Mrs. Ellen Arnold of Mt. Albert is the guest of her niece, Mrs. R. G. Acheson. Mrs. Arnold is an interesting visitor; if living until December ,will be ninety years of age. They crossed the ocean in a sailing vessel and owing to calm weather, they were six weeks on the water, for she said with a smile, when the wind did not blow, the ship wouldn't go. HEAVY REVENUE FROM GASOLINE TAX

Figures issued recently by the Dominion Bureau of Statistics show that the revenue in the nine provinces of the Dominion from the sale of gasoline in 1932 was $25,757,374, which represents an increase of $5,211,255 over the previous year, or 23.1 per cent. and this in spite of the reduction in the consumption of gasoline approximately 9.5 per cent.

The larger revenue is due to the increase in the rate of taxation in all of the provinces except Alberta, where the impost on gasoline remains the same at 5 cents a gallon, while in the other provinces the Governments collect a tax of 6 cents a gallon.

The statistics also go to show that where the gas tax was the heaviest, the number of registrations decreased proportionally. The decline throughout the Dominion in 1932 was seven per cent. or in other words there were 89,970 fewer cars last year than in 1931. Undoubtedly the increased gas tax was one of the main reasons for the decline in registration.

"Aren't women the limit?" growled the first. "We husbands don't know anything at all and our wives know everything."
