Grey Presbytery Met

Grey Presbytery of the United church of Canada met in Annesley church, Markdale, on Tuesday, when there were three sessions lasting until 11.00 p.m. The chairman, Rev. Sidney Martin, M.A., of Meaford, presided, and there was a large representation of members present from all the Pastoral Charges.

The feature of the morning session was the devotional address by Rev. W. H. Smith, B.A., of Durham, on the subject, "Listen to Your Own Sermon." It was a heart-searching deliverance to ministers, Sunday school teachers, and others engaged in religious work, that they take to themselves, and apply to their private lives, all that they recommend or preach to others. The silence which prevailed at the close of the address was the most eloquent testimony to its worth.

Applications for superannuation were presented by Rev. A. McNeill, of Maxwell, and Rev. J. R. Wilkinson of Temple Hill, the former on account of ill health, the latter because of years of service rendered. Rev. Thomas Snowden spoke kindly words to these brethren who have so loyally served the church, and wished them well during their future lives.

The Non-Ministerial Representatives of the Charges organized themselves as an association affiliated with the Conference organization, and elected as their first officers, Mr. J. McQuaker, of Owen Sound, as Chairman, Mr. William Martin of Sydenham as Vice-President, and Mr. T. W. Findlay of Meaford, as Secretary.

The afternoon session opened with an address by Mrs. E. C. Murray, of Flesherton, who delivered a gracious and tactful message in regard to the work of the Woman's Missionary Society, of which organization she has the honorable position of President of the Grey Presbyterial.

Rev. Sidney Martin, M.A., of Meaford, and Mr. John McQuaker, of Owen Sound, received the nominations as Commissioners to the General Council of the Church, which is to meet in Kingston in September; Rev. T. F. Heeney, B.A., and Mr. M. E. Peacock, of Meaford, were nominated as alternates. Rev. E. W. Jewitt, B.A., of Owen Sound, and Mr. John McQuaker were nominated as members of the Settlement Committee of the Toronto Conference for the coming Conference Year.

It was decided that the allocations to the charges for Presbytery and Conference Fund be at the rate of 12 cents per resident Member for the coming year, and that the mileage allowance be at the rate of 5 cents per mile one way. The necessary arrangements for the election of Non-Ministerial Representatives to Conference, and the placing of ministers and laymen on the committees of Conference were made, and all these representatives are to receive notice of their appointments when arrangements are completed.

It was a matter of great satisfaction to the Presbyery to have the pleasure of recommending Mr. W. M. B. Metcalfe, B.A., B.D., to the Conference for ordination as a minister of the United Church. Mr. Metcalfe who is the son of Mr. James Metcalfe of Hanover, who is himself a member of the Presbytery, has just completed his college work with great credit to himself, and was present to give a short account of his religious experience and call to the ministry. Rev. A. L. Atton, B.A., of Owen Sound made several very interesting references to the grandparents of the candidate for ordination, the grandfather had been a very acceptable local preacher in the days lang syne.

A good deal of time was spent in the consideration of the Report of the Committee on Evangelism and Social Service. As finally adopted the Report reads as follows, 1. That the Presbytery urges upon the people within the care of our Church the Christian duty of supporting those candidates most likely to oppose the proclamation of the present Beer and Wine legislation, and to oppose any other tendency to widen the facilities for beverage liquors.

2. That Presbytery deplores the action of the Senate in the advocacy of sweepstakes. We urge upon the members of the House of Commons to refuse to endorse this measure believing that it would result in great moral degredation of our people.

3. We commend the courage of Hon. H. H. Stevens, Minister of Trade and Commerce, and his direction of the investigation into industrial conditions in Canada. We hope that this will be fruitful of necessary reforms in the economic life of our country.

Rev. A. M. Pope, B.A., B.D., presented a very interesting verbal report on the life and work of the Church, and displayed a very suggestive set of posters which had been prepared by himself, and by some of the scholars in the public schools on his charge. Rev. W. J. Scott, M.A., B.C., S.T.M., of Flesherton, Chairman of the Summer School, in a short report, urged that one student from each charge, at least, would be sent to the Summer School this year.

The date for the meeting of Presbytery in September was changed from the third to the fourth Tuesday of the month, and on that date the meeting will be held in First United Church, Owen Sound.

Presbytery adjourned to meet in Westminster-Central Church, Toronto, on Friday, June 8th, at 2 p.m.

THE

Variety Store

Is pleased to announce the inauguration of a profit sharing plan which will permit those dealing at this store to collect a Wm. Rogers set of table silverware, one piece at a time, and in so easy a way that you will be able to make up your set without missing the money. Simply save the Variety Store Coupons given with every purchase. Ask for a coupon when you buy, you are entitled to it.

The amount of coupons needed for any article of silverware is plainly shown on the backs of all coupons. The whole set is on view in the Variety Store. Drop in and see it and ask about it. We will be glad to explain.

More new goods are arriving every day—look our goods over before going elsewhere. You will find our prices comfortably low.

S. L. Stauffer, Prop.

Big Trout Caught In Eugenia Hydro Pond

Flesherton fishermen took the premier honors in the fishing competition held by Frank Slater of Owen Sound the first two days of the speckled trout season. J. O. Dargavel took first prize and a fine split bamboo fly rod. Harold Best and Bob Dargavel were tied for fourth place and received brake linings as a prize and Miss Velma Fisher was the only entry in the ladies' section and received a prize of $5 in coppers. Other winners were R. E. Stout of Owen Sound second place, Geo. McAteer of Clarksburg third, R. B. Sudden of Chatsworth fifth and the winner of second place was also a double winner taking sixth place Vernon Lamson of Owen Sound won the special prize for boys. Both the first and second place fish were larger than last year's winner.

Master Evison Wilson, 9 year old son of Mr. and Mrs. Jim Wilson of town, so far has taken premier honors with a 3 lb. 6 oz. trout caught on Thursday evening last at the 8th Line bridge, but too late for the Slater competition This beauty put up quite a battle and Evison, who was standing on the cement abutment and leaning against the iron railing was very nearly pulled in. Mr. I. Smith, who was beside him, landed the big fellow over the side of the bridge as it cleared the railing the trail fish line broke. This one measured 18 inches long and was 13½ inches in girth. The tackle used in landing this prize was only a bamboo "pole" with an ordinary cotton line. Evison has turned out to be quite a fisherman.

Mrs. O. W. Phillips of town was another who landed a large one Friday evening that weighed 2 pounds, 6 ounces and measured 16 inches. A gentleman from Orangeville also caught one about the same size, while Ross Smith of town secured a nice one measuring 14 inches.

Fishermen have lined the bridge on the 8th Line the past few nights, but only two or three fish have been taken, which left quite a number of disappointed nimrods who hope for better luck next time.

Ernest Davidson has caught the largest trout yet, word reaching this office since the above was written. It measured 20 inches in length and weihged 3¾ pounds. It was caught on the south branch of the Beaver River on his own farm.

MAILING LIST CORRECTED

The Advance mailing list has been corrected and all payments made up to Saturday last are included in the changes made. Look at your label now and see if it reads correctly. If it shows that you are in arrears we would be pleased to receive your renewal. If you can't pay all of the arrears, give us part as it all helps to keep the paper circulating.

Work On Highways May Cost Half Million

While no official figures are available as to the probable cost of the new pavements it is proposed to construct in Grey County this year by the Provincial Highways Department it has been estimated that the total amount to be spent in the county will be very close to $600,000. This includes the pavement between Thornbury and Collingwood on No. 26 highway, the strip between Chatsworth and Dornoch on No. 6 highway, and the work on No. 10 highway south of Markdale to Dundalk.

If all of this work is undertaken it will mean that the county's share of the work will run very close to $120,000, although these figures are only an estimate. Up to the present time the county council has not been approached by the Department of Highways regarding the matter, but it has been taken for granted that when the Department called for tenders for the work it was the intention to go ahead with the work, and no objection has been taken.

When the county council convenes for the June session the question of paying for these roads will come up and it is probable that payment will be spread over a period of years without interest, thus making it unnecessary to increase the tax rate which would have to be done if payment had to be made all in one year.

There is considerable criticism regarding the construction of the ten-foot concrete strips on some of these roads, the feeling being that the wider road is safer, especially where the traffic is always heavy. No official action, however, has been taken with regard to this matter.

Lady Fell From Train

Mrs. Alex. McDonald, a resident of the South Line, Artemesia, is in the hospital at Markdale suffering from a broken and dislocated wrist and severe body bruises when she fell from the night C.P.R. passenger train while it was travelling between Saugeen Junction and Flesherton on Saturday evening. Mrs. McDonald was on her way up from Toronto to visit friends and relatives and it is believed that she became nervous when informed after the train left Saugeen that Flesherton was the next stop and wandered out to the coach platform. Conductor Frank Ryan of Toronto missed her when he went to assist her off the train shortly before it came to Flesherton Station. The train was backed down the line with the train crew watching the right-of-way for any sign of the missing woman. She was found half a mile north of the Saugeen Jct. Station, conscious, but suffering considerable pain from her injuries. She was immediately taken to the Markdale hospital without stopping at Flesherton, later backing up to discharge passengers, mail and express. The train arrived in Owen Sound over an hour and a half late.

After an examination it was found that one of her wrists had been broken as well as dislocated, and also suffered a number of cuts and bruises. It is expected that she will be able to leave the hospital in a few days and that she will have a complete recovery.

Makers of automobiles claim they started the streamlining business but we believe the girls who first aimed at securing boyish figures have a better claim.

E. N. Cooper Candidate

Mayor E. Newton Cooper of Meaford is the Conservative candidate in North Grey for the coming Ontario general elections. He was chosen at a Conservative convention at Owen Sound on Saturday.

Mayor Cooper was chosen on the first ballot. Four names were submitted. They were Miss Alma Thompson of Derby and former Mayors T. W. Thomson and D. A Christie of Owen Sound and Mr Cooper. Emerson Brown of Clarksburg and Thomas H. Randle of Meaford withdrew their names before the ballot was taken.

Mr. Cooper has been Mayor of Meaford four times. He made it clear in his acceptance address that he would not be found to support any or all legislation brought in by the Government, and he made no announcement with regard to his stand on the beer and wine policy of the Government. He felt that the man chosen should be big enough to represent all the people of North Grey.

He attacked the record of D. J. Taylor, Liberal member for North Grey in the Ontario Legislature since 1919. The candidate accused Mr. Taylor of "double-crossing" the electors on the temperance issue. Mr. Taylor, he said, was aware he had retained his seat in the Legislature through the support of the temperance people, and had at the same time voted for the wine and beer bill.

W. Earl Rowe, member in the House of Commons for Simcoe-Dufferin, defended the Government of Prime Minister R. B. Bennett, and dealt with tariff measures. He declared the trade agreements entered into at the Economic Conference had been of immense benefit to the country.

Mr. Rowe said Mitchell F. Hepburn, Ontario Liberal Leader, was not sincere in speeches he had made. The Liberal Party, he added, was "hopelessly divided."

HIS 80TH BIRTHDAY

Congratulations are extended to Mrs. Patrick McKee of Nottawa who passed her eightieth birthday on Sunday, May 6th; Mrs. McKee, who was Matilda McComb, is a native of this locality and is enjoying fairly good health. Mr. McKee who is the eldest son of the late John McKee, has passed his ninetieth year. May the evening of life be a very happy one to this estimable couple.

Engagement

Mr. and Mrs. Lewis Genoe of Eugenia announce the engagement of their eldest daughter, Reta Mae, to Francis Merle Weber, eldest son of Mr. and Mrs. Frank J. Weber of Kimberley, the marriage to take place in May.

Mr. and Mrs. C. N. Larsen announce the engagement of their daughter, Margaret Louise (Peggy), to Murray Arnott Inkster, son of Mr. and Mrs. W. S. Inkster, the marriage to take place on June 9 at Deer Park United church.

NOTED SPEAKER COMING!

Hear Rev. E. Crossley Hunter, D.D. at Maple Valley Presbyterian Hall Thursday evening, May 17th, auspices Badjeros Citizens' Forum. Subject: "What Can the Individual Do In This Day of Dilemma?" Admission: 15c.

Try a "Small Advt."

Saint Making

A clergyman came at a newspaper man this way: "You editors do not tell the truth. If you did you could not live; your newspaper would be a failure." The editor replied: "You are right and the minister who will at all times and under all circumstances tell the truth about his members, dead or alive, will not occupy the pulpit more than one Sunday, and then he finds it necessary to leave town in a hurry. The press and the pulpit go hand in hand with white-wash brushes and pleasant words, magnifying little virtues into big ones. The pulpit, the pen, and the grave stone are the great saint-making triumvirate." And the editor turned to his work and told of the unsurpassing beauty of the bride while in fact she was as homely as a mud fence.

Righteous indignation sometimes is 90 per cent. indignation and 10 per cent. righteousness.

Spring may be here but we are never sure about it until the folk put the rubber plant out on the porch for the season.

I. H. Perigoe & Co.

506 National Bldg., TORONTO

I am associated with Mr. I. H. Perigoe in the placing of a limited number of shares in the Phoenix Molybdenite Corp. among people in whom we are personally interested.

Never in our experience have we seen a speculation offering the possibility for greater dividends or more appreciation in capital. The Company will come into production about the first of June 1934, with no debts and ample capital to facilitate production.

I would be pleased to give my friends in and around Flesherton more complete details concerning this proposition which believe offers such great possibilities.

Although having been associated with several different Brokerage Houses in Toronto during the past seven years I have never until now discovered a speculation or investment which I could with implicit confidence recommend to the people at home

During the last few months due to my association with I. H. Perigoe I have had an unusual opportunity to study the management and possible earning capacity of the Phoenix Molybdenite Corp. which presens the greatest opportunity I have seen in all my experience in the investment business. I would be very pleasd to pass along this information to any of my friends in and around Flesherton.
