SPECIAL NOTICE.

The Canada Life Assurance Company.
HAMILTON, C. W.
INCORPORATED BY ACT OF PARLIAMENT.
Income exceeds £12,500.
Accumulated Means exceed £30,000.

President, H. C. BAKER, Esq., F. I. A.
Vice President, JOHN YOUNG, Esq.

THE valuations of the affairs of this Company are annual, and commence on the 1st May, preparatory to the annual meeting, which is held in August.

All policies issued in the Mutual Branch, upon which two yearly premiums have been paid, participate rateably in the profits declared at each succeeding valuation.

Parties purposing to effect assurances on their own, or other lives, are reminded that by remitting their proposals either to the Head Office or to any of the Agencies at an early day, they may secure the advantages of this year's entry, and thus participate in the profits to be declared in August, 1854, or one year earlier than those whose policies will bear date subsequent to the 30th of April, prox.

The unquestionable fact that the residents of the British Provinces in North America have thus far shown a proper appreciation of the peculiar advantages secured by assuring with this Company, the only one established within their borders, is most satisfactory to the Directors, and the following comparison will effectually prove that the great value of these advantages has not been over rated; it is accurately compiled from the published parliamentary returns of the accounts registered by the several Companies organized under the Joint Stock Companies' Registration Act 7 and 8, Vic. c. 110.

Those only have been selected, whose returns embrace a period of 3 years or more, excluding such as undertake insurance against Fire as well as Life, and one or two of which the accounts are imperfect or unintelligible. Their names are as follow:—Ægis; British Empire Mutual; Catholic Law & General; City of London; Colonial; Consolidated Investment; English Widow's. Fund & General; Gresham, India & London, Legal & Commercial; London & Provincial Law; London & Provincial Joint Stock, Mercantile; Mitre; Professional; Prudential Mutual; Solicitors & General; Sovereign, and Times; being 19 in number, with the united duration of 83¾ years, the average being nearly 4½.

	the whole 19 offices	Average of each office n'arly 4½ year's duration.	The Canada 4½ years.
Premiums received less returned premiums and re-assurance	£81,384	£20,073	£27,037
Interest, fees and fines received, less interest and dividends paid	19,713	1,037	4,259
Together	£101,097	£21,110	£31,296
Paid for claims	84,487	4,447	4,298
Paid for expenses including preliminary expenses,—where defined, and interest account where balance is Dr.	248,517	13,080	7,969
Paid for profits on Policies	nil.	nil.	212
Together	£33,3004	£17,527	£12,479
Net balance of premium fund and interest remaining at close of the act's	68,093	3,583	18,817
	£101,097	£ 21,110	£31,296*

To these figures, as exhibiting the great value of increased interest and moderation in expenditure, in accumulating the funds of a life company, and the consequent creation of profits, the Directors will again name the advantages resulting from 'real management, speedy settlement of claims, the investment of the whole fund in the country, and the peculiar fulness of the information afforded in the yearly reports, as in their judgment giving the Canada yet stronger claims for a preference with intending assurers over every other Company represented in these Provinces.

Every information respecting the position of the Company can be obtained, also forms of proposal, and annual Reports, by application at the office, or to any of the Agents.

Applications for assurance may also be forwarded by mail.

Secretary.

Agent.
Kingston, April 11, 1853

* The tabular results of each office forming the totals given above can be seen on application to any Agent of the Company, and an inspection thereof will further show that the result of a comparison in detail is more favorable to THE CANADA, than when taking an average of the total result. 83

CAUTION!

From the (Boston) Chronotype.

The great popularity of Wistar's Balsam of Wild Cherry has induced some mercenary individuals in various parts of the country to compound quack nostrums for the purpose of deceiving the public and raising money on the well-earned reputation of this truly valuable medicine. The interests of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of Wild Cherry; for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which "human flesh is heir to," or preserved the health and life of so many thousands of our race as has Dr. Wistar's Balsam. Mr. Seth W. Fowle, druggist, No. 138 Washington street, is the sole proprietor of the original receipt for the manufacture of the genuine medicine, and supplies both at wholesale and retail, and of whom also, agencies can be obtained.

THE GENUINE AND ORIGINAL

Dr. Wistar's Balsam of Wild Cherry, Has been extensively Counterfeited in Philadelphia, and some thousand bottles of the spurious imitation thrown into the market and extensively circulated; this is to caution Dealers and the public generally against purchasing any other than that having the written signature of I. BUTTS on the wrapper.

Prepared and sold, Wholesale and Retail, by Sth W. Fowle, 138 Washington street, Boston, Mass.

For sale by E. W. PALMER, Druggist, Market Square, Kingston.

Dr. Shaw on Consumption.

There is perhaps no disease, with which our country is affected, which sweeps off annually so many victims, as that fell destroyer of the human race, Consumption. What a vast amount of suffering might be saved the human family if they would but avail themselves in season of the remedies which nature has provided for her children, and which science has reduced to such a form as to be within the reach of all. Far be it from us to tamper with those who are suffering with this painful disease. In offering you a remedy, we do not ask you to rely upon the representation of those who might be actuated by selfish and pecuniary motives but we give you the deliberate testimony of some of the most respectable physicians, that Wistar's Balsam of Wild Cherry, has established for itself a reputation that cannot be assailed. Dr. Wm. A. Shaw, of Washington, N. C. writes under date of May 1, 1846, as follows:—

"I have heard of many cases of decided beneficial effects from its use, especially in Asthma, and Chronic Cough of spasmodic character. I have used the Wild Cherry a great deal in practice, and with marked good result in those cases of great nervous mobility, and irritability, to which physical patients are subject. I have no doubt it is the best form in which the effects of Prussic acid may be had as a sedative on the constitution without danger to the patient. Every one knows the reputation of the Turpentine and Balsam constituents in protracted coughs. The combination of these principles in Wistar's Balsom of Wild Cherry is ingenious and judicious.

"Medical men are justly distrustful of Patent Medicines in general, but candor must discriminate between outrageous nostrums and humbugs and those medicines which have proved salutary, and in many well attested cases, curative."

None genuine unless signed I. BUTTS on the wrapper.
