PROVINCIAL CANALS.

PUBLIC NOTICE is hereby given, that His Excellency the Governor General in Council, has been pleased, by Proclamation, to declare and direct that in lieu of the deductions authorised by the Tariff of Canal Tolls of 1852, the following regulations be adopted, that is to say—

That upon, from and after the date of the said Proclamation, the following articles, to wit:—

IRON of all kinds and SALT,

on the passage of which through the St. Lawrence Canal, full Toll shall have been paid, shall be allowed to pass through the WELLAND CANAL free of Toll; and all Toll paid on such articles for passage through the Chambly Canal, or any part thereof, previously to passing through the St. Lawrence Canal, shall be refunded by the proper Officer at the Lachine Canal Office at Montreal. That any of the following articles, to wit:—

WHEAT,
FLOUR, and
CORN,

for the passage of which through the WELLAND CANAL, full Toll shall have been paid, shall be allowed to pass through the ST. LAWRENCE and CHAMBLY CANALS *free of* Toll.

And it is further directed by the said Proclamation, that articles mentioned in following Schedule A, shall pay on the WELLAND and ST. LAWRENCE CANALS, the Tolls as therein stated, and that the articles in Schedule B, shall pay on the ST. LAWRENCE CANAL the Tolls as therein stated: and that

BARREL STAVES and HEADINGS

RAILROAD HOUSE,
Late North American Hotel, Belleville.

THE Subscriber having taken the premises lately occupied by H. O. Levens, Front Street, has added thereto the large and commodious premises lately occupied by the Commercial Bank, and also the premises adjoining, making the establishment, both for comfort and extent, far superior to any Hotel in the town.

The Subscriber having had long experience in carrying on such an establishment, feels confident of being enabled to give universal satisfaction to his customers and the travelling community.

This Hotel will be supplied with the best that the markets will afford, and his Liquors will also be found of the best quality, as he is resolved to spare neither trouble nor expense in making his house equal to any on the American continent.

There is a large and commodious yard and sheds on the premises, and a Livery Stable will be attached to the house.

AUSTRALIAN STEAMSHIP COMPANY.

The Company's Magnificent new Steamship
"GOLDEN AGE,"
3,000 Tons, will be dispatched
For Port Philip, Melbourne and Sydney, Australia, about the 15th of June.

THIS Steamship is of the size and strength, and in every way equal to the Collins' line of Steamers, being 300 feet in length, 45 feet beam, and 12 feet hold. She is double-diagonally braced, with iron bars, and every improvement that experience and science can suggest has been adopted. Her accommodations for First, Second, and Third Class Passengers, are believed to be superior to any steamer ever built. Her model is unequalled, and it is confidently expected that she will make the trip from New York to Australia within fifty days—stopping only at the Cape of Good Hope to coal. Passengers may rely that every attention will be paid to their wants, and that the ship will be liberally supplied with every comfort. An experienced Surgeon will be attached to the ship.

Rates of Fare.—First Cabin Ladies' Saloon, $375; First Cabin Upper Saloon, $350; Second Cabin Lower Saloon, $275; Third Class Forward, $200; Children under 12 years of age, half price.

Eight cubic feet of baggage allowed each passenger, not exceeding 200 lbs. in weight. Books are now open. A remittance of one-half the amount will secure a berth—balance to be paid within thirty days before the time of sailing. For Freight or Passage, apply at the Office of the Company, to

CHILSON,S PATENT
WORLD'S FAIR PRIZE MEDAL FURNACE.

WE are happy to announce that CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented, is declared by high and reliable authority, to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating Dwellings, Churches, School Houses, Academies, Court and State Houses, Hospitals, Stores, &c., in nearly all the cities and towns in the United States, but is meeting with equal favour in the Candas, England, Russia, and other Foreign Countries. It has been awarded at the recent Fairs in this country, Gold Silver Medals First Premiums, and lastly, the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best. (See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot air furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and then the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a Healthful, Economical, and durable Apparatus, for thoroughly warming and ventilating buildings, has been entirely successful. They possess the following advantages. purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals of wood, all equally well—flues easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars. Sizes for all classes of buildings. Also, 4 sizes of new and and superior

Portable Furnaces.—Dr. Clark's Improved Boston School Stove.

Registers of all descriptions; Hot-air Grates; Room Ventilators, &c.

IMPORTANT TO HOUSE KEEPERS.

Something better and more economical than Soda, Cream Tartar, or any other preparation in existence for Baking.

DURKEE'S CHEMICAL YEAST, or BAKING POWDER—For raising Bread, Biscuit, Fried Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c., &c This article is one that every

Family, Hotel, Boarding House,

Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the *very thing needed every single day of their existence.*

Its most important advantage over the old system, are—

1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast,—water only being necessary.

2. No time is required for the dough to rise before baking; consequently bread may be made in a few minutes.

3. A cook can always depend upon having light sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.

4. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented braad, prevents the proper action of the gastric fluid upon it, and consequently, not only goes to nourish the body, while the acid tend to produce dyspepsia and its attendant evils.

This article has been thoroughly tested, and is universally liked. When used according to the directions, it is *warranted* to suit.

☞ Be careful to ask for Durkee's Baking Powder, and take no other, and you will not be deceived. Principal office, 189 Water-street New York. Sold by the best grocers and druggists generally.

Another Testimony for the Hydropathic and Botanic Cures.

I SAW many persons' testimonials in the papers who were cured by Dr Lanktrees medicines, I know others in my neighborhood, whose names were not made public, who were cured by him but I find it to be my duty to state to all that I was sorely afflicted with Fits for many years and within the three years past lost over £60 by medicine and treatment, and got no relief until I went to Dr. Lanktree, of Kingston, about two months since; and by his treatment, medicine and advice, I thank God I have had no return of them since, and am now able to do my business.

G. M. KINGHORN

BEGS to inform his friends and the public that he has leased from John Carruthers, Esq., for a term of years, the United States and Bay of Quinte Wharves, where he intends commencing business on the 1st April, as

Wharfinger, Forwarding Agent, Commission Merchant and Custom House Broker.

The Premises have a large Fire Proof Stone Store and Sheds erected on them, and are the most commodious for Storing and Transhipping in this Port. These Wharves being the stopping places for the United States Lake and River Mail Line, Bay of Quinte, Cape Vincent, and other Steamers, every facility is afforded to give despatch to Goods passing through his hands.

Any business in his line will be attended to with promptitude, and he trusts by long experience in the trade, attention to business, and reasonable charges, to receive a fair share of public support.

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated Aug. 20th, 1852.

To Professor Holloway,

DEAR SIR.—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About 10 years ago, Mr. W. Cummins, of Saltney Street in this town, was thrown from his horse, whereby he received very serious injuries: he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

Copy of a Letter from Mr. Hird, Draper, of Keady, near Gainsbro', dated March 1st, 1852.

To Professor Holloway,

SIR—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by presevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

[Signed] J. HIRD, Draper.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Chilblains	Fistulas
Bad Breasts	Chilblains	Gout
Burns	Chapped Hands	Glandular Swelling
Bunions	Corns [Soft]	Lumbago
Bite of Mosquitoes	Cancers	Piles
Sand-Flies	Contracted and Stiff Joints	Rheumatism
Coco-bay	Elephantiasis	Sore-Nipples
Sore throats	Skin-diseases	Scurvy
Sore-heads	Tumours	Ulcers
Wounds	Yaws	&c.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erwwen, near Harlech, Merionethshire.

To Professor Holloway,

SIR,—I avail myself of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended Our Pills. I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, you obedient Servant.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8th, 1852.

To Professor Holloway.

DEAR SIR.—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times within eight months, and skilfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of 6 weeks.

[Signed] EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD ACHES.

Extract of a Letter from Mr S. Gower, Chemist, of Clifton, near Bristol, dated July 14, 1852.

To Professor Holloway,

DEAR SIR.—I am requested by a Lady named Thomas, just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head-aches, pain in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any benefit or result; at last, she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in those complaints incidental to children, particularly in cases of Measles and Hooping Cough, having effected positive cures of these diseases with no other remedy.

[Signed] S. GOWEN.

BRITANNIA LIFE ASSURANCE COMPANY,
No. 1 Princes street, Bank, London!
CAPITAL, ONE MILLION.
EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the *Britannia* are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eight and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an *immediate Bonus* by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within three months after proof of death No proof of birth is required at the time a claim is made: the age of the Assured being, in every case, admitted in the Policy, cannot, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction: if the Policy be not assigned the full amount of Premiums received therron will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances may be obtained either by letter or personal application to
