F. R. OLIVER SPOKE

F. R. Oliver, M.L.A., contributed to the deoate on the speech of the Throne in the Legislature on Wednesday of last week. His remarks were mainly confined to the condition of the agricultural industry and made reference to the British bacon quota He also drew attention to the excessive stock yard charges and stated that the stock yard and the packing houses are the Siamese twins which are fleecing the farmer out of too great a proportion of his hard earned dollar; they virtually set the price, collect the rake-off, and send the paltry return back to the farmer.

Pedlar's Snow Plane

A picture of a snow plane, owned by Mr. Charles Pedlar of Neepawa, Man., an old Artemesia boy, has just some to hand. The body of the plane is built similar to that of a cabin airplane with vision in front for driving and also on the upper structure. The engine, with propeller attached, is situated at the rear and above the body, the whole carried by four stout ski-runners. It is a neat little machine and Charlie says that it will travel over the fields as well as it would on the road and will make 60 miles an hour. He is real proud of his snow plane, as it was built in his garage at Neepawa, where he conducts the Chevrolet agency.

DONATE OLD SALES BOOK

Thomas E. Aikenhead, presilent of the Aikenhead Hardware Ltd., and his two sons, associated with him in business, waited on Mayor W. J. Stewart of Toronto and presented his worshipw with a souvenir booklet containing photographic copies of pages from the sales book of the firm 100 years ago. The firm was established in 1830.

On the pages can be found the names of many prominent families who carried accounts with the firm. Among them is the name Richard Woolsworth, great-grandfather of J. S. Woodsworth, M.P., national C.C.F. leader.—Toronto Star.

HARDWARE - - FLESHERTON

Trail Rangers' Concert

The "Trail Rangers" of St. John's United church, under the management of Mr. Chappel, public school principal, gave an entertainment in the basement of the church before an audience which taxed the seating capacity on Friday evening of last week. There were fourteen boys in the cast. In the first half of the program they were dressed as girls and gave a very entertaining exhibition. In the last half of the program the lads fairly outdid themselves in a minstrel show which brought forth continuous roars of laughter. The outstanding pleasure of the evening was the rendering of "The Old Spinning Wheel" by Donald Scott, who is only eleven years of age, but who possesses a very pleasing voice for a child. His enunciation was clear and his voice very true. All the numbers on the program were well rendered and brought forth many praises from the large audience. A very hearty vote of thanks was tendered Mr. Chapple for his work in tutoring the lads. The finances of the Rangers were added to by sixteen dollars, which, at the low price of admission, was very good indeed.

Mrs. C. M. Field Passes

Death came to Mrs. C. M. Field, an old resident of Osprey, at her home in Maxwell on Sunday, at the age of 61 years. The funeral will take place on Thursday afternoon, March 8th with service at her late residence at 2:30 p.m., interment in the Maxwell cemetery.

Fewer Road Foremen

A change is expected this year in the number of road foremen employed by the Grey County Roads Commission. In 1932 twenty-seven men were employed as road foremen, last year the number was reduced to 18 and is expected that this year only eight overseers will be appointed, with a considerable saving in expenditure. Each of the foremen will have his beat extended considerably and will supervise the work on each section of his beat in place of actually working on any proposed undertaking, as most of the maintenance work and other road repairs will be accomplished through the power graders used by the road committee last year. The road committee has not made public as yet who will compose the group of road foremen.

Local and Personal

Mrs. Wm. Caswell is again able to be around after breaking her arm some weeks ago.

Mrs. W. G. Bryce and little son have returned home after spending the past month with her mother at Sarnia.

Mrs. John Crossley of Weston is at the Park Hotel while her parents, Mr. and Mrs. A. B. Ferris, are visiting at Guelph and Toronto.

Mr. and Mrs. C. R. Chapple and son, Alan, Mr. Geo. Armstrong and sister, Alice, spent Sunday at their parental homes at Meaford.

A number of hockey fans were in Toronto Saturday night attending the Maple Leaf and Detroit Red Wing game, the former winning 6-4.

Messrs. Cecil McTavish, Royden McDonald and Mel. Sled were in Owen Sound on Thursday attending a motor school held by General Motors.

A successful sale of baking was made by Flesherton L.O.B.A. Saturday afternoon when $9.73 was taken in.

Dr. E. C. and Mrs. Murray motored to Toronto on Tuesday; the latter will attend the Toronto Conference Annual Meeting, being President of Grey Presbyterial.

Mr. Leslie Ferris underwent an operation for appendicitis on Friday at the Guelph hospital. Leslie is in his third year at the Ontario Veterinary College at Guelph.

Mr. Gordon Long has moved his family from his farm south of Flesherton to the Swanton farm one and a half miles north of town. Mr. Claude Marriott will occupy his late residence.

Ice on McCauley's pond this year was the thickest it has been for many years. On Monday Mr. Fred Mathewson cut a few score more blocks for a customer and the ice measured 24 inches thick. The ice which formed on the water where the blocks were taken out three weeks ago measured ten inches thick.

The people of Flesherton and Rock Mills held a shower of kitchen ware on Monday evening in Fraternity Hall in honor of Mr. and Mrs. Ken Betts, recent bride and groom. A walnut smoker was also among the gifts. A pleasant evening of games and dancing was spent by the large number who attendel.

THE FIRST THAW

The long period of zero weather was broken on Thursday and a heavy thaw set in that took considerable of the snow away and left the streets in town covered with slush. We are fortunate in this district to reside on a watershed with no worry of serious floods to bother us. During the past few days the creeks and rivers have risen considerably, but the main flow will not arrive until warmer weather and the rains arrive. The water in the Hydro Lake at Eugenia has been very low recently and the thaw will provide more water for the generation of electricity for the Georgian Bay Hydro System.

Farm Outlook Brighter

Completed survey of the statistics for 1933 paints a brighter picture of farming in this province than in any year since 1928. Total value of field crops jumped $8,371,000 in 1933 from the 1932 total, the final report shows and this despite a decreased acreage sown, and a volume of field production reduced 9.7 per cent.

Field crops harvested from a total acreage of 9,194,800 in 1933 had a value of $124,679,000, the report reveals, and a rise of 19 per cent in average prices for farm products is reported.

And the considered view of the expert indicates continued improvement Under the guidance of Hon. T. L. Kennedy, the department is embarking upon an even more energetic program of inspection and grading of farm products, of extension of British Empire markets and of increasing domestic consumption of Ontario products.

As forecast in the Speech from the Throne, Col. Kennedy proposes measures to assist in more careful grading of products, to provide for improved livestock strains and to aid associations formed to push particular products in home and foreign markets.

BORN

HAZARD — In Artemesia on Saturday, March 3rd, 1934, to Mr. and Mrs. Thos. Hazard, a son, James Albert.

HELP TO MAKE CANADA MORE BEAUTIFUL

The unlovely things and unattractive places in Canada that displease the eye are made by man. It is time he set out to undo some of the damage that has been done. There are primrose paths for all to tread who care to make them. An amazing amount of worry can be spaded under along those paths in the bright spring afternoon. Since Adam tilled the first garden many pastimes have come to claim their thousands but have passed out of the picture while gardening has stood through the centuries. There must be something in it. Buy some flower seeds, plant some flowers or shrubs this coming spring. Help to make Canada more beautiful.

Live Stock Report

The decline on hog prices continued on the Toronto Live Stock Market on Tuesday as dealers gave way to lower bids late in the afternoon after holding their supplies for the greater part of the day. The market closed 25c lower for the day, and 40c lower for the two days' trading this week.

Monday's holdover of 600 head of cattle was reduced to 200 at the close of Tuesday's session, but the reduction was due to light receipts rather than to active trading. The market sold sluggishly, while prices held steady at the previous day's low levels. Calves, sheep and lambs moved steadily at unchanged prices.

Medium to good weighty steers went from $5 to $5.75, and butcher cattle from $3.25 to $5.25, with a few tops at $5.50. Good butcher cows and bulls ranged from $3.50 to $4, while fed calves sold slowly at $5 to $6.50 for the majority of the sales.

Calves closel steady at $7.50 to $8 for choice vealers, and at $8.50 for a few koshers. Common, light calves moved down to $3.50.

Hogs, after remaining unsettled in morning and afternoon trading, settled 25c lower at $8.75 f.o.b. for bacons, $9.10 off truck and $9.50 off cars.

The small supply of lambs sold firmly at $5.25 for good ewes and wethers. Sheep maintained their strong prices and closed unchanged at $4.50 to $5 for good, light ewes.

The Egg Market

The following prices for eggs were being paid to producers on Tuesday of this week.

Extras	25c
Firsts	22c
Pullet Extras	20c
Seconds	15c

Experts forecast an unusually good season for syrup making.

Small Advts.
