EDITORIAL NOTES

As one takes a walk through the woods at this time attention is drawn to the increasing number of black squirrels hat are scurrying around the bush. A few years ago very few of these beautiful little animals could be seen, as their numbers were kept down by ruthless hunters. Boys and young men should refrain from testing their skill in marksmanship at these lovely animals with their jet black fur and huge bushy tails. It gives a lover of wild life a thrill to see them gradually increase in numbers and add to the beauty of the woods.

Stratford and Montreal have been torn recenty by industrial strife that is likely to spread in sympathy to other citoes in the dominion. This is a critical time and level heads among employers and employees are needed to stave disaster. The employer of labor is not by any means garnering a harvest through the services of his fellow-men. His position is just as difficult to make ends meet as for those he employs and improved conditions in the manufacturing trade will have an immediate effect on the workers.

THE CHALLENGE OF THE HOUR

Parents, Sunday school teachers, W.M.S. organizations, how are you planning to meet the present temperance situation throughout our fair province? Shall we sit with folded hands and make no effort to stem the tide of intemperance that is overwhelming our people and adding so much to the burden of crime, accidents, sorrow and privation? Let us rather teach the children and young people the evil effects of alcohol and all narcotics on the human system. If prohibition is ever attained it must be won by a generation of electors, who know the evil results of the use of liquor, and who despite all arguments as to the revenue derived from its sale, will vote it out.

The new Sunday school Temperance study course opens on October 8th and continues each week until November 5th. The lesson with all necessary directions will be found in the Northern Messenger, the United church Sunday school papers—Playmate, and Canadian Boy and Girl, the Canadian Baptist, the Presbyterian Sunday school papers—young Canada and The Challenge, also in pamphlet form at 5c a copy, or 25c per dozen. obtainable from the National W.C.T.U. Campaign office, 360 Craig St., Box 3070 Montreal, Quebec.

As an incentive the Grey and Dufferin County organization of W.C.T.U. is offering a shield to the Sunday school having the highest percentage of its enrollment taking part in the temperance course.

W.M.S. temperance secretaries are urged to stimulate effort wherever possible, and assist Sunday school superintendents and teachers in putting this temperance study course across successfully.

Mollinsons Try Flight

Early Tuesday morning several carloads of Flesherton people motored to Wasaga Beach to watch the flying Mollisons attempt a record flight to Bagdad, Iraq. On account of a heavy load of gasoline the first attempt was a failure. One of the skids of the undercarriage was broken and the plane had to be taken to Toronto for repairs.

A negro woman walked into an insurance office and asked whether they dealt in fire insurance. "We do," replied the clerk. "What do you want insured?" "Mah husband." "Then you don't want fire insurance," smiled the clerk as he reached for another application form. "What you want is a life insurance policy." "No, Ah don't," exclaimed the woman. "Ah wants fire insurance. Mah husband been fired fo' times in de las' two weeks."

SHOE REPAIRING AT PRICEVILLE

On Monday, October 9th I intend opening a shoe repair shop in Priceville. First class repairing to shoes and rubbers; satisfaction guaranteed and prices reasonable.
