## Osprey Council

The weatherman was very kind to the members of the Osprey municipal council who gathered together once more for their regular called meeting in the Orange hall at Maxwell on Saturday, April 14th. Mr. Albert Wilton failed to appear which called for considerable comment as Dame Rumor has it that he was to resign his seat as councillor, however no word was receivel from him, so business was done as usual. The clerk was called on to read the minutes of the preceding meeting which were confirmed and passed, after which the reeve called on any of the ratepayers (of which there were quite a number) to lay their praise, criticism or complaints before the chair.

Mr. Carson of Melancthon township responded with a request for the repair of a section of the South Line as the reeve, Mr. Taylor, is commissioner of that division. Mr. Carson was sent home happy with the promise that his wants will be looked after in the future.

Mr. T. Stewart Cooper was present and requested an opportunity to explain the benefits of the Seed Grain Subsidy Act and after a barrage of pointed questions by the members of the council. They were profuse in their thanks to him for his interest, but were unanimous in not having anything more to do with it.

Mr. Stewart of Markdale was present and addressed the council on the merits of placing the township insurance with his company and after quoting a price was informed he will be given an equal opportunity in June when the present policy expires.

Owing to the slow payment of taxes outstanding, the council was compelled to pass Bylaw No. 10, authorizing the borrowing of an additional $5000 to meet the county rate and pay school rates etc.

Dr. R. W. Lindsay of Feversham addressed the council on topics of public health and assured the members of the Board of Health of his earnest co-operation upon his appointment as Medical Officer of Health, authorized under Bylaw No. 11.

The road superintendent which has been the bone of contention among the members for some time, again came up for discussion, which resulted in a motion being passed ordering the present superintendent to return all books and records in his possession by Saturday, April 21st, and the clerk was authorized to advertise for new applications.

A relieved expression was registered in the faces of the members of the council when the clerk informed them that there were no accounts to be paid this month, an experience which has not happened for many years.

As there was no other business brought to their attention the meeting was adjourned until Saturday, May 26, when again they will assemble to hear and consider any complaints in the assessment roll of 1934 at the hour of 10 a.m. at Maxwell.

A resolution was passed authorizing County Treasurer to erase all taxes in his books charged against lands as reported by the Treasurer. The O. and A. Co-operative store was ordered paid its account for supplies to Hector McLean family. Robert Gorley was refunded $2.00 for dog tax said to have been charged in error in 1933. The Treasurer was instructed to receive from the Collector his Collected Roll for 1933 on the 25th day of April.

## Presentation At Priceville

A pleasant evening was spent on Tuesday last, when about 50 of the neighbors gathered at the home of Hughie McLean to bid him farewell. The evening was spent in dancing and playing cards. At an appropriate time Mr. E. J. Sullivan called the crowd to order and asked Mrs. Edgar Patterson to read an address and a presentation was made to Hughie McLean of a purse of money.
