## CAR SALES JUMP

Good news for automobile workers and industries all over Canada manufacturing steel, tires, lumber, glass, textiles, paints and varnishes and innumerable parts comes with the announcement by C. E. McTavish general sales manager of General Motors, that the production schedule for this month will be further increased by 500 cars. Since the first of June the schedule has been increased from time to time to the extent of 5,436 units or an increase of 30 per cent. over the original schedule.

Speaking at a meeting of managers and dealers of the Toronto zone, Mr. McTavish pointed out that from July 1 to July 12 production had been more than doubled by 129 cars over last year. The dealers yesterday drove away over 100 cars, while there were not enough cars to fill the demand.

That there might be a shortage of cars was predicted by H. A. Brown, vice-president and general manager. "Earlier in the year we thought production schedules high and feared there would be cars left over," he said.

## Melancthon Man Took Own Life In Dundalk

Herbert St. John, a young Melancthon township farmer, residing with his mother about three miles east of Dundalk, took his own life on Thursday afternoon by taking a strong dose of carbolic acid. His death, which was a terrible one, occurred in a box stall in the stables of the Grand Central hotel, his screams attracting the attention of employees of the hotel.

It was ascertained that the young man had obtained the deadly poison from a local drug store on the plea that he wanted it to treat the foot of one of his horses. In spite of the fact that the half holiday was observed on Thursday he had been seen around the village all day. No reason has been assigned for his rash act, and it came as a great surprise to those who knew him.

It was about 6 o'clock in the evening when his screams were first heard, and while he was given some assistance at once, it was too late to do anything for him and he died in terrible agony in a few minutes.

Dr. Frank Martin, coroner, was called and after investigating circumstances, decided that an inquest was unnecessary, it being a plain case of the man taking his own life.

Deceased, who was 34 years of age resided on the farm with his mother, and leaves, in addition to her, two brothers and three sisters. — Sun-Times.
