Former Resident Dies At Porcupine

Word was received here this week announcing the death of Mrs. Frank Hamilton, nee Ina Beattie, at Porcupine, after an illness in hospital of several months. Mrs. Hamilton was a daughter of Mr. and Mrs. Andrew Beattie of this vicinity. Word was received here by Mrs. Mary Jamieson from her son, George, who is wintering at Timmins. The deceased lady taught school in Flesherton for two years, 1905-1906, and was a general favorite with everyone who knew her. The Advance tenders sympathy with her aged parents, brothers and sisters, who live in Toronto.

Grey County Notes

Ashes were the cause of a $3000 fire in Owen Sound when the residence of Mrs. Robt. Scott took fire. Considerable water damage was included in the loss.

Cheery news comes from Hanover when their local furniture show brought in a considerable number of orders, a decided improvement over the past couple of years.

Fire destroyed the clothing store in Wiarton, owned by A. Resenstein. His stock of $4,000 in ladies and gents, furnishings was almost completely destroyed.

The funeral of Ex-Mayor W. J. Christie of Owen Sound was held on Wednesday last when a large crowd paid tribute to a prominent citizen.

The average cost of food per day for those on relief in Owen Sound is 12⅓ cents per day, according to Col. T. J. Rutherford, secretary of the Welfare Board.

Mrs. Jas. Lindsay Sr. of Chesley was 97 years old on January 17th.

Jas. C. Milne of Chesley, uncle of Dr. J. E. Milne of Flesherton, died on January 11th.

Jas. Bolger of Dundalk has been appointed poundkeeper of the village, but his appointment is an honorary one, as he has not had one animal in custody for 15 years. He will not grow rich from his office, as his remuneration is the fees he collects.

H. C. Moody of Dundalk was elected to the executive of the Ontario Flour, Feed and Grain Dealers' Association.

Mr. John Carter, aged 78, died at his home in Melancthon township on Thursday. Three sons and five daughters survive, among them being Mrs. Robt. Down of Tara, formerly of Flesherton. Mrs. Carter predeceased him in 1929.

Jas. A. Myles of Thornbury, well known auctioneer, died at his home on Friday, January 19th. He was 74 years of age and a son of the late Mr. and Mrs. Robert Myles, pioneers of Euphrasia township. Besides his wife he leaves ten children.

Old Resident Dies

The death is announced of an esteemed Anglican clergyman of the old school, who spent his early days in Flesherton. There are some old timers who will remember him as the son of a fine type of English lady who taught music to budding Flesherton children over 60 years ago. His name was Pierre de Lom, and 56 years ago he entered the Anglican church as a preacher, being ordained at London by the late Bishop Hellmuth. He held pastorates in the Diocese of Huron, Toronto, and in England and the United States. Latterly he has been living at Cobourg, Ont., where last week he passed away at a ripe old age, leaving his widow and one son Theodore Cyril Bernard of Montreal

A FATHER'S ADVICE

Barney Sheridan of the Paola Western Spirit, says his father gave him this advice when he was leaving home at thirteen to get a job: "Barney, if you get any money, don't count it in a crowd. Don't get on or off a wagon when it's going. Don't ask a woman how old she is, nor poke fun at anybody's clothes. Don't enquire of a blind person or a cripple how it happened. Don't lie unless it's in defence of a good woman, and never run from a fight that you've started. As to smoking and drinking, the less the better, but most men of some account do one or the other. No use to talk or write about other men's habits because nobody can mend them but the men themselves. Meddling in other people's affairs stirs up trouble and no good. Never do anything too much is my rule."

W. L. Taylor Of Osprey Is New Warden Of Grey

W. L. Taylor, Reeve of Osprey township was elected Warden of the County of Grey on Tuesday evening, this being the first order of business of the 1934 council. The election of Mr. Taylor as Warden was advocated by The Advance over a month ago and his acclamation to the position was not unexpected. Besides Mr. Taylor the following were nominated for the chair, but withdrew: J. C. Mercer of Markdale, D. Allen of Shallow Lake, Louis Himler of Neustadt, Thos. Ramage, Sydenham, John Hutchinson of Thornbury and W. H. Hunter of Egremont.

Mr. Taylor has had an enviable career in municipal affairs and the action of the County Council in granting him the highest honor at their disposal is only right and just under the circumstances. Here is the record: As councillor five years, Deputy Reeve five years, and as Reeve for thirteen years. He was on the Good Roads Committee for ten years, two years as Chairman. He has served on the following committees: Finance, Education, Printing and Agriculture. He has served his country with distinction and the Wardenship is only a portion of honor which is his just right. Mr. Taylor lives in the village of Singhampton, on the townline between Osprey and Nottawasaga. The fact that his territory is so one-sided is the strongest evidence of his popularity.

W.M.S. Meeting

The W.M.S. met in St. John's United church on Thursday of last week with Mrs. W. Moore in the chair. The meeting opened by singing the hymn "Saviour, Thy Dying Love," the reading of Psalm 65 and prayer by Mrs. Cargo, and the devotional leaflet was read by Miss Scott. Mrs. E. C. Murray gave a resume of the 1st and 2nd chapters of "Living Issues in China."

In the absence of the President the first vice-president took the chair. A letter was received from Mrs. A. M. Cole, supply secretary, of Owen Sound giving a list of the articles allotted to the Flesherton Auxiliary to supply for the bale, which is to be sent not later than June 9th. Reports were called for from the different secretaries. The treasurer reported that $227.25 had been raised during 1933, and the bale was valued at $30. The secretary reported 21 paid up annual members and seven life members. Mrs. Murray reported 19 annual members and six life members in the Mission Band; 15 World Friends were taken and $23 were raised during the year. Mrs. Mitchell's group will take the February meeting. The roll was called and 16 members and one visitor were present. The meeting was closed with the Benediction.

TIE IN ELECTION

The recount of the ballots cast for the Councillors in the municipal election at Collingwood on New Year's Day, applied for by Graydon J. Kohl, was held on Monday. His Honor Judge Dudley Holmes of Barrie presided, and at the conclusion of the counting found 507 ballots each for Kohl and George T. Foulis, who was declared elected on election night by a majority of two.

One ballot, on which the voter voted for both candidates, but made irregular marking, is yet to be the subject of written argument by counsel, Joseph Hood of Stayner for Kohl and E. J. McEwen of Collingwood for Foulis. No serious irregularities were found in any of the polling divisions. His Honor reserved judgment as to costs.

GRIERSVILLE SCHOOL BOARD WELL SERVED

At a recent meeting of the Griersville school board, Mr. George Taylor, who has been acting as the caretaker of that school for the past 20 years of continual service, resigned, and asked to be relieved of those duties. Mr. Albert Haines is another of the old school section men, and he refused re-election this year to the board after having served 24 years. The late James Taylor, father of Mr. Edgar Taylor, one of the present trustees, served on the school board for 24 years, before moving out of the section. Mr. Fred Abercrombie is now serving his 30th year of service as secretary-treasurer. This is a record of service to their section which will be hard to beat anywhere in this district. All of these men have worked hard through the past years, and deserve a good deal of credit for their co-operation and usefulness. If there is any other school section with a record better or as good as this one, the boys near Griersville would like to hear about it.

Officers Appointed In Osprey Township

The inaugural meeting of the Osprey Municipal Council was held in the Orange Hall at Maxwell on Monday, Jan. 8th. After the members declared and subscribed to the Statutory Declaration of Office, on request of Reeve Taylor the Rev. McNeil opened the new year's business with a passage of Scripture and offered up prayer for Divine guidance for the members of Council and the officials for the year 1934. Afterwards each member made a short address, and Council conducted its business as follows:

—C. N. LONG, Clerk.

Child Born After Mother Dies

Thirty minutes after the death of Mrs. Anthony di Pasquale in a Buffalo hospital recently her ninth baby was born, a seven pound girl. The mother was stricken with eclampsia and despite emergency treatment died soon after being admitted to hospital. Split-second decision was necessary, and the surgeon, Dr. Anthony J. Cetola performed the operation without removing the dead woman to the operating room. When the child was brought into the world it was pornounced "quite healthy and a perfectly normal baby."

Reports from Sault Ste. Marie the idea of supplying free text books to public school children is being considered. They might be free to the children, but in stern reality there is no such thing as a free text book.

Old Friends Wanted

Editor Flesherton Advance: Having spent my younger days in, and around Flesherton and Rock Mills, I would like very much to get in touch with some of my old school mates and other friends, so if you could do me this favor I shall be very grateful Could you inform me if any of the Sharp family are still at Flesherton or where could I reach them? And could you tell me if any of the Hoy boys are there, also the whereabouts of Elwood Genoe, Victor Phillips, Thomas Fisher Jr., Walter Akitt and R. D. Clark.

Everything here is beautiful and warm, 68 today. We have practically rebuilt this city since the quake, except the 22 schools, which are about ready for the contracts. We are still digging out since the flood of January 1st., so far there has been 44 bodies recovered—so you can imagine it isn't all sunshine here.

I intend to make a visit back home (Flesherton) next summer so if any of my old friends care to write me I'll gladly give any information concerning California that they would like to know.

I am inclosing a coupon you may use instead of going to expense of return postage, any information you can give concerning these folks I have named will be greatly appreciated. Pardon the length of this letter, but I had to explain it as clearly as possible, thankfully yours.

—JOE SIMPSON,
318 Elm Ave.,
Long Beach, California.

Hornings Mills Makes Own Electric Power

Rather than accept the terms of the Ontario Hydro-Electric Power Commission, the little village of Hornings Mills, has gone into the business with the aid of T. H. Huxtable. The village has just completed its own generating and distribution system, while Mr. Huxtable supplies the power site east of the village at what is known as Sloane's Dam, his generator having a capacity of fifty horsepower. Mr. Huxtable supplies the power to the village's own distribution system of approximately three miles of primary and secondary circuits. The main street is well lighted with 23 lights. Twenty-seven customers are now connected. Extensions into the rural district surrounding the village are being contemplated.

Fishing In North

Fishermen will be interested in this bit of news: A friend of The Advance writing us from up north, says "There is some great trout fishing, which I know you are fond of. If ever in this part of the country try and spend a day or two. Speckled trout are plentiful in the spring and grey trout almost any time in the summer. There was one caught last summer weighing sixteen pounds, and ten-pound grey trout are quite common." As the author of the above information is a Kimberley boy you can bank on its reliability. We would like to be able to profit by the advice and invitation.

He Gets The "Jacks"

When Stewart C. W. Hughson, owner of Model Farm in East Garafraxa township, wishes rabbit for dinner he has a unique way of supplying his requirements. With a piece of binder twine he suspends a bunch of alfalfa hay from the limb of an apple tree at the corner of the house, the shotgun is placed through the ventilator of an unstairs window, the jack rabbit appears, nibbles at the alfalfa, the trigger is pulled and the meal is assured. During the past week a dozen large jack rabbits have fallen prey to Mr. Hughson's marksmanship. —Arthur Enterprise.

—HAVE YOU RENEWED?

Live Stock Report

Result of price advance began last March which has proceeded uninterupted, except for the usual fall decline, hogs yesterday sold higher on the Toronto Live Stock Market than at any time since July, 1931. Yesterday's market closed 15 cents higher for the week. Cattle trade was again active, with prices generally steady to a shade higher. The holdover totalled 200 head of late arrivals. Calves, sheep and lambs closed firm.

The hog market, after an unsettled opening, steadied 15 cents higher at $8.10 to 8.15 f.o.b. for bacons, $8.40 off truck and $8.65 to $8.75 off car.

Choice heavy steers closed at $5.65 to $6.50, with medium to good steers at $4.50 to $5.50. Choice butchers brought $4.50 to $5 with other butchers from $4 to $4.50. Cows were firm at $2.75 to $3 for tops. Good bulls closed at $2.50 to $2.75, with bolognas at $2. Fed calves brought $5 to $7.

Calves closed firm at $7 to $7.50 for choice vealers. A few tops of $8 were registered. Medium to good calves sold at $5 to $6.50.

Lambs held steady at $7 for good ewes and wethers. Other grades ranged from $5 to $6.50. A small supply of sheep sold steady at $2 to $3.75 per cwt., according to quality.

SHIPMENTS OF HOGS HEAVIEST SINCE 1926

Eighteen to twenty thousand hogs are being shipped weekly from Canada to the British market, the heaviest exportation since 1926, and in consequence of the active demand, prices have risen to the best level attained in more than three years.

All mixed farming sections of the Dominion are sharing in the prosperity that in recent weeks has come to the hog-raising industry, and in many parts of the country packing plants are working full time, and some overtime. Dealers are paying $7.75 per cwt. at Ontario country points, a price equivalent to $8.35 off car at Toronto for stock suitable for the British market. Old Country requirements call for hogs weighing 200 to 220 pounds. The hogs are dressed and halved lengthwise for shipment.

An executive of a Toronto packing plant expresses the view that the British market for Canadian stock is likely to continue active.

The Egg Market

The following prices of eggs are being paid to producers this Wednesday:

Extras	27c
Firsts	23c
Pullet Extras	20c
Cracks and Seconds	15c

In Tuesday's Toronto dailies extras were being quoted at 26c per dozen, so this is an outstanding local price. The demand for eggs is increasing.

In choosing the occupants of the poultry breeding pen select only strong and vigorous breeders.

Use females that have either made good egg laying records, or that show by their handling quality, clean cut heads and bright prominent alert eyes that they are of heavy laying type.

Choose males that have vigour, size and breed type, the sons of heavy laying dams and sires similarly bred.

Give the breeding pen roomy quarters. Don't use forcing feeds but feed generously, remembering sunlight, exercise, and that a supply of alfalfa and cod liver oil will help give good hatches.
