It appears as if the United States is waking up to the fact that wholesale kidnappings are taking place in that country. Talk about slow old John Bull, but he has nothing on the States with being slow in this matter.

The sweet girl graduates are being tendered much advice by the orators these days, much of which, in the excitement of the moment, they may be expected to ignore. They might do well, however, to lay to heart the wise words of Lieut.-Governor Bruce, in his address to the 107 young ladies, who was the chief speaker at the graduating exercises at MacDonald Institute, Guelph, recently. His Honor urged on the students, the application, in their future life, of the knowledge that had been imparted to them, urging that the nation's health and well being could hardly be over-estimated. Some people are now urging that those purposing marriage should be made to pass an examination as to physical and mental health, but Dr. Bruce declares that he would make a course in home economics compulsory before marriage if he had the power to do so.

SPORT REVIEWS

The Crescent juniors of Owen Sound won a heavy batting spree in baseball from the Flesherton team on Thursday last 19-12. Phillips and Mr. Sled hit home runs for Flesherton, while Best and Huctwich collected a triple each. Owen Sound counted one home run with a couple of triples and several doubles.

Gradually the Flesherton team is finding that the ball delivered by the opposing pitcher is to be hit to far places and they have een connecting with more regularity.

While the locals have lost their first three games they have their next chance to win on Thursday, when Kimberley plays here. The game will be called at 3.30 p.m. sharp and it will be great encouragement to the boys to have a large crowd.

Kimberley played Ravenna on Friday afternoon and ran wild against the northern team, winning the game 29-8—or something.

The Dundalk-Vandeleur game at Vandeleur on Thursday last was postponed.

Kimberley plays in Flesherton on Thursday, while Dundalk takes the Beaver Valley team at Ravenna.

Out of seven football games played by Flesherton this year they have won 4, lost 2 and tied one. Their last victory was 2-0 against Eugenia at the Rock Mills garden party.

The Presbyterian Guild softball team plays in Priceville this Thursday evening. Flesherton is leading the League with three wins. Priceville has one win and two losses and Markdale has dropped all three of their fixtures.

NOTICE

Shareholders of the Barrie Co-operative Packing Co., who wish to ship hogs, should communicate with Frank Taylor, Flesherton.

Leaves For The West

Miss Agnes Macphail, M.P., intends to leave for Regina on Friday, where she will attend two conventions in that city. One of them is the first annual convention of the Co-operative Commonwealth Federation of which she is a member of the executive and the other is a convention of the Co-operative Union of Canada. Miss Macphail does not intend to give any outside addresses while on the trip.

ROSE CULTURE

The simplest method of increasing roses is by the layering method. Take a branch that may be bent down, remove leaves and cover it with soil in spring, or during early summer. Rooting will take place more readily if the branch is injured by cutting into the wood at the base of a bud under the soil. The climbers are very easily increased in number by this method.

The shrubs that bloom in spring and early summer should be pruned after flowering, this permits of vigorous young growth which flowers the following year. Thin out the old wood, keeping the plant in a good shape. Avoid taking too much wood from any one part of the shrub, simply thin it out on all sides.

Where shrubs are growing in dry soil it is wise to provide some form of ground cover, such as rotted leaves or straw. A mulch is also advised for newly planted evergreens.

Artemesia Council

The Council of the Township of Artemesia met at Flesherton on Monday the third day of July, 1933, the members were all present, the Reeve in the chair. The minutes of last session were read and on motion adopted.

Letters, petitions, accounts and notices presented were from R. D. Clark valuing sheep $3.00; John McBeth for tile $27.20; G. C. Graham for bridge timber $68.69; Municipal World collectors' rolls $6.83; the Advance printing $14.20; the County of Grey, hospital maintainance $738.00.

Claims for sheep killed by dogs were from D. McDonald $10.00; G. J. Stewart $5.00; Joe Radley $22.00, for which payment was ordered.

PURVIS—WARLING — That G. C. Graham be paid $68.69 for bridge timber for bridge on 35 side road, and Wallace Graham be paid $16.00 for stringers for same bridge. Carried.

MELDRUM—WHITTAKER—That the following road accounts be paid: Div. 1, $132.84; Div. 2, $184.81; Div. 3, $125.68; Div. 4, $98.89; Div. 5, $14.85. Carried.

The County Treasurer was requested to erase arrears of taxes from several lots which had been paid.

WARLING—WHITTAKER — That this Council learns with regret of the passing of the late John A. Hogarth, a former Reeve of the municipality and that the Reeve and Treasurer be a committee to draft a resolution of condolance to Mrs. Hogarth and family and forward same. Carried.

The Council adjourned to meet on the 14th August.

Agnes C. Macphail, Canada's only woman M.P., told a Lucknow audience that the election in the new riding of Grey-Bruce would be "interesting", which causes the Kincardine Review-Reporter to remark: "If Aggie puts as much vim into her campaign as she did into her meeting at Lucknow it would not be surprising if the campaign was more than interesting, especially for her opponents."

Will Meet All Competition

We are prepared to serve the public with prices to meet all competition. At present we can supply you with dry goods and shoes at greatly reduced prices.

A JOKE "SEND IT IN"

Pat was hard up and required $100 pretty badly, but could not raise it anywhere. His wife, who was a very devout woman suggested he write a letter to God and ask him to send him $100.00. "Do you think I would get it" said Pat. "Yes, I think you would" she replied.

So Pat wrote a letter asking God for $1.00.00, but did not put any return address on the envelope and the Postal officials were obliged to open the letter to obtain this information, but on persuing the contents decided to send the letter to some fraternal organization with the thought that they might do something for Pat under the circumstances. They picked on the Masons who talked the matter over and decided to send him $50.00, which they did.

Some months later Pat was in another jamb and needed another $100, and after failing to get it anywhere and reporting this fact to his wife she asked why he did not write another letter to God asking him for this amount. So Pat wrote another letter to God asking that $100.00 be sent him and added the following postscript: "And this time send it through the Knights of Columbus. The last time them D——d Masons kept $50.00 off me."

MERCHANTS SWINDLED

Three Palmerston merchants were swindled out of $7.35 one day recently by a young, smartly dressed woman. Her method was to pick up an article in the store, take it to a clerk with a request that it be taken back and the money refunded. In this way she got cash for a purse and a sweater and a pair of shoes she exchanged for groceries. She disappeared as quietly as she had arrived.

HEALTH

by Frederick Tennyson M.D.

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

WALKING AND THE UPRIGHT POSITION

A well-known observer, quoting the recent work of a public health official with regard to achievements in the field of preventive medicine, laid particular stress on the average person's lack of consideration for fundamentals. Special emphasis was placed upon walking. In a world of tram cars, automobiles and other conveyances, and with the pressing desire to get everything done quickly, it appears as if the present generation has reduced walking to a minimum. A case is quoted of a young man about to engage in a game of tennis, who was greatly displeased because he was forced to wait a few moments for a lift to take him down two flights of stairs.

Walking is one of the best and most economical of all forms of physical exercise. Nowadays, whether due to prolonged stooping over work, or to habitually maintaining a slouching position, a considerable number of individuals are becoming round-shouldered. Walking, apart from giving poise and a certain grace of carriage, also permits of proper expansion of the lungs. Walking, with the head erect and the shoulders squared ensures that the abdominal muscles are held firmly, with the result that they are less apt to become flabby, a condition which is so commonly seen in a round shouldered individual. Other muscles brought into play in the act of walking are those of the shoulder-girdle, the thighs, the legs and the feet.

There are unfortunately a certain class of people to whom much walking is more or less forbidden. Among these are people with lung or heart disease. These individuals will naturally be advised by their physician as to the amount of exercise they may undertake with calling on their physundertake without calling on their physical reserves.

To all others, however, walking may offer just that zest which makes life worth-while. It may be the means of stimulating a sluggish intestinal tract, of improving the appetite, and giving a tone to otherwise flabby muscles.

We are in grave danger of losing the art of walking. Walking in the future may be confined to the trip from the home to the office, or from the door to a waiting motor car. If this be so, there will disappear a very "balm in Gilead" for many of our everyday ills and often some of our more serious disorders.

The next problem—How to keep the children out of mischief for the next seven weeks.

The Royal Black Knights of Ireland will celebrate in Collingwood on Derry day—Saturday, August 12th.

Fifty thousand black bass are to be sent to the Ontario reformatory. What was their crime?

CHIROPRACTOR

Dr. C. G. McGillivray of Durham will visit Flesherton every Wednesday until further notice. Office at Mrs. M. McDonald's, Sydenham St. Hours from 1 to 6 o'clock p.m.

South End Garage

I have taken over the garage and service station owned by L. A. Fisher and it is now open to give night and day service for general repairing; Canadian gas and oil products. Ten years of experience in repairing all makes of cars, and can assure entire satisfaction in the work.

3 Star Gasoline — Simonizing and Polishing

Soft Drinks, Ice Cream, tobacco, Chocolate Bars, etc., available at the refreshment booth.

FLESHERTON, ONT.

A Short History of the Presbyterian Church in Priceville

Presbyterianism in Priceville dates back to 1853, when the Free Church was started with occasional services. Rev. C. Cameron served as a student in 1859-60, and was ordained in 1862. He continued to serve three congregations—Priceville, Rocky Saugeen and Artemesia—until the union of 1875. The old Kirk was started in 1858 by a young student named John Goodwill, who was a powerful preacher in both Gaelic and English. In 1860 the frame of the old kirk was put up in the corner of the graveyard. Rev. D. Fraser was ordained in the old kirk in 1867, and resigned for the approaching union in 1875. The two Presbyterian bodies were united in October 9th, 1877. The name St. Columba was chosen unanimously. Rev. Donald McLeod was called and served the church faithfully for nineteen years, preaching in Gaelic and English. In 1888 the present St. Columba church was built and was opened in June, 1889, by Dr. Caven preaching in English and Dr. Carmichael in the Gaelic. On April 1st, 1898, Rev. J. A. Matheson preached his first sermon and was the unanimous choice of the congregation. Mr. Matheson served for twenty-one years, preaching in both Gaelic and English. Rev. C. Sinclair Jones commenced in May, 1919, and served faithfully for five years when Rev. A. Sutherland was chosen in May, 1924, and received forty members in 1925. Rev. A. Sutherland was seventeen months in the trenches and seventeen months in hospitals and still bears the marks of war's abuse. When the vote was taken on union in 1925 the vote stood 60-60, with the Unionists gaining by using the casting vote. The Presbyterians would not yield, so the McKinnon Hall was purchased and services carried on. Mr. Sutherland served faithfully, but was compelled, through ill health, to relinquish the work in April, 1927. Rev. J. A. Corry served the church until April, 1929, when Rev. R. G. Stewart, now of Merriton, continued the work.

On March 10th, 1930, the proposal for the new church building was passed with the following as Building Committee—Messrs. T. Nichol (Chairman), H. R. McLean (Treasurer) Rev. R. G. Stewart (Secretary), W. Aldcorn, D. A. Stewart, C. H. McLean and Angus Hooper. On August 11th, 1930, arrangements were made with Mr. Herman McLean to exchange the rear half lot of the hall for the front half lot owned by Mr. H. McLean. As the church became vacant nothing more was done until August 23rd, 1932, when the new minister, Rev. Dr. W. J. McIvor, was welcomed as Secretary of the Building Committee. At that meeting it was carried unanimously that immediate action be taken toward building operations. The Building Committee reported to the congregation on September 4, 1932, after the morning service and it was passed to erect a church, 36x50, with lumber and brick veneer to cost in the neighborhood of $5,000, the basement to be built with volunteer labor. On September 22nd Mr. D. Stewart, our oldest elder, turned the first sod in the name of the Lord. The Young People's Bible Class have provided the rug brick for the veneer. The cement basement was built in three days with volunteer labor—the ladies providing the noon-day meal. The Willing Helpers undertook the payment of furnace and electric light fixtures for the basement. The C.G.I.T. group paid for the repairing of forty-four chairs. The Sunday School provided the linoleum for the aisles and platform. Mrs. Wright and Mrs. Burt donated the pulpit, Mr. W. G. McBride the pulpit lamp and Mr. Alex. Campbell the pulpit hymn book, Mrs. J. A. MacFarlane the lantern lamps for the entrance door. Mrs. D. A. Stewart, Miss A. MacDougall and Miss M. McCuaig raised funds for the Memorial Window and were also able to instal the electric fixtures for the auditorium, and Mrs. D. MacDonald, Miss May Stewart and Dr. McIvor for the Soldiers' Memorial. Through Miss Nellie McLean and Miss Ada McLean, the High Park church, Toronto, donated the organ. Memorial windows were contributed by Mr. John MacDougall, Mrs. McPherson, Durham, Miss R. Nichol, London, Mrs. Mortimer and Mrs. Saulter, and the McCuaig family. Miss K. Campbell, Montreal, presented the hymn board.

The corner stone was laid on October 29th, 1932, with Col. W. H. Price and Dr. D. Jamieson officiating, with Revs. T. O. Miller, B. D. Armstrong and R. Honeyman taking part in the services. The basement was opened for services on February 19th, 1933, and the church opening on July 2nd, with Dr. A. S. Grant, Toronto, as special preacher and Rev. J. T. Strachan, B.A., B.D., Owen Sound, for the afternoon. Soloists from Durham, Claude, Toronto and the Owen Sound quartette gave fine assistance in the musical service. The Willing Helpers are serving a bounteous supper on the Monday evening, with the Owen Sound quartette supplying the music and neighboring ministers bringing greetings.

The congregation of St. Andrew's Presbyterian Church owe a deep debt of gratitude to all who have aided in completing the church, but particularly to the Building Committee, who have given unstintingly of their time and service; to Mr. T. Nichol and Mr. W. Aldcorn for arranging the settlement in 1925; to the many who made special contributions of money and volunteer work, both of men and teams. A special vote of thanks is tendered to Miss A. McDougall, Toronto, who gave wonderful services in both time and money, to the success of the work.

W. J. McIVOR, Secretary of Building Committee.
