League Not Fair

Considerable discontent has been aroused among the ball teams in this district by the action of the Centre Grey League executive in allowing players with other organized clubs to secure certificates to play in this League. This is contrary to the original ideas of the League when it was formed. If a player has improved to such an extent that he can hold a position on another team it should be taken that he has graduated to a higher classification and so should not be playing in the lower grade. We don't wish to keep any player out of baseball but clubs should not bolster their list, and the League should not allow it, in order to make their team stronger. We understand that Dundalk intends to drop out of the League, due to the fact that they cannot field a team strong enough to meet the competition of the other clubs. This should not be, as our neighbor to the south was one of the original members of the League, and should be allowed to field a team for League competition. Flesherton and Markdale are in the same position as Dundalk, but have not announced their withdrawal from the League. If Dundalk drops out a team from Meaford, composed of juniors and members of the O.B.A. championship team will be entered, which will make the opposition that much stronger for Flesherton. We hope that the League executive will think twice about allowing players with other teams to compete in the Centre Grey League. Be fair to the weaker teams in the circuit.

Feversham Won 3-1

Feversham Maple Leafs won from Flesherton football team on Saturday evening, June 2, to the score of 3-1. The game was fast from the start, with Flesherton scoring the first goal in about fifteen minutes of play. It was a pretty play of combination inside the Feversham defence. McMaster taking the pass from Akins and giving the goal keeper no chance. Feversham scored on the return kick-off in the next minute of play, H son shooting from the corner, the bal slipping through Flesherton goal keeper's feet, to tie the score.

The second counter for Feversham came toward the last of the first period when Beatty, centre half back, scored on a nice drop kick from centre field, which went barely below the cross bar, the whirling ball slipping through the goalie's hands.

The last goal was scored in the last period on a foul kick by Beatty direct on the Flesherton goal. Flesherton pressed hard and missed several chances to score, being beaten by Thomson, Feversham goal keeper, who played a wonderful game. Feversham Maple Leafs will play with Priceville at Priceville on Friday, June 8th; at Eugenia on Tuesday, June 12th, and a return game with Flesherton at Feversham on Saturday, June 16.

AGED MAN DIES ON ROAD

George Corrigan, aged 86 years, was found dead on the middle of the roadway on the Second Line of Collingwood Township Saturday night about 8 o'clock. He left Collingwood about 4 p.m., and was on his way to a friend's home. Death was due to exhaustion. One son lives in Toronto and other relatives in Collingwood. He farmed near Flesherton for some years, and later in Collingwood Township. Coroner Dr. McKee of Thornbury decided an inquest unnecessary.

BEST—BEST

A quiet wedding was solemnized at St. John's United church parsonage, Flesherton, Ont., June 2nd, at one o'clock, when Velma, daughter of Mr. and Mrs. W. J. Talbot, was united in marriage to Mr. Earl H. Best, elder son of Mr. and Mrs. J. T. Best. The ceremony was performed by the pastor, Rev. W. J. Scott. The bride wore a dress of blue triple georgette with grey accessories. After the ceremony the happy couple left for a motor trip to Detroit and Benzonia, Michigan.

Engagement

Mrs. David McMullen, Feyersham, wishes to announce the engagement of her youngest daughter, Lillian Jeanette, to Mr. Ross Smith, son of Mr. and Mrs. Isaac Smith of Flesherton, Ontario, the marriage to take place June 16th.

The noted Eyesight Specialist of Toronto will be at the Park Hotel on Tuesday, June 12th. Eyes scientifically examined and glasses fitted. Please make your appointments with Mr. Ferris, Park Hotel.

Stole Gasoline

Five gallons of gasoline were stolen from Ceylon on Saturday when two young fellows pulled a fast one on Mrs. Pattison. They had the gasoline tank filled and then asked Mrs. Pattison for some oil. She had to go to another part of the store and when she returned with the oil the car and occupants were found to have departed without having gone through the ceremony of paying for the motor fuel. Apparently the pair attempted to secure gasoline from the Down and Richard's garage the same evening by claiming to have been working with the Blythe Construction Co., and when a telephone call was being sent in to the head of the firm in Flesherton they commenced travelling to greener pastures.

BEEKEEPERS' LOSSES HEAVY

Reports received from over 350 representative Ontario honey producers indicate that the number of colonies winter-killed was the largest in the experience of many bee-keepers. One of them reports a loss of 200 colonies out of an apiary of 400 colonies. It is estimated that 15 per cent. of the total number of colonies were winter killed, or approximately 30,000 hives. The majority of bee-keepers report the condition of their colonies as being fair, with a larger percentage of weak bees than ordinarily. Prospects for food supplies are none too favorable due to the extensive damage done to alfalfa and clover fields, the average loss for the province being 29 per cent. The 1933 output of honey has been well-cleared and supplies on hand for sales are much below normal. From a price standpoint the future holds a possibility of an upward movement.

Noticing where a rattlesnake defeated two panthers the other day, the Niagara Falls Review is certain that is something to write home about.

The best United States police seem able to do is to claim that every robber or thug slain in that country was an aide of Dillinger.

ALL'S WELL–The Captain's at the Wheel

When storms are raging it's a comforting thought that an experienced captain, a man of courage and resourcefulness, is safe-guarding the lives of the passengers.

Now with the storm of economic hardship and depression passing and Ontario business safely headed towards the harbor of better times, it is being suggested to the people of Ontario that they transfer Ontario's resources from the capable hands which piloted them safely through one of the greatest financial crises in the world's history.

It is being suggested to the province that it should remove from the experienced hands of the Henry administration the trusteeship of its agriculture, its forests, its mines and its varied industries.

The voters are being given a suggestion that they should transfer their billions of dollars of assets.

ONTARIO CANNOT AFFORD TO EXPERIMENT

The province needs the constructive, courageous program to which the Conservative Government is pledged.

Signed: THE LIBERAL-CONSERVATIVE ASSOCIATION OF ONTARIO
