"PANKORITE."
Important to Thousands!!

Myers' Extract of Rock Rose:

AN invaluable Remedy for all Scrofulous Diseases, Indigestion, Salt Rheum, Sick Headache, Canker, Nursing Sore Mouth, and General Debility; and as a Purifier of the Blood, is unequalled.

To be convinced that it is the most valuable Medicine of the day, you have only to read the testimony of its efficacy. As a Family Medicine it is invaluable, and one which no person should be without.

The Rock Rose has gained a reputation, at home and abroad, which no other medicine has ever done in the same length of time.

According to the opinions of Eminent Physicians, the Rock Rose Plant is unequalled in curing Scrofula in its various forms! The Sick Headache, in Obstinate Chronic Cases, may here find a Sovereign Remedy. The Canker and Nursing Sore Mouth! in numerous cases, have been speedily cured.

BUT WHAT IS THE ROCK ROSE?

The following history of the Rock Rose Plant and its medicinal properties, we take from the New Haven Palladium, March, 1852:—

"The increased interest manifested in the Rock Rose Plant, in consequence of the many wonderful cures effected by 'Meyers' Compound Extract of Rock Rose,' calls for a brief history of it, in order to correct any erroneous opinion that may have been entertained concerning it; and also to set in a true light the nature of a plant which promises to be universally beneficial.

We are indebted to the United States Dispensatory of 1847, for the following description of it:—

It is entirely different from the common Rose. It is a red-stemmed, oblong leaf plant, having a bitter taste. In addition to a remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Eaton says that in the months of November and December, he has seen hundreds of these plants sending out, near their roots, broad, thin, curved ice-crystals, about an inch in breadth, which melted during the day and were renewed in the morning. For a more minute and analytical description of it, the reader is referred to Torrey and Gray's Botanical Works.

Its Medical History and Properties are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799 it was so valuable in England that it was cultivated from the seeds. Ever since 1806, Prof. Ives, of Yale College, has habitually used it with great success in Scrofula and Chronic Disease, and through him its virtues were made known, until, as Dr. Tyler says, 'it is now in this section [New Haven] a common article in domestic practice for the cure of Scrofula and cutaneous diseases.'

Dr. Isaac Parish of Philadelphia, remarks that it has been successfully used in bad cases of Scrofula Diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bad cases of Scrofulous patients at Willis' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of White swelling of the hip, in February, 1844:—The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up. I ordered a decoction of Rock Rose. In two days his night sweats ceased; I then ordered a teaspoonful of Rock Rose three times a day.—Thirty-nine days after he was entirely well.

Dr. Webb, of Madison Ct., Testifies to the value of Rock Rose, as evinced in the cure of numerous cases of Scrofula, especially in children.

Dr. Sparry, in his medical work published 1847, quotes the strong commendation of Dr Eli Ives, Professor in Yale College, who, in his lectures to the medical students, recommended the use of the Rock Rose, even in cases where the disease is uncertain.

The value of the Rock Rose has also been set forth by Dr. Tyler, of New Haven, Ct., in a dissertation avowedly prepared for that purpose, which afterwards, at the request of several of his medical brethren, was published in a pamphlet.

We quote from the preface. He says that since the delivery of this address, "the plant under consideration has been more fully tested its virtues developed, its character better established. This dissertation is published by the advice and approbation of several medical friends. The object of it is to lay before the profession, and the public, the virtues of a plant too much neglected. I ask for this plant an impartial trial. I will conclude by asking only of the profession and the public, a more extended trial of the ROCK ROSE."

HEALTH FOR CANADA!

Holloway's Pills.

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION AND DETERMINATION OF BLOOD TO THE HEAD.

Copy of a Letter from Mr. John Lloyd, of Erwenon, near Harlech, Merionethshire.

To Professor Holloway,

SIR,—I avail my self of the first opportunity of informing you, that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head, attended by loss of appetite, disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief, and at length it became so alarming that I was really afraid of going about without an attendant. In this melancholy condition I waited personally upon Mr. Hughes, Chemist, Harlech, for the purpose of consulting him as to what I had better do; he kindly recommended Your Pills. I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health, and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am, Sir, you obedient Servant,

June 6th, 1852. [Signed] JOHN LLOYD.

MIRACULOUS CURE OF DROPSY.

Extract of a Letter from Edward Rowley, Esq., of India Walk, Tobago, dated April 8th, 1852.

To Professor Holloway,

DEAR SIR,—I deem it a duty I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease, Dropsy, and which, under God, was effected by your invaluable Pills. I was tapped five times with eight months, and skilfully treated by two medical practitioners, but could not get cured, until I had recourse to your remedy, and notwithstanding all I had undergone, this miraculous medicine cured me in the course of 6 weeks.

[Signed] EDWARD ROWLEY.

INFALLIBLE CURE OF A STOMACH COMPLAINT, WITH INDIGESTION AND VIOLENT HEAD ACHES.

Extract of a Letter from Mr S. Gowen, Chemist, of Cotton, near Bristol, dated July 14, 1852.

To Professor Holloway,

DEAR SIR,—I am requested by a Lady named Thomas just arrived from the West Indies, to acquaint you that for a period of eight years herself and family suffered from continual bad health, arising from disorders of the Liver and Stomach, Indigestion, loss of Appetite, violent Head-aches, pain in the side, weakness and general debility, for which she consulted the most eminent men in the colony, but without any benefit at result; at last she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better, that she continued them, and the whole family were restored to health and strength. Further she desires me to say, that she has witnessed their extraordinary virtues in these complaints incidental to children, particularly in cases of Measles and Scarlatina, having effected positive cures of these diseases with no other remedy.

[Signed] S. GOWEN.

A DANGEROUS LIVER COMPLAINT AND SPASMS IN THE STOMACH EFFECTUALLY CURED.

Copy of a Letter from Mr. Bostock, Druggist, of Ashton under Lyne, dated July 31, 1852.

To Professor Holloway,

DEAR SIR,—I have much pleasure in handing to you a testimonial of the efficacy of your Medicines. A person in this neighbourhood with whom I am well acquainted was afflicted for a long time with violent spasmodic pains in the stomach and liver, arising from frequent colds, smells of paint and the effects of a stooping position which he was obliged to assume in his business. The spasms were of an alarming character, and frequently left him in a weak and debilitated condition. At length he heard of the salutary effects of your invaluable Pills, and was induced to give them a trial. The first dose gave him considerable relief, and by following them up in accordance with your directions, they have acted so wonderfully in cleansing the liver and stomach, and strengthening the digestive organs that he has been restored to the enjoyment of good health.

I remain dear Sir, yours faithfully,

(Signed) WILLIAM BOSTOCK

NEVER FAILING REMEDY!!

HOLLOWAY'S OINTMENT.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated Aug. 20th, 1852.

To Professor Holloway,

DEAR SIR,—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About 10 years ago, Mr. W. Cummins, of Saltney Street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years; recently he began to use your Ointment and Pills which have now healed the wound, strengthened his limb, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigour.

(Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr Hird, Draper, of Keady, near Gainsboro', dated March 1st, 1852.

To Professor Holloway,

SIR—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for persevering in their use, all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer.

(Signed) J. HIRD, Draper.

ANOTHER SURPRISING CURE OF ULCERATED BAD LEGS DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. J. McClennell, of Newcastle-on-Tyne, dated September 20th, 1852.

To Professor Holloway,

DEAR SIR,—I am authorized by Mrs. Gibbon, of 31 Bailey street, in this town, to inform you that for a considerable period she had been a sufferer from debility, and general ill health, accompanied with a disordered stomach and great derangement of the system, in addition to this she was terribly afflicted with ulcerated wounds, or running sores, in both her legs, so that she was totally incapable of doing her usual work. In this distressing condition she adopted the use of your Pills and Ointment, and she states, that in a wonderfully short time, they effected a perfect cure of her legs, and restored her constitution to health and strength; and that she is now enabled to walk about with ease and comfort. Several other persons in this neighbourhood have also received extraordinary benefit from the use of your invaluable medicines.

I remain, dear sir, yours faithfully,

(Signed)
JOHN MORTON CLENNELL.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG.

Copy of a Letter from Messsrs. Walker & Co. Chemists, Bath,

To Professor Holloway,

DEAR SIR—Among the numerous cures effected by the use of your valuable medicine in this neighbourhood, we may mention that of an old lady living in the Village of Preston, about five miles from this City. She had ulcerated wounds in her leg for many years, and latterly they increased to such an alarming extent as to defy all the usual remedies; her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquiries as to the authenticity of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it is entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, Dear Sir,
Your's faithfully,
(Signed) WALKER & Co.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Chagres of the Breasts	Piles
Bad Breasts	Children	Gout
Burns	Chapped Hands	Glandular Swellings
Bunions	Corns [Soft]	Lumbago
Bite of Mosquito	Cancers	Piles
Chetoes and Contracted Sinews		Rheumatism
Chilblains	Elephantiasis	Sore-Nipples
Coco-bay	Skin diseases	Scurvy
Sore throats	Tumours	Ulcers
Sore heads	Worms	&c.

IMPORTANT TO HOUSE KEEPERS.

Something better and more economical than Soda, Cream Tartar, or any other preparation in existence for Baking.

DURKEE'S CHEMICAL YEAST, or BAKING POWDER—For raising Bread, Biscuit, Fried Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c., &c. This article is one that every

Family, Hotel, Boarding House,

Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the *very thing needed every single day of their existence.*

Its most important advantage over the old system, are—

1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast,—water only being necessary.

2. No time is required for the dough to rise before baking; consequently bread may be made in a few minutes.

3. A cook can always depend upon having light sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.

4. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, not only goes to nourish the body, while the acid tend to produce dyspepsia and its attendant ills.

This article has been thoroughly tested, and is universally liked. When used according to directions, it is *warranted* to suit.

☞ Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal office, 189 Water-street New York. Sold by the best grocers and druggists generally.

CANADA LIFE ASSURANCE COMPANY
INCORPORATED BY ACT OF PARLIAMENT.

THIS COMPANY is prepared to grant Assurances on Lives; whether single or joint, to Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more favorable than the low rate of interest attainable on investments by British Companies and then generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it invests all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that in which (and this is nearly a solitary instance (neither Great Britain nor the neighboring states can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums this Company will grant Policies, payable at death, fairly representative of the value of such payment as they may have made, and it further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of Proposal and all other information may be obtained at the Head Office and Agencies.

FRAUD!

ALL who want AXES of the real COLLINS & Co make should be particular to notice the stamps, as there are various counterfeits and imitations stamped Collins and labelled much like ours, which are fraudulently sold in some parts of the United States as our manufacture. They are made in different parts of the country by various axe-makers, and are generally of very inferior quality. The genuine Collins axes, which have acquired such an extensive reputation, are invariably stamped "COLLINS & CO. HARTFORD" and each axe has a printed label with my signature. It is now more than TWENTY-FIVE YEARS since we commenced the business with the stamp of "Collins & Co. Hartford", and I do not know of any other axe-maker by the name of Collins in the United States.

Hartford, Conn., Sept. 1853. 208

MAIL STEAMER CONTRACT.
HAMILTON and MONTREAL.

SEALED TENDERS will be received by the Postmaster General at Quebec, until *Saturday, the 15th October next,* FOR THE

Conveyance of Her Majesty's Mails,
BY STEAMER,
SIX TIMES PER WEEK,
Between Hamilton, Toronto, Kingston, and Montreal,

On a contract of three years or seasons of Navigation, commencing on and from the opening of Navigation in the year 1854; or the said contract to continue, at the option of the Postmaster General, until the completion of the Railroad between the two cities.

The conveyance to be made in first class, swift, and well-appointed Steamboats.

Time—Downward Trip.

The Mails to be taken from the Hamilton Post Office every day, save Sunday, at 7 o'clock A.M., to arrive at Toronto by 11 o'clock A.M.; to leave Toronto at 12 o'clock Noon, and to be delivered at the Montreal Post Office by 5.30 P.M. on the day following or within thirty-four and a half hours from the time of departure from the Hamilton Post Office.

Upward Trip.

The said Mails to be taken from the Montreal Post Office every day, save Sunday, at 12 o'clock Noon; to arrive at Kingston by 2 o'clock P.M. on the day following, at Toronto by 5.30 A.M. on the second day; and leaving Toronto at 6.30 A.M., to be delivered at Hamilton by 10.30 A.M., or in forty-six and a half hours from the time of departure from the Montreal Post Office.

The Mail Steamers will stop at and serve the following Offices on each upward and downward trip:—Toronto, Darlington, Port Hope, Coburg, Kingston, Gananoque, Brockville, Prescott, Matilda, Morrisburg, Cornwall, and Coteau Landing; and in addition, the Office at Dickinson's Landing, on the upward trip only.

The Mails to be taken to and from the several Post Offices, including Hamilton and Montreal, at the expense of the Contractor.

The detention at each Post Office, for the purpose of exchanging Mails, not to exceed ten minutes, except at Kingston, where half an hour, and at Toronto, where forty minutes will be allowed.

A room, as an office, in such part of the steamer as may be approved of by the Postmaster General, to be provided in each steamer employed on this service, for the reception and safe-keeping of the Mail-bags and of Letters posted on board the boats, and to include such accommodation as may be required for a Post Office Conductor or Agent. The Postmaster General to have the right of sending a Mail Officer or Agent with each trip of the boat, and the said Mail Officer to have cabin passengers' accommodation and fare, as well whilst the boat to which he may be attached is in port as whilst running, free of all expense or charge for the same.

A fine or penalty not exceeding £5 may be imposed by the Postmaster General for every half hour which may elapse beyond the stipulated time for delivering the Mails, either upward at Hamilton or downward at Montreal or for omitting to serve any one of the intermediate Offices included in the Contract, unless it be shown, to the satisfaction of the Postmaster General, that the delay or omission has arisen from stress of weather, or other cause beyond the control of the Contractor.

During such period as the Spring and Fall of each year or season, when steamers navigate a portion only of the route between Hamilton and Montreal, the Contractor will, if required so to do, provide for the conveyance of the Mail by Steamboat over such portion of the route in like manner as if the whole route was open and practicable, and payment will be made for such partial service, in proportion to the distance covered, at the ordinary rate of the Contract.

Each Tender must state the price asked for each single trip from Hamilton to Montreal, and vice versa, in words at length, and must be accompanied by the written guarantee of two responsible persons, undertaking that, in the Tender being accepted the Contract shall be duly executed by the party tendering, with good and sufficient sureties for the performance of the same.

The said sureties will require to become bound with the Contractor in the sum of two thousand five hundred pounds (£2,500) for the due performance of the Contract.

Printed forms of Tender may be obtained at the Post Offices of Toronto, Hamilton, Coburg, Kingston, Brockville, or Montreal.

Should parties tendering desire to separate the above-described route into two sections dividing at Prescott, the Postmaster General will receive separate Tenders accordingly for the sections above and below Prescott respectively; and the time allowed for each section will be—

Upward Trip.

Montreal to Prescott,	19	hours.
Prescott to Hamilton,	27½	"
Total,	46½	"

Downward Trip.

Hamilton to Prescott,	24	hours.
Prescott to Montreal,	10½	"
Total,	34½	"

MESSRS. STOVEL & BAINES

BEG to inform their Customers and the Canadian Public that their Mr Stovel has now resumed the cutting Department and General Superintendence of their Canadian Business, with an Assistant just arrived from England. They have also engaged a Practical man as Traveller, and they hope, by this arrangement, that the irregularities lately occurring will, for the future, be avoided, and all cause for complaint removed. They have received advice from their London House of the Shipment of their Fall and Winter Goods, which they are assured will exceed in Quality any Style and stock yet imported into the Province.

N.B.—Messrs. S. & B. beg to add that their late Traveller, Mr. TOVELL, is not authorised to receive any Money or Order, or transact any business on their account.
