AUSTRALIAN STEAMSHIP COMPANY.

The Company's Magnificent new Steamship

"GOLDEN AGE,"

3,000 Tons, *will be dispatched*

For Port Philip, Melbourne and Sydney, Australia, on Monday August 15th, at 2 o'clock precisely.

THIS Steamship is of the size and strength, and in every way equal to the Collins' line of Steamers, being 3[illegible] feet in length, 45 feet beam, and 32 feet hold. She is double diagonally braced, with iron bars, and every improvement that experience and science can suggest has been adopted. Her accommodations for First, Second, and Third Class Passengers, are believed to be superior to any steamer ever built. Her model is unequalled, and it is confidently expected that she will make the trip from New York to Australia within fifty days—stopping only at the Cape of Good Hope to coal. Passengers may rely that every attention will be paid to their wants, and that the ship will be liberally supplied with every comfort. An experienced Surgeon will be attached to the ship.

Rates of Fare.—First Cabin Ladies' Saloon, $375; First Cabin Upper Saloon, $350; Second Cabin Lower Saloon, $275; Third Class Forward, $200; Children under 12 years of age, half price.

Eight cubic feet of baggage allowed each passenger, not exceeding 200 lbs. in weight. Books are now open. A remittance of one-half the amount will secure a berth—balance to be paid within thirty days before the time of sailing. For Freight or Passage, apply at the Office of the Company, to

Professor Alex. C. Barry's Tricopherous,

OR

MEDICATED COMPOUND,

FOR Beautifying, Curling, Preserving, Restoring and Strengthening the Hair. Relieving Diseases of the Skin, Curing Rheumatic Pains, and Healing External Wounds. Bounded by no geographical lines, the reputation of BARRY'S TRYCOPHEROUS pervades the Union. The sales of the article of late years have increased in a ratio that almost exceeds belief. Professor BARRY, after a careful examination of his sales' book, find that the number of bottles delivered to order, in quantities of from half a gross upward, during the year 1852, was within a trifle of 95,000.

It is unnecessary to present at length the evidences of the wonderful properties of the Tricopherous, when the public have furnished such an indorsement as this. The cheapness of the article, and the explanations given of its chemical action upon the hair, the scalp and in all cases of superficial irritation, first recommended it to the attention of the people. This was all that the inventor desired. Every bottle advertized itself. The effects of the fluid exceeded expectation. It acted like a charm. The ladies would not be without it. Country dealers in every section of the United States found they must have it; and thus was built up a wholesale trade of an extent hitherto unheard of as regards articles of this kind. The highest point has not yet been reached, and it is believed that the sales this year will be a *million and a half of bottles.*

Depot and Manufactory, No. 137 Broadway.

Retail prices, 25 cents a large bottle.

☞ Liberal discount to purchasers by the quantity; and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c.
