MARRIAGE,
HAPPINESS AND COMPETENCE.

WHY IS IT?

That we behold many females, scared in the meridian of life, broken in health and spirits with a complication of diseases and ailments, depriving them of the power for the enjoyment of life at an age when physical health, buoyancy of spirits and happy serenity of mind, arising from a condition of health, should be predominant.

Many of the causes of her sufferings at first—perhaps years before, perhaps during girlhood, or the first years of marriage—were in their origin so light as to pass unnoticed, and of course neglected.

IN AFTER YEARS,

When too late to be benefitted by our knowledge, we look back and mourn, and regret the full consequences of our ignorance.

What would we not often give to possess, in early life, the knowledge we obtain in after years! And what days and nights of anguish we might not have been spared, if the knowledge was timely possessed. It is

MELANCHOLY AND STARTLING

To behold the sickness and suffering endured by many a wife for many years, from causes simple and controllable, easily remedied—or better still,—not incurred, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (with in the reach of all) which would spare to herself

YEARS OF MISERY,

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without giving him the opportunity of acquiring that competence to which his exertions are entitled, and the possession of which would secure the happiness of himself, wife, and children.

SECURE THE MEANS OF HAPPINESS

By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thousands.

In view of such consequences, a wife or mother is excusable if she neglect to avail herself of that knowledge in regard to herself, which would spare her much suffering, and the means of happiness and prosperity to her husband, and confer upon her children that blessing above all price—healthy bodies, with healthy minds. That knowledge is contained in a little work entitled

THE MARRIED WOMAN'S
Private Medical Companion.

BY DR. A. M. MAURICEAU,

PROFESSOR OF DISEASES OF WOMEN.

One Hundredth Edition.—16mo., pp. 250. *Price, 50 cts.*
(ON FINE PAPER, EXTRA BINDING, $1 00.)

First published in 1847, and it is not

SURPRIZING OR WONDERFUL,

Considering that EVERY FEMALE, WHETHER MARRIED OR NOT, can here acquire a full knowledge of the nature, character and causes of her complaints, with the various symptoms, and that nearly

HALF A MILLION COPIES

should have been sold.

It is impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married, or those contemplating marriage, but no female desirous of enjoying health, and that beauty, consequent upon health, which is so conducive to her own happiness, and that of her husband, but either has or will obtain it, as has or will every husband who has the love and affection of his wife at heart, or that of his own pecuniary improvement.

An extensive sett of Tables has been constituted for Assurance on Joint Lives, the Survivor of two or more lives, and for Contingent Assurances; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency affecting human life, against which it may be prudent or expedient to provide.

The great success of this Institution in Europe, and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.

The rates of the Britannia are the lowest which can be offered consistently with security to the Assured.

The income of the Company, independently of the large subscribed Capital, is about Eighty Thousand Pounds, Sterling, per Annum, and of this a great part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk.

All claims payable within three months after proof of Death.

No proof of Birth is required at the time a claim is made; the Age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question.

Policies effected by Parties on their own lives are not rendered void in case of death by Duelling or the hands of Justice. In the event of suicide, if the Policy be assigned, to a bona fide Creditor, the sum assured will be paid without deduction. If the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information as to the mode of effecting Assurances may be obtained either by letter or personal application to

CHILSON'S PATENT
WORLD'S FAIR PRIZE MEDAL FURNACE.

WE are happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented, is declared by high and reliable authority, to be the *BEST FURNACE IN THE WORLD.* Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating Dwellings, Churches, School Houses, Academies, Court and State Houses, Hospitals, Stores, &c., in nearly all the cities and towns in the United States, but is meeting with equal favour in the Candas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country, Gold Silver Medals First Premiums, and lastly, the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best. (See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot air furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy scorching disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a Healthful, Economical, and durable Apparatus, for thoroughly warming and ventilating buildings, has been entirely successful. They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals of wood, all equally well, flues easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. Sizes for all classes of buildings. Also, 4 sizes of new and and superior

Announcement Important

REDUCTION IN PRICE OF BOGLE'S HYPERION FLUID

For Restoring, Preserving, and Adorning the Hair.

To the Lowest Rates of any article ever known for the Hair, as follows:

Bottles formerly sold at 50, " 25c
" " " 75c, " 50c.
" " " 100c, " 75c.
" " " 200c, " 150c.

The unprecedented sale, increasing demand and unqualified satisfaction this wonderful Hair Restorative has attained throughout the world has raised up a host of Counterfeits, under all manner of names, of the most pernicious and destructive nature to the hair, which trash has been palmed upon the public under the lure of cheapness, and thousands have to regret the loss of fine heads of hair, by the use of these deleterious nostrums. The inventor of Bogle's Hyperion Fluid, considering the great success with which it has always attended his efforts, has determined to reduce the price of this invaluable compound, to the above scale, so that all, the rich and the lowly, may have an equal chance of making Bogle's Hyperion Fluid a household treasure, and banishing quackery from their doors.

At the same time, the inventor pledges his reputation that the Hyperion shall ever continue to be as good as heretofore, which has gained it a world-wide celebrity. He therefore throws aside the restriction of large profits, and assumes that of largely increased Cash Sales, confident of continued success, and yet further popularity. The virtues of Bogle's Hyperion Fluid for the hair are proverbial. Its universal success has never been equalled, and the immense good it has done is testified by thousands of Certificates from Physicians and parties of the highest standing, open for inspection at the proprietor's Warehouse,—

All who suffer from Baldness—
All who are troubled with Dandruff—
All who have Salt Rheum, or any Humor on the Scalp—
All who have Hair-Eaters at the Roots of the Hair—
All who are troubled with Headaches—And
All who wish to have a Beautiful and Glossy Head of Hair, in luxurious redundancy to the latest period of life—

—*Bogle's Hyperion Fluid.*

Its price is now within your reach, whilst its manifold virtues are beyond price.

When used in early childhood, it lays the foundation of a good head of hair.

Ladies find it invaluable for keeping the partings clear of dandruff and hair-eaters, whilst it keeps the hair moist and beautifully in place and curl.

Bogle's Eletric Hair Dye,

A recent and most wonderful discovery in chemistry, for instantaneously, and without the least inconvenience changing Red, Light, or Grey Hair, into a Permanent Auburn, Dark, or Black Color, without injuring or staining the skin in the least, and retaining all the original gloss and softness of the Hair.

HEALTH FOR A SHILLING

Holloway's Pills.

EXTRAORDINARY CURE OF LOSS OF HEALTH. DISORDERED STOMACH, INDIGESTION AND DEBILITY—MISSATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erwarton, near Harlech, Merionethshire.

To Professor Holloway,

Sir,—I owe my all of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended your Pills. I tried them without delay, and still taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, your obedient Servant.

June 9th, 1852. [Signed] JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8th, 1852.

To Professor Holloway,

Dear Sir—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skilfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of 6 weeks.

[Signed] EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT WITH INDIGESTION AND VIOLENT HEAD ACHES.

Extract of a Letter from Mr S. Gowen, Chemist, of Clifton, near Bristol, dated July 14, 1852.

To Professor Holloway,

Dear Sir—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, Loss of Appetite, violent Head-aches, pain in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in these complaints in cidents to children, particularly in cases of Measles and Sea Sickness, having effected positive cures of these diseases with no other Remedy.

[Signed] S. GOWEN.

A DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from M. Bostock, Druggist, of Ashton under Lyne, dated July 31, 1852.

To Professor Holloway,

Dear Sir,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood, with whom I am well acquainted was cured of a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint, and the effects of a stooping position which he was obliged to assume in his business. The spasms were an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, they have effected a wonderful cure in cleansing the liver and stomach, and strengthening the digestive organs that he has been restored to the enjoyment of good health.

I remain, dear Sir, yours faithfully,

[Signed] WM. BOSTOCK.

Another Testimony for the Hydropathic and Botanic Cures.

I Saw many persons' testimonials in the papers, who were cured by Dr Lanktree's medicines, I know others in my neighborhood, whose names were not made public, who were cured by him but I find it to be my duty to state to all that I was sorely afflicted with Fits for many years and within the three years past lost over £60 by medicine and treatment, and got no relief until I went to Dr. Lanktree, of Kingston, about two months since; and by his treatment, medicine and advice, I thank God I have had no return of them since, and am now able to do my business.

NEVER FAILING REMEDY

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated Aug. 20th, 1852.

To Professor Holloway,

Dear Sir.—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About 10 years ago, Mr W. Cummins, of Saltney street in this town, was thrown from his horse, whereby he received very serious injuries: he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the great ease, and with renewed health and vigour.

[Signed] J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gaipsbro', dated March 1st, 1852.

To Professor Holloway,

Sir—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by presevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

[Signed] J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS, DEBILITY AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. J. M Clennell, of Newcastle-on-Tyne, dated Sept 20, 1852.

To Professor Holloway,

Dear Sir—I am authorised by Mrs. Gibbon, of 31 Bailey Street, in this town, to inform you that for a considerable period she had been a sufferer from debility and general ill health accompanied with a disordered stomach, and great derangement of the system. In addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totaly incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderfully short time, they effected a perfect cure of her legs, and restored her constitution to health and strength: and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, Dear Sir, yours faithfully.

[Signed] J. M. CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messrs. Walker and Co, Chemists, Bath.

To Professor Holloway,

Dear Sir.—Among the numerous cures effected by the use of your valuable medicines in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this city. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquirers as to the authenticity of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also, had been perfectly cured of and old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise. We remain, Dear Sir,

Your's faithfully,
[Signed] WALKER & Co.
