Scientist claims that Indian girls used lipstick centuries ago. He may be all right but we doubt if the Indian maidens knew how to slap it on like our gals.

Late Mrs. G. Harbottle

EUGENIA

Mrs. George Harbottle, a resident of the 3rd Line, Euphrasia, for 25 years or more has passed on to be with her Saviour. The late Mrs Harbottle was well known in this vicinity, being a staunch member of the former Eugenia Presbyterian church, but owing to her state of health during the past few years she was unable to attend. She was a kind friend and neighbor and beloved by many. She was an industrious woman, a fond and dutiful mother to her family who will greatly miss her presence in the home.

The late Mrs. Harbottle was in her 75th year being born in July 1859 Her death was due tn heart trouble and although not very well at times her death came suddenly on Monday January 15. Her maiden name was Mary Harbottle and by her marriage to the late George Harbottle they were blessed with a family of five children, one passing in infancy. While the family was quite young, they moved from Keady to the 3rd line, where they have ever since resided. Those left to mourn the loss of a beloved mother are: Euphemia (Mrs. Albert Hall), Keady; Ralph and Jimmie (both married) on the homestead and Willie (married) also on the third line. She also leaves in sad bereavement four brothers: Ed. and Will. of Windsor; George in the United States and James of Vandeleur; also three sisters: Mrs. McInnes of the United States; Mrs. Cameron (Annie) in Winnipeg and Mrs. Harris (Sarah) of North Bay There are also ten grandchildren.

The funeral under the direction of Mr. E. J. Bennett of Flesherton was held on Wednesday afternoon. Although the weather was very cold and stormy, a large number of friends and neighbors assembled at the house to pay their last respects to the deceased. Rev. Mr. McNeill, pastor of Eugenia United church, officiated at the house and grave. After reading a Scripture passage, he took his theme from Matthew, chapter 6, verse 9. It was a beautiful sermon based on prayer. Two selected hymns, "Till we meet again" and "Rock of Ages" were sung. The funeral took place to the mortuary chapel, Flesherton cemetery, from which burial in the family plot there will take place later. The pall-bearers were Messrs. Will., Ralph and Jimmie Harbotttle, James Harbottle and son, Arnold, and Mr. Chas. Fawcett.

Floral tokens showing love for the deceased and sympathy for the sorrowing family were placed upon the casket.

Friends from a distance were: Mr. and Mrs. Albert Hall and eldest daughter, Mary, of Keady; Mr. and Mrs. Alex. Maxwell and family, Lady Bank; Mr. and Mrs. James Harbottle, Vandeleur and Mr. Arnold Harbottle of Flesherton.

We extend our sincere sympathy to the family and relatives in their sorrow and may God bless them and give them consolation in their hours of lonliness.

"What is home without a mother
What are all the joys they meet,
When her loving smile no longer
Greets the coming of their feet?
The hand of God will surely give
The strength to them that they may
live,
That when life's journey all is past,
Will give an entrance home at last,
With loved ones that are gone before.
Who dwell in bliss for evermore;
Far from the seeming world of strife
They dwell in everlasting life.
To those who have a mother,
Cherish her with care,
There'll never be another
To fill her vacant chair."

On Sunday, Rev. McNeill took as his text, verse 9, chapt. 6, of Matthew and spoke very tenderly, words of comfort to those left responsible after parents had departed, and how sacred a place was just because mother and father had made their home there.

The W. A. met on Thursday of last week with eight members present (including 3 new members). The pres. Mrs. J. Campbell presided and Mrs. C. Martin acted as secretary-protem, owing to the absence of the secretary, Miss Georgina Smith. The meeting opened in the usual manner. It was decided to buy material and make the daisy quilts. It was also decided not to give the play, "Gate to Happiness" now on account of weather conditions. The W. A. was divided into three units: the 8th line unit with Mrs. Fred Jamieson as captain: the village unit with Mrs. C. Martin as captain and the Eugenia north unit with Mrs. W. Gordon as captain. These units were to get to work and see who could make the most money at the end of three months. Other items of business were discussed and the meeting closed with prayer. Collection amounted to 45c.

We extend our sympathy to the MacDonald family in their recent sad bereavement and may God bless them in their hours of grief and loneliness

New Rules In Hockey

Goal — How Scored

A goal shall be scored when the puck shall have been put between the goal posts by the stick of a player of the attacking side, from in front and below the line of the goal on the top and entirely across a one inch line or the width of the diameter of the goal posts, drawn on the ice from one goal post to another.

A goal shall not be scored if the puck is put into the goal by any part of the person of an attacking person or by his skates. A goal however, shall be scored if the puck is put into the goal in any way by a player of the defending side.

A goal keeper may stop a shot in any way he choose except by throwing his stick, but must not hold the puck and must not pass it forward with his hands but may pass it laterally or backward with his hands.

Points to Remember

The referee's whistle or bell starts and stops play—not the timekeepers.

All games 60 minutes (three 20 minute periods) with overtime periods up to 30 min. if necessary. All games scored on the point system, two points for a win and one for a draw.

The goalkeeper or his alternate cannot play any other position but goal.

A player, losing or breaking his stick, is automatically out of the play until same is recovered or legitimately replaced.

The referee decides whether or not it is a goal. The goal umpires report to the referee when they believe a goal has been scored but the referee has the final decision and there is no appeal.

Substitutions can only be made when play is stopped.

Play must be stopped by the referee to impose a penalty.

No body-checking permitted on the forward line. The only players permitted to use the body in checking are players on the defending team when they are back of their own 60 ft. line, but there must be no charging by these players.

PROTON STATION

On Sunday, January 14th., 1934, there passed away at the home of his niece, Mrs. Robert Bates, Henry Beamish in his eighty-third year. The late Mr. Beamish was born in York township, Ont. He married Martha Robinson who died a number of years ago.

Their home was at Bracebridge for a time, then at Orillia and later in Toronto. He had a family of four sons and one daughter; one of the sons was killed in the Great War.

Two weeks ago Mr. Beamish became ill with pleurisy from the effects of which he failed to rally. He was an old gentleman, whom every one respected. For about seven years he has made his home with Mr. and Mrs. Bates. Rev. N. B. Jackson conducted a funeral service at the home of Mr. Robert Bates on Monday evening and on Tuesday morning the remains were taken on the train to Toronto for interment.

Mr. Hoddinott of Emmanuel College supplied for Mr. Young on Sunday night.

We are sorry Mrs. Blakeley is not improving in health very rapidly. Others who were ill are on the mend.

Congratulations to Mr. and Mrs. Bert Hodgins on the birth of a daughter.

At this season Proton Station boys suddenly take hockey fever and even if they have not had skates on since the last game they played last winter they just have to play hockey, so last Saturday afternoon a sleigh load of players and fans drove to Salem and spent a jolly afternoon with the Salem boys, besides winning four goals to their one. One six footer returned with a bleeding tempie. The player who wielded that stroke must have thought he was playing golf to have his stick so far up in the air.

Encouraged by this little victory the boys chartered a truck on Monday night and journeyed to Markdale, playing a game with a Markdale team on the rink. The result turned out in favor of Proton 6-2.

Poultry Feed Facts

Completed experiments in poultry feeding show that skim-milk is an excellent protein feed, that dry clover leaves with an occasional dose of Epsom Salts may replace roots or sprouted oats, that home-mixed is as good as a commercial grain, and that screenings of good quality may replace part of the good grain.

Petition in Hamilton asks for the early closing of millinery shops. It will be much more pleasant for the man who likes to take his wife for a stroll in the evenings to look in the store windows.
