Live Stock Report

Hog prices, after an unsettled opening, featured the Toronto live stock market's trading on Tuesday, settling and closing 20c higher than last week. A too-heavy first-day run of cattle resulted in a dull market in that division. Prices held steady at last week's closing level, with 1,800 head unsold at the close. Cows showed a weaker trend at the close, with calves sheep and lambs steady.

Butcher cattle prices ranged from $2.50 to $4.50, with weighty steers selling mostly from $4 to $5.25. Cows sold at a top of $2.75, with bolognas selling mostly at $2. Fed calves ranged from $5 to $6, with a few bringing a top of $7. Stocker cattle were slow, bringing $2.40 to $2.75.

The calf market was active, with choice vealers closing at $6 to $6.50, common vealers bringing at low as $3. Grass calves sold mostly at $2.50.

Hog prices closed at $8.20 f.o.b. for bacons, $8.60 off truck and $8.95 off cars, a gain of 20c.

Lambs closed steady at $6 per cwt., with culls and bucks at $5. The majority of sheep sold from $1 to $2.

A woman's idea of good medicine is any kind that doesn't taste good.

A man in Kansas has a voice that can be heard 8 miles. If he were living in a state by the sea his talents wouldn't be wasted merely on hog calling. He could serve as a fog horn.

—HAVE YOU RENEWED?

The Late Mrs. Howard

The funeral of the late Mrs. Johnston Howard, who death occurred on Friday, Aug. 24, took place on Sunday afternoon from the home of her daughter, Mrs. Robt. Thompson, on the east backline, Artemesia. The service at the home was conducted by Rev. Silas McAuslan of Kimberley, who brought a message of comfort to the bereaved family and friends. Interment was made in the Thornbury cemetery, where Rev. Chariton of Thornbury, had charge of the service.

The late Mrs. Howard was ill only one week with heart trouble, and her death came as a great shock to her family and friends. She was formerly Alice Mary Woods, a daughter of the late David and Mary Ann Woods, pioneers of Artemesia township. She was born 72 years ago on the farm now owned by Mr. Thos. Henry, 2½ miles south of Flesherton. Forty-five years ago she was united in marriage to the late Johnston Howard, who predeceased her by 12 years. They took up farming at Duncan, where she lived until four years ago, when she came to Flesherton to make her home with her daugter. In religion Mrs. Howard was a Methodist, later United Church, and was of a kindly disposition, a good neighbor and highly respected throughout the district. She was a school teacher for a number of years before her marriage.

Surviving are one son, Charles, of Duncan, and one daughter, Mrs. Robt Thompson. One daughter, Margaret, passed away about 23 years ago. She is also survived by three sisters and one brother: Mrs. John Sled of Stayner, Mrs. D. B. Brown of Orangeville, Mrs. W. G. Magee of Eugenia and J. L. Wood of Toronto.

The pallbearers were: Messrs. Geo. Clark, Thos. Sled, Percy Magee, Court Smith, Charles Fawcett and A. C. Wellar.

A hen owned by Fred Broster of Melancthon laid an egg which measured 7 by 8 inches and was double-yolked.

Mrs. Martin Phillips Died On Sunday

There passed away in Flesherton on Sunday last, Sept. 2nd, a life-long resident of this locality, Martha Clark, widow of the late Martin Phillips, at the age of 77 years. While the health of deceased had not been good for a few years, she was confined to her bed for only two weeks, and when the end came, she was surrounded by all her children and was conscious to the last. Her pastor, Rev. W. J. Scott, was with her in the afternoon, and after reading a portion of Scripture and prayer, she remarked "that's lovely." Later in the day she gave her daughters some directions concerning her belongings, for she knew the end of her sufferings was near, and she was to be ushered into the presence of her Saviour.

Deceased was the daughter of Mary Ann McLaughlin and Robert Clark and leaves two brothers and one sister: Robert Clark of Flesherton, William Clark of Wilder, Idaho, and Mrs. T. A. Gamey of Toronto. She is survived by the following children: Robert and Frank of Toronto, Oscar of Flesherton, Mrs. W. Tracy (Jessie) of Toronto, Mrs. D. Bunce (Effie) of Detroit, Mrs. W. Gibson (Vera) of Ceylon. One son, Harold, died of wounds in France in 1918.

The funeral took place this Wednesday afternoon, Sept. 5th, service being held in St. John's United Church conducted by her pastor, Rev. W. J. Scott, who took as his text 2nd Cor. 4:16 "Though our outward man perish yet the inward man is renewed day by day."

The sympathy of the community goes out to the bereaved family and relatives in the passing of this mother of Israel. Mrs. Phillips, for many years, lived on the Collingwood gravel road at the town line of Osprey and Artemesia and both there and in Flesherton proved to be a fine neighbor. She was of a jolly disposition and friendly nature and most highly respected by the whole community.

The pallbearers were four grandsons, Bob, Albert and Willis Phillips and Osborne Tracey and four nephews Roy, Eldridge, and Joe Phillips and Dick Clark. The flowers were beautiful and represented the sympathy of sorrowing friends.

They are putting a fence around the new home of the Dionne babies. But who on earth would be foolish enough to steal quintuplets?

Mr. Robt. McMaster, Mr. and Mrs. Wilfred McMaster and Geo. McMaster of Cainsville spent several days here last week. Mrs. McMaster and children are remaining for a few weeks, while the men are drilling for gas 15 miles east of Montreal. They were sucecssful in bringing in a fine gas producing well at Cainsville.

Rev. W. J. Scott occupied his pulpit in St. John's United Church Sunday after spending the past month holidaying with his family on Stoney Lake, near Peterboro. A year ago Mrs. Scott captured a fine "muskie" near their camp, but was not so successful this year, confining herself to the elusive and gamey bass, which were quite plentiful there.

Gary Out Of Debt

The municipality of East Garafraxa is in the happy position of being entirely out of debt. The township paid off the last of its debenture debt last year and also cut its road expenditure in two, thereby placing itself in a position to reduce the township rate from 7 to 4 mills. This is an example of sane and careful financing that many of our governing bodies could emulate to good advantage. In this era of reckless spending and mounting debts it is refreshing to discover that there are some public bodies that are making an earnest effort to live within their means. After all is said, the debt problem is undoubtedly just about the most serious economic problem that is confronting the peoples of this half of the American continent at the present moment.—Orangeville Banner.

Valuable Farm Property

For Sale By Tender

Sealed tenders will be received up to and including the Twenty-eighth day of September, 1934, for the purchase of a farm, being Westerly 75 acres, more or less, of Lot No. 27, in the Sixth Concession of the Township of Osprey, in the County of Grey This farm consists of 75 acres of good farm lands on which are erected a house and a barn in good state of repair. The highest or any tender not necessarily accepted. Terms: cash on closing.

Tenders should be left with or forwarded to the undersigned.

DATED this Sixteenth day of August, 1934.

MRS. ELIZABETH SPENCER,
R. R. 1, Singhampton
Administratrix of Estate of George Spencer, Deceased.

Weaning The Lambs

Lambs should be weaned at around five months of age. The practice of letting the lambs wean themselves is to be discouraged since it prevents the mother getting a well deserved rest before the mating season, which is necessary for her health and vitality.

Young weaned lambs should have the run of some good fresh pasture. A good after-math or a piece of rape that has been sown in the spring will be geatly enjoyed by them. Such a pasture is necessary to avoid a check in their growth as a result of the loss of their mother's milk; it will also help to prevent parasitic infestation so detrimental to growing lambs.

Camp Meeting

The annual 10-day camp meeting in the Gospel Workers' Tabernacle Clarksburg, will be held from September 7th to 16th. Rev. Warren C. McIntyre of Wilmore, Ky., will be the special speaker. You should hear him. He is both logical and convincing, full of energy. M. V. Lewis and wife of Wilmore, Ky., will have charge of the singing. They are recommended very highly, and are said to be among the best of those who sing for large camps and revivals. It is their first trip to Clarksburg, so be sure to hear them.

There will be four preaching services each day: 9 a.m., and 10.30 a.m., 2.30 p.m. and 7.30 p.m. Song service preceding each meeting. Come early and enjoy it. Plan to be there for the ten days. For further information write Rev. F. D. Goff, Clarksburg, or G. W. Dinsmore, Thornbury.

THE PROPER CARE OF YOUR AUTOMOBILE

Two Methods of Polishing

IT has been told how the color and lustre of your automobile can be restored by the use of a properly formulated polish. There are two accepted methods of polishing, the one by using a combination cleaner and polish of the liquid type, and the other by using a cleaner and wax.

While the use of the liquid polish is less work, and will restore the lustre to your car in one operation, it doesn't last long and won't prevent further weathering.

The second method involves two operations, and while harder work, will preserve the finish for months. The traffic film must first be cleaned off with a mild abrasive polish or cleaner. When the finish is thoroughly dry and clean, the polishing wax is applied with a ball of soft cloth which has been dampened and wrung "dry." The wax should be put on sparingly, rubbing it into small sections (not more than two or three square feet) at a time. Then the wax is rubbed up to a bright lustre with a clean dry cloth.

Wax, like window glass, has the ability to filter out the ultra-violet rays of the sun. When you wax your car, you apply a thin transparent film over the entire surface which, in addition to improving its appearance, protects the finish from weathering. It is easier, also, to keep the waxed surface clean, as dust and dirt can be wiped off much easier.

If given this attention a car will retain its good looks for years, and its finish will last a remarkably long time.
