F. R. Oliver Official Majority Is 2,689

Ontario's next government will be overwhelmingly Liberal, which party will have a working majority of about 41 members. Liberals elected numbered 65, with 17 Conservatives out of 90 members in the Legislature, while the remaining eight seats takes in other parties. This is the first time in 29 years that a Liberal government has been in office at Queen's Park, four years of which, 1919 to 1923, a U.F.O. government occupied the governing seats.

The official count took place in the home of W. Taylor, Returning Officer for the riding, Singhampton, on Saturday afternoon, and the official majority was set at 2689. Following is the total vote in South Grey by polling divisions:

WEEKLY CROP REPORT

Reports from all parts of Ontario indicate that recent rains have effected a marked improvement in the crop outlook. Grey County reports all spring-sown roots and potatoes doing exceptionally well. In North Simcoe prospects are for a fair yield of oats and barley. An increased acreage of potatoes, corn and soybeans is seen in South Simcoe. The hay crop is bound to be light in most districts. The tomato crop in Essex is likely to be light as plants have been hard to get and of poor quality, also hundreds of thousands of tomato plants died. From Lambton comes the report that timothy and red clover meadows will not average half a ton of hay per acre. Spring grain looks exceptionally well in the Lambton district. Strawberries will be of light crop throughout southern Ontario. Crops are in good condition in Prince Edward. Eastern Ontario has also enjoyed rains which have completely changed the agriculture picture.

World Population

There are 2.012,000.800 human beings now living in the world, according to statistics published in the League of Nations year book. These figures show an increase at the rate of about 20,000,000 per year. Asia remains the most populous continent with 1,103,000,000. The combined populations of North and South America total 252,000,000. Europe, for the first time, passes 506,000,000. Great Britain shows a total of 46,000,000, while Italy, with 41,000,000 shows a decrease. Russia remains Europe's most populous country with 127,000,000. Australasia, including New Zealand, counts 10,000,000 inhabitants.

Sam Shier Passes

PORTLAW

The passing of Mr. Samuel Shier, which occurred on Wednesday of last week, has cast a sad gloom over the entire community. About ten days previous the deceased was attacked with pneumonia, but being a strong, robust man, in the prime of life, his recovery was confidently looked for by his wife and friends. Somedays before his death it was thought that the crucial time had passed, but this proved to be a delusive hope. Sam, as we were used to calling him, was a man of sterling integrity, slow to take or give offence, but swift to do a kindly deed. He enjoyed the confidence of a wide circle of friends, who mourn his passing and sympahize deeply with the bereaved wife and adopted son, and his aged father, sisters and brothers in the great loss they have sustained.

The funeral on Saturday was one of the largest seen in this district. Seryice took place in the home and was conducted by Rev. Scott, assisted by Rev. Wolstencroft of Flesherton. Interment took place in Flesherton cemetery.

We regret to hear that Mrs. R. D. Meldrum is in a critical state at the present time, with little hope held out for improvement.

Gordon, the little son of Mr. and Mrs. Wm. Nichols, whose life has been hanging on a slender thread in Markdale hospital, is now reported to be making satisfactory progress toward recovery.

Fall wheat is almost a total failure. The hay crop does not promise anything like the yield of any of the past three years. And now is apparent the havoc wrought with the fruit trees, by the extreme frosts of last winter. Many trees are killed outright and others left in low vitality with scant foliage and little or no fruit in evidence.

Last Sunday being review Sunday in Sunday school, a very instructive hour was spent in reviewing the lessons of the past two months. Mr. R. Allen was present by invitation and assisted in the exercises.

Rev. McNeill preached his farewell sermon on Sunday last to a full church.

Rev. Mr. Bushell will commence his pastorate next Sunday.

The recent showers have wrought marvels in stimulating yegetation and Mr. James Hopps is building an addition to his home.

spring crops are giving cheering promise of a good harvest.
