Politicians on the midsummer stump, are discovering that they cannot reconcile any people and make them happy by increasing their taxes.

The stock market took a crash last week and a miriad of investors (suckers) were caught. It was expected that the market would receive a setback before a permanent level was reached.

The summer camp editor of the Boston Herald is an observant philosopher. He remarks:- "The new bathing suits are cut so low at the back that the girls will be tanned almost down to where they would have been in grandma's day."

John D. Rockefeller, multi-millionaire, makes this explanation of his persistent austerity:- "I'm an old man, and If I smiled peoplet would think I were pretending." But why not smile, John. You rarely paid attention to what people thought of you when you were accumulating your millions. Look at the bright side of things; better to laugh at your own jokes than not to laugh at all. The world really loves the man, old or young, who sees the funny side of things. Besides, it helps your digestion.

A correspondent asks what is the origin of the name "Nazi," assumed by the dominant political party in Germany. The title is made up out of the word Nationalsozialistiche. The full name of Hitler's party is Nationalsozialistiche Deutsche Arbetterpartei (National Socialist German Labor Party), which would be too long for popular use.

Political leaders in Canada have recently been celebrating birthdays, the latest being Premier Henry. Premier Bennett also acknowledges a sixty-second birthday the other day, and Mr. Mackenzie King, the Opposition leader, with lessening locks, a short time since confessed to being over sixty. The Ontario Opposition leader, Mr. Hepburn, is but a youth in comparison, 'though forging to the front. As for feminine political leadership, the maidens rarely confess more han twenty-five past, and gallant associates are prone to concede that they do not dare to guess the age of the fair one, but that, anyway, she does not look it.

Wheat, for future delivery, went over $1 a bushel in the Winnipeg market recently and a few days afterwards dropped back to lower levels. The phenomenal upturn in prices is said to be mostly speculative, as the foreign demand has been indifferent, and there is still a very large quantity of last year's crop in storage in Canada and the United States. Unfortunately for the growers, it is not in their possession, but is held by the speculators and by the Governments, and so only a limited number of producers are directly benefited by the increased prices. There is the added explanation for the increased prices that in both countries the acreage of the 1933 crop was considerably decreased and added to this the damage caused in the widespread areas by the drought and ravages of locusts. We in Ontario have fortunately not been injured by the locusts, but our cereal crops and fruits have suffered from drought at the time of writing and are still suffering. In our district the loss from wheat shortage is small as our acreage is never large, but the oat crop is very poor in many neighborhoods. A redeeming crop is hay, which has been of more than average yield and quality.

Recruiting For Regiment

The Grey Regiment goes to camp at the Brigade camp in Owen Sound on August 8th, together with the Simcoe Foresters, Northern Pioneers and the Algonquins, which comprise the Infantry Brigade. Recruiting is now taking place for "D" Company and men will be taken from Flesherton, Durham and Hanover. Fifteen men will be taken on the strength for the company, besides the eight who comprised the class last fall, and who will take the second part of their course at the camp. Any young man who wishes to be taken to the military camp are requested to make arrangements with Major A. E. Bellamy or Capt. W. E. Turney.

Something For Nothing

Offers of politicians to grant all sorts of favors for nothing is a favorite device of politicals, especially when an election is in the offing. Abolition of examination fees, lowering of gasoline taxation and automobile license fees, doing away with county contributors to old age pensions, and to highway construction and other things have been mentioned recently as bids for support.

The electors should look on such offers with more than suspicion. The Goderich Signal, a staunchly Liberal weekly, is quite right when it declares in regard to Leader Hepburn's promises that if he is placed in office his Government will assume the entire cost of Provincial highways. The Signal is "not sure that this would be a good move. The money, whether paid by the Province or by the county authority, comes from the people; so it might be said it makes no difference, in the long run, which authority pays the bill. But when the county council knows it has to collect and pay over to the Province twenty per cent. of the cost of any Provincial highway within the bounds of the county it asks the Government to go slowly in the construction of any such highways, lest the taxpayers should grumble at the county rate. For instance, the Huron County council a few years ago represented to the Provincial Department of Highways that further highway construction in this county should be so limited that the county's liability should not be greater than could be met with an annual rate of one mill. If the present system is changed, and the Province pays the entire cost of Provincial highways, this check upon expenditure will be removed, and the Department of Highways will be besieged with demands for new highways here, there and everywhere—all to be paid for eventually by the people, but indirectly so they will not realize what they are paying for. Indirect taxation is an expensive system of raising governmental revenue; there should be less, rather than more, of it."

The same may be said of old age pensions. Remove the county contribution of twenty percent and you remove a reason for some measure of local control, which is too slight already.—Mt. Forest Confederate.

The Bank of Montreal has closed its Chesley Branch.

Capt. Elmore Philpott, F. R. Oliver, M.P.P. and Agnes Macphail, M.P. will give addresses at the big picnic on August 3rd in Lawrence's Grove, just west of Durham on No. 4 highway. Tom Hamilton, noted comedian, dancers, Durham band and male quartette will entertain the crowd. Programs beginning at 2.30 and 7 p.m., with the Warden of Grey in the chair. In the evening the Dory orchestra and a splendid platform will cause Youth "to chase the glowing hours with their flying feet." See bills. Only mean weather can spoil such a day.

40th Anniversary of St. John's United W.M.S.

The W.M.S. of the United church celebrated the fortieth anniversary of the organization of that society in Flesherton on Friday of last week. Mrs. W. J. Scott occupied the chair and after singing a hymn and reading a psalm, Rev. W. J. Scott led in prayer. Mrs. Scott welcomed the visitors and read letters of congratulations and good wishes from old members and friends of the society: Mrs. Frank Dafoe, Indianapolis; Mrs. Caldwell, Mrs. J. Walker Shilton, Mrs. Oke of Toronto; Mrs. H. Eaton, Unionville and Mrs. Thom of Barrie; Mrs. Durrant of Mitchell and Mrs. T. W. Findlay of Meaford, also sent donations and verbal greetings. Mrs. G Mitchell conducted a "Remembrance" service in memory of the departed members of the societies before union, over forty names were read, hymn 178 was sung "We cannot think of them as dead," and prayer was offered. Mrs. W. A. Armstrong. Toronto was called on and responded with a neat impromptu speech.

Mrs. J. J. Trompson, secretary of the former Presbyterian W.M.S. gave reminiscences of that auxiliary, mentioning the names of the organizers, Mrs. A. McVicar, Mrs. James McMullen and many others.

Mrs. W. H. Thurston spoke of the former Methodist Auxiliary, mentioning the name of the organizer, Mrs. E. S. Rupert, and of some of the charter members, among whom were Mrs. M. K. Richardson, Mrs. J. W. Armstrong, Mrs. Bulmer, Mrs. W. W Trimble, Mrs. Robt. Fawcett, Miss Christoe and Misses Rupert. The speaker mentioned the names of three who gave faithful service to the Society, Mrs. Jos. Clinton, Mrs. W. A. Armstrong and Mrs. Geo. Mitchell There were two women who, while not members of the Society in the early days, always exerted an influence for good through their daughters —Mrs. (Dr.) Christoe and Mrs. Robt. Waller. Miss Aleda Mitchell rendered a solo very sweetly.

Mrs. E. C. Murray gave an address on the Progres of the W. M. S. in Canada," beginning with the Congregational church, which was the first to organize a Society to raise money for missions; the Presbyterian church then followed and then the Methodist. Mrs. Murray's address showed that she has a wonderful grasp of the situation and the Auxiliary is proud of having the President of the Grey Presbyterial at the regular meetings.

There was a large and interested attendance of ladies. Rev. W. J. Scott brought a message of greeting and good wishes; the W.M.S. has a loyal friend in Mr. Scott.

Mrs. Scott closed the meeting with the Benediction and all went to the school room for a cup of tea and some birthday cake, and a friendly chat with old time friends. Mrs. W. Wilcock lighted the forty candles, she being the oldest member in point of age. Gifts were received to the amount of about thrity-five dollars

Now the ladies of the W.M.S. are looking forward to the golden anniversary as a united society.
