MARRIAGE,
HAPPINESS AND COMPETENCE.

WHY IS IT?

That we behold many females, scarce in the meridian of life, broken in health and spirits with a complication of diseases and ailments, depriving them of the power for the enjoyment of life at an age when physical health, buoyancy of spirits and happy serenity of mind, arising from a condition of health, should be predominant.

Many of the causes of her sufferings at first—perhaps years before, perhaps during girlhood, or the first years of marriage—were in their origin so light as to pass unnoticed, and of course neglected.

IN AFTER YEARS,

When too late to be benefited by our knowledge, we look back and mourn, and regret the full consequences of our ignorance.

What would we not often give to possess, in early life, the knowledge we obtain in after years! And what days and nights of anguish we might not have been spared, if the knowledge was timely possessed. It is

MELANCHOLY AND STARTLING

To behold the sickness and suffering endured by many a wife for many years, from causes simple and controllable, easily remedied—or better still,—not incurred, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (within the reach of all) which would spare to herself

YEARS OF MISERY,

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without giving him the opportunity of acquiring that competence which his exertions are entitled, and the possession of which would secure the happiness of himself, wife, and children.

SECURE THE MEANS OF HAPPINESS

By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thousands.

In view of such consequences, a wife or mother is excusable if she neglect to avail herself of that knowledge in respect to herself, which would spare her much suffering, be the means of happiness and prosperity to her husband, and confer upon her children that blessing above all price—healthy bodies, with healthy minds. That knowledge is contained in a little work entitled

THE MARRIED WOMAN'S

PROFESSOR OF DISEASES OF WOMEN.

It is impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage, but no female desirous of enjoying health, and that beauty, consequent upon health, which is so conducive to her own happiness, and that of her husband, but either has or will obtain it, as has or will every husband who has the love and affection of his wife at heart, or that of his own pecuniary improvement.

An extensive sett of Tables has been computed for Assurance on Joint Lives, the Survivor of two or more lives, and for Contingent Assurances; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency affecting human life, against which it may be prudent or expedient to provide.

The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The rates of the Britannia are the lowest which can be offered consistently with security to the Assured.

The income of the Company, independently of the large Subscribed Capital, is about Eighty Thousand Pounds, Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required, to provide for the risk.

All claims payable within three months after proof of Death.

No proof of Birth is required at the time a claim is made; the Age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question.

Policies effected by Parties on their own lives are not rendered void in case of death by Duelling or the hands of Justice. In the event of suicide, if he Policy be assigned, to a bona fide Creditor, the sum assured will be paid without deduction if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information as to the mode of effecting Assurances may be obtained either by letter or personal application to

APOCALYPTIC SKETCHES;

Lectures on the Book of Revelation,
Delivered in Exeter Hall, and at Crown Court Church.

NEW EDITIONS,

Revised & corrected by the Author with Index &c.

These Lectures were begun in Exeter Hall, during the period occupied in the enlargement of the Church of which the Lecturer is the Minister. Not a few were then afraid that the Author might be led into rash and questionable theories in investigating a subject confessedly beset with difficulties, but, by the blessing of God, and the exercise of caution and prayerful study, all has ended more than satisfactorily. The unprecedentedly large masses of persons of every denomination; and of no denomination at all, who overflowed the spacious hall in which they were delivered, and the growing attention evinced in the minds of these audiences, and the saving and very striking impressions made on unconverted minds by the means of the solemn truths they heard, are all signs and tokens that call for humble gratitude to God.

Numerous requests were made for their publication. A short-hand writer was therefore engaged, who took a *verbatim* report of every Lecture. These reports the Author has now corrected; and trusts that the work will be found a substantial summary of his Discourses on the Apocalypse. It is his earnest prayer that these, and all his labours, may redound to the glory of God, and to the good of souls.

"The fervent piety, subdued and reverent reasoning, careful thought and expansive charity, which prompt, guide, control, and vivify the whole, prove its author one of those gifted teachers whom it is, indeed, a privilege to hear.—*Morning Advertiser.*

The unprecedented sale, increasing demand and unqualified satisfaction this wonderful Hair Restorative has attained throughout the world has raised up a host of Counterfeits, under all manner of names, of the most pernicious and destructive nature to the hair, which trash has been palmed upon the public under the lure of cheapness, and thousands have to regret the loss of fine heads of hair, by the use of these deleterious nostrums. The inventor of Bogle's Hyperion Fluid, considering the great success which has always attended his efforts, has determined to reduce the price of this invaluable compound, to the above scale, so that all, the rich and the lowly poor, may have an equal chance of making Bogle's Hyperion Fluid a household treasure, and banishing quackery from their doors.

At the same time, the inventor pledges his reputation that the Hyperion shall ever continue to be as good as heretofore, which has gained it a world-wide celebrity. He therefore throws aside the realization of large profits, and assumes that of largely increased Cash Sales, confident of continued success, and yet further popularity.

The virtues of Bogle's Hyperion Fluid for the hair need no panegyric. Its universal success has never been equalled, and the immense good it has done is testified by thousands of Certificates from Physicians and parties of the highest standing, open for inspection at the proprietor's. Therefore,—

CAUTION!

From the (Boston) Chronotype.

The great popularity of Wistar's Balsam of Wild Cherry has induced some mercenary individuals in various parts of the country to compound quack nostrums for the purpose of deceiving the public and raising money on the well-earned reputation of this truly valuable medicine. The interests of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of Wild Cherry; for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which "human flesh is heir to," or preserved the health and life of so many thousands of our race as has Dr. Wistar's Balsam. Mr. Seth W. Fowle, druggist, No. 138 Washington street, is the sole proprietor of the original receipt for the manufacture of the genuine medicine, and supplies both at wholesale and retail, and of whom, also, agencies can be obtained.

SHERIFF'S CHOLERA SYRUP
IN CALIFORNIA.

THE following extract of a letter is from a gentleman of respectability, who has thoroughly tested the virtues of the above medicine, not only in this, but in other climates, also, and which goes to show its value to persons intending to journey through the various climates and sickly regions, where epidemic diseases cut off the Inhabitants by thousands:

Bath, March 1st, 1852.

DEAR SIR—As we owe a debt of gratitude to those who have been the agents in saving or prolonging our lives, I hope you will accept my most unqualified acknowledgments of the benefit which I have personally received from the use of your medicines. In 1849, before starting on the overland route to California, I purchased a stock of your medicines, and I have tested their efficiency under every vicissitude of circumstance and climate, both with myself and others, and not once have I known them to fail in producing the desired effect. Twice I had the Cholera, once the Cholera Morbus, once the Typhus Fever, and several times the Diarrhœa and Dysentery, of the most malignant kind. And whilst others were dying all around me, by the use of your medicines I have come safely through, and am happy to state that I am now in as sound health as ever I was in my life. And I would most sincerely recommend all those who intend going to the same country to procure a good supply of your Cholera Syrup, as I know it to be the most useful medicine ever taken for a majority of the diseases of that climate. In the summer of 1850, when the Cholera was raging in Sacramento, I have no doubt but that I could have sold one thousand bottles at ten dollars each.

Yours Respectfully,

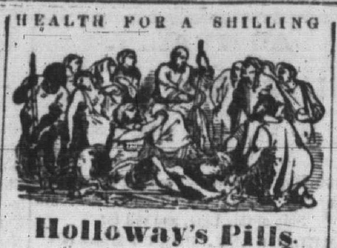
HEALTH FOR A SHILLING



Holloway's Pills.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erwwen, near Harlech, Merionethshire.

To Professor Holloway,

SIR,—I avail my self of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills. I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant.

June 6th, 1852. [Signed] JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq. of India Walk, Tobago, dated April 8th, 1852.

To Professor Holloway,

DEAR SIR.—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skilfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of 6 weeks.

[Signed] EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD ACHES.

Extract of a Letter from Mr. S. Gowen, Chemist, of Clifton, near Bristol, dated July 14, 1852.

To Professor Holloway,

DEAR SIR.—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head-aches, pain in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy.

[Signed] S. GOWEN.

A DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock, Druggist, of Ashton under Lyne, dated July 31, 1852.

To Professor Holloway,

DEAR SIR,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood, with whom I am well acquainted was afflicted for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stooping position which he was obliged to assume in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, they have acted so wonderfully in cleansing the liver and stomach, and strengthening the digestive organs that he has been restored to the enjoyment of good health.

I remain, dear Sir, yours faithfully,

NEVER FAILING REMEDY!!

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated Aug. 20th, 1852.

To Professor Holloway,

DEAR SIR.—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About 10 years ago, Mr. W. Cumming of Saltney street, in this town, was thrown from his horse, whereby he received very serious injuries: he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

[Signed] J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gainsbro', dated March 1st, 1852.

To Professor Holloway,

SIR—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

[Signed] J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY AND GENERAL ILL HEALTH

Copy of a Letter from Mr. J. M'Clennell, of Newcastle-on-Tyne, dated Sept 20, 1852.

To Professor Holloway,

DEAR SIR—I am authorised by Mrs. Gibbon, of 31 Bailey Street, in this town, to inform you that for a considerable period she had been a sufferer from debility and general ill health accompanied with a disordered stomach, and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderfully short time, they effected a perfect cure of her legs, and restored her constitution to health and strength: and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG

Copy of a Letter from Messrs. Walker and Co., Chemists, Bath.

To Professor Holloway,

DEAR SIR.—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this city. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquires as to the authenticity of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also, had been perfectly cured of and old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise. We remain, Dear Sir,

Your's faithfully,
[Signed] WALKER & Co.
