. That the Tow-Boats shall not be engaged in the towing of rafts, or otherwise than as contracted for.

4th. That the Service of Towing shall commence on the First Day of the Opening of the Navigation in Spring next, and shall be continued until the close of it.

5th. That in the event of any accident occurring to one or more of the Tow-Boats, the Contractors shall have others at command to be immediately substituted, so that no interruption of the Trade shall take place.

6th. That the rates charged per mile, for all Towage, UPWARD, shall not exceed those specified in the accompanying schedule, and for Towage, DOWNWARD, the charges shall not be more than ONE-THIRD of such rates.

7th. That the rates shall be charged for according to the following distances, viz.:—

From Lachine to lower entrance of the Beauharnois Canal,	19 miles.
From upper entrance of Beauharnois Canal to Cornwall,	49 miles.
From Dickenson's Landing, to Prescott,	41 miles.
From Prescott to Kingston,	61 miles.

When a vessels is taken in Tow at any other points than those mentioned in the above table of distances, the Towage may be charged for from the commencement of the last station, unless otherwise specially agreed on.

8th. That when the Tow-Boats pass through any of the Canals, they, together with the wood for fuel, shall pass free of toll.

9th. A Contract will be entered into for the towage for three years: but the tenders are to state what the boats demanded for that term will be reduced to, if the period is extended to five or seven years respectively.

10th. The bonus will be paid in three equal instalments; one on the first day of August, one on the first day of October, and one on the fifteenth day of December in each year.

On entering into Contract, solvent and *bona fide* security will be required for the full and due performance of the Contract, and heavy penalties will be prescribed for any delay that may be caused to vessels, or for any infraction of the conditions of the Contract.

Tenders are desired either for the towage of the whole line from Lachine to Kingston, or for any of the divisions thereof.

Any further information that may be required can be had on application to this office.

HOLLOWAY'S PILLS.

THE ROAD TO HELATH

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMAN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the

1st March, 1851, by Major J. Walsh,

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them she was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A DISORDER LIVER AND BAD DIGESTION

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street Liverpool, dated 6th June 1852.

To Professor Holloway,

Sir,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the violence of the attack was so alarming, and the inflamation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above from the severity of the attack, and the speedy cure I think, speaks more in favour of your astonishing Pills. Signed R. W. KIRKUS.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 2nd, 1851.

To Professor HOLLOWAY,

Sir,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means, comparatively active and can take exercise without inconvenience or pain, which I could not do before.

(Signed)
HENRY COE, North Street, Lynn, Norfolk.

AN EXTRAORDINARY CURE OF THE GRAVEL AND A MOST DANGEROUS LIVER COMPLAINT.

Copy of a Letter addressed to J. K. Hewdon, Esq Sydney, New South Wales, dated February 23d, 1851.

Sir,—A Mr. Thomas Clark a Settler at Lake George, was for a considerable time seriously afflicted with a Complaint of the Liver together with the Gravel His medical attendants, after trying all their skill, candidly told him that his case was hopeless, and any further efforts useless. In this situation, and when expecting every day would terminate his existence, a friend recommended him to try Holloway's Pills, and as a forlorn hope he did so, the first dose gave him considerable relief, he therefore persevered in taking them according to the directions, and is now restored to perfect health He will feel great pleasure in confirming this statement, or even make an affidavit to the same effect, should it be required. (Signed) WILLIAN JONES

Proprietor of the Goulburn Herald, N.S. Wales.

REDUCTION IN PRICE OF BOGLE'S HYPERION FLUID

For Restoring, Preserving, and Adorning the Hair.

To the Lowest Price of any article ever known for the Hair, as follows:

Bottles formerly sold at	50c,	reduced to	25c.
" " "	75c,	"	50c.
" " "	100c,	"	75c.
" " "	200c,	"	150c.

The unprecedented sale, increasing demand, and unqualified satisfaction this wonderful Hair Restorative has attained throughout the world, has raised up a host of Counterfeits, under all manner of names, of the most pernicious and destructive nature to the hair, which trash has been palmed upon the public under the lure of cheapness, and thousands have to regret the loss of fine heads of hair, by the use of these deleterious nostrums. The inventor of Bogle's Hyperion Fluid, considering the great success which has always attended his efforts, has determined to reduce the price of this invaluable compound, to the above scale, so that all, the rich and the lowly poor, may have an equal chance of making Bogle's Hyperion Fluid a household treasure, and banishing quackery from their doors.

At the same time, the inventor pledges his reputation that the Hyperion shall ever continue to be as good as heretofore, which has gained it a world-wide celebrity. He therefore throws aside the temptation of large profits, and assumes that of largely increased Cash Sales, confident of continued success, and yet further popularity.

The virtues of Bogle's Hyperion Fluid for the Hair require no panegyric Its universal success has never been equalled, and the immense good it has done is testified by thousands of Certificates from Physicians and parties of the highest standing, open for inspection at the Proprietor's.
