Professor Alex. C. Barry's Tricopherous,
OR
MEDICATED COMPOUND,
FOR Beautifying, Curling, Preserving, Restoring and Strengthening the Hair, Relieving Diseases of the Skin, Curing Rheumatic Pains, and Healing External Wounds. Bounded by no geographical lines, the reputation of Barry's Tricopherous pervades the Union. The sales of the article of late years have increased at a rate that almost exceeds belief. Professor Barry, after a careful examination of his sales' book, find that the number of bottles delivered to order, in quantities of from half a gross upward, during the year 1852, was within a trifle of 95,000.
It is unnecessary to present at length the evidences of the wonderful properties of the Tricopherous, when the public have furnished such a testimonial as this. The cheapness of the article, and the explanations given of its chemical action upon the hair, the scalp and in affections of superficial irritation, first recommended it to the attention of the people. This was all that the inventor desired. Every bottle advertised itself. The effects of the first exceeded expectation, Acted like a charm. The ladies would not be without it. Country dealers in every section of the United States found they must have it; and thus was built up a wholesale trade of an extent hitherto unheard of as regards articles of this kind. The highest point has not yet been reached, and it is believed that the sales this year will be a *million and a half of bottles.*

☞ Liberal discount to purchasers by the quantity; and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c.
