NOTICE IS HEREBY GIVEN, that Tenders will be received for the LIGHTING with GAS of that portion of the Welland Canal from Lock number TWO, a little below the town of St. Catherines, to Lock number TWENTY-FIVE, above the town of Thorold.

The total number of lights required at the several Bridges, Locks and Bends of the Canal, will be SIXTY at least. The Contractors are also to provide, and keep in repair, the necessary number of number two metres, for each of which, a rent of ten shillings a year will be paid.

The Contractors will be bound to keep the works in good and effective order, and on being notified that an escape exists, immediately to have the same stopped.

The Tenders addressed to the Chief Commissioner of Public Works, Quebec, are to be delivered in, on, or before MONDAY, the SECOND DAY of MAY next, and are to state the price per 1000 feet for which gas of good quality will be supplied for a term of FIVE or SEVEN YEARS, as may be agreed on, and the earliest period when the works will be in full operation.

MARRIAGE,
HAPPINESS AND COMPETENCE.

WHY IS IT?

That we behold many females, scarce in the meridian of life broken in health and spirits with a complication of diseases and ailments, depriving them of the power for the enjoyment of life at an age when physical health, buoyancy of spirits and happy serenity of mind, arising from a condition of health, should be predominant.

Many of the causes of her sufferings at first—perhaps years before, perhaps during girlhood, or the first years of marriage—were in their origin so light as to pass unnoticed, and of course neglected.

IN AFTER YEARS,

When too late to be benefitted by our knowledge, we look back and mourn, and regret the full consequences of our ignorance.

What would we not often give to possess, in early life, the knowledge we obtain in after years! And what days and nights of anguish we might not have been spared, if the knowledge was timely possessed. It is

MELANCHOLY AND STARTLING

To behold the sickness and suffering endured by many a wife for many years, from causes simple and controllable, easily remedied—or better still,—not incurred, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (with in the reach of all) which would spare to herself

YEARS OF MISERY,

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without giving him the opportunity of acquiring that competence which his exertions are entitled, and the possession of which would secure the happiness of himself, wife, and children.

SECURE THE MEANS OF HAPPINESS

By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thousands. In view of such consequences, a wife or mother is excusable if she neglect to avail herself of that knowledge in respect to herself, which would spare her much suffering, be the means of happiness and prosperity to her husband, and confer upon her children that blessing above all price—healthy bodies, with healthy minds. That knowledge is contained in a little work entitled

THE MARRIED WOMAN'S Private Medical Companion.

BY DR. A. M. MAURICEAU,

PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition. 18mo., pp. 250. Price, 50 cts.
[OR FINE PAPER, EXTRA BINDING, $1 00.]

First published in 1847, and it is not

SURPRIZING OR WONDERFUL,

Considering that EVERY FEMALE, WHETHER MARRIED OR NOT, can here acquire a full knowledge of the nature, character and causes of her complaints, with the various symptoms, and that nearly

HALF A MILLION COPIES

should have been sold.

It is impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage, but no female desirous of enjoying health, and that beauty consequent upon health, which is so conducive to her own happiness, and that of her husband, but either has or will obtain it, as has or will every husband who has the love and affection of his wife at heart, or that of his own pecuniary improvement.

An extensive sett of Tables has been computed for Assurance on Joint Lives, the Survivor of two or more lives, and for Contingent Assurances, also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency affecting human life, against which it may be prudent or expedient to provide.

The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The rates of the Britannia are the lowest which can be offered consistently with security to the Assured.

The income of the Company, independently of the large subscribed Capital, is about Eighty Thousand Pounds, Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not having more than is absolutely required to provide for the risk.

All claims payable within three months after proof of Death.

No proof of Birth is required at the time a claim is made; the Age of the Assured being, in every case, admitted, if the Policy, cannot, under any circumstances, be afterwards called in question.

Policies effected by Parties on their own lives are not rendered void in case of death by Duelling or the hands of Justice. In the event of suicide, if the Policy be assigned, to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information as to the mode of effecting Assurances may be obtained either by letter or personal application o

THE PHYSICIANS USE
Wistar's Balsam of Wild Cherry.

So says the Morning Chronicle, Quebec, July 22, 1848.

It is but an act of common justice to the discoverer of this invaluable remedy, to make known the popularity it has acquired in Quebec, and its neighbourhood. On inquiry of the Agent, we learn that his sales of this medicine are almost daily on the increase, and that its virtues in the cure of Coughs and Colds are known and appreciated, as extensively recommended by the most eminent medical practitioners of Quebec, in their own families as well amongst their patients. We are aware that a large portion of the community regard with suspicion, and in many instances justly so, anything in the shape of a "puff," whether it be of patent medicines or of any other commodity; and if there be one class more than another that views with disapprobation the extolling of quack nostrums, it is the faculty themselves. Indeed, the public have a right to look to them for information on the subject, in their characters of conservators of the public health. The high opinion of the profession in Quebec, as already stated, may therefore be taken by Dr. Wistar as no small compliment, and to the public it may serve as a valuable guarantee of the efficacy of the medicine.

BEWARE OF IMPOSITION.

Remember, the original and only genuine **Wistar's Balsam of Wild Cherry,** always bears the written signature of **I. BUTTS** on the outside wrapper.

This genuine and original article, which has been proved so long, was originally put up by Williams & Co., Philadelphia, and is now prepared and sold Wholesale and Retail, by Seth W. Fowle, Boston, Mass.; and is for sale by his Agents, throughout the United States, Canada and British Provinces.

For Sale by E. W. Palmer, Druggist, Market Square, Kingston.
