IN MEMORIAM

In loving memory of Robert E Watson, who departed this life on September 14, 1932.

A sudden change in a moment fell,
Without a chance to say farewell,
The blow was great, the shock severe
We little thought death was so near.
Only those who have lost can tell,
The pain of parting without farewell.

—Sadly missed by Father, Mother, Brothers and Sister.

IN MEMORIAM

WATSON — In loving memory of a dear husband and father, Robt. E. Watson, who departed this life Sept. 14, 1932.

He bade no one a last farewell,
He said good-bye to none,
The Heavenly gates were opened wide,
A loving Voice said, "Come."
Often our thoughts do wander
To a grave not far away,
Where they laid our dear one,
Just one year ago to-day.

—Sadly missed by Wife, Ada and Earl.

The gold production of Canada has done much to save the situation in the Dominion.

So far this year ten Chicago policement have been shot and killed by bandits. Across the border the lot of the guardians of the law is more difficult and dangerous than in any other land.

A robber entered a Toronto home and told a woman in bed to keep quiet. But she screamed for help and did so with such effect that the robber departed. A woman who screams like that is more effective than a husband armed with a gun.

In Canton, Ill., there is a jail which holds two people, but eight must serve equal sentences and so they must go in turns. A good lesson in grammar: I am in jail; I am going to jail; I am going to go to jail.

It is estimated that there is a filling station in Montreal for every 70 cars, and there are so many along every highway that it looks as if these big oil companies have captured the best profit paying business in Canada. As automobile production picks up it looks as if we may eventually have two cars foreach filling station.
