EDITORIAL NOTES

Owen Sound council figures that it would save money if the city was to revert to the status of a town. They have been partly prepared for this action since the city was inaugurated as the road signs entering the city to travellers as the "Town of Owen Sound.

• • •

The sentence of three months imposed by Magistrate Spereman on an Artemesia man for assault occasioning bodily harm appears in the sight of many people, to have been unduly harsh. They claim that since he had never previously been in any trouble the Magistrate should have suspended sentence, with the provision that he pay the medical expenses of the man he injured.

Dies At Pickering

Mrs. Malcolm McDonald received a telephone message on Monday evening announcing the sudden death of her daughter-in-law, Mrs. Ted McDonald, at Pickering. While her health had not been of the best during the past six months, her death was altogether unexpected. She leaves, besides her husband, two small sons, one two years of age and the other six months, the latter in the care of his grandmother in town. The late Mrs. McDonald was only twenty-one years of age. She also leaves her father and mother, two brothers and three sisters.

Mr. and Mrs. Wm. Turney and Mrs. McDonald are attending the funeral, which takes place at Pickering today. The sympathy of the whole community goes out to the sorrowing husband and the two dear little sons who are too young to know of their loss.

What appears to be some short of blight is afefcting the cedars inWellington County. Along the Grand river for many miles the trees have turned a rusty red.

New Presbytery Head

Rev. G. W. Rose of Annan was elected chairman of the Grey Presbytery of the United Church at the morning session of its regular fall meeting on Tuesday of last week. Rev. J. E. Peters of St. Vincent was re-elected secretary and Mr. W. L. Young of Markdale was re-elected treasurer The meeting was held in First United Church, Owen Sound, and was attended by a large number of clergy and laymen from all parts of the Presbytery.

Rev. Sidney Martin, Trinity United Church, Meaford, chairman of the Presbytery during the past year, presided at the opening of the morning session. The officers were then elected.

A feature of the morning meeting was the holding of a memorial service for the late Rev. J. A. Moir, B. D., M.R.E., who passed away at Peterborough on July 18, but who was, until recently, a minister at Priceville Rev. W. J. Scott of Flesherton conducted the service Mr. Wm. Martin of Sydenham and Mr. J. A. McGillivray of Priceville laymen from two charges formerly served by Rev. Mr. Moir, spoke in eulogistic terms of his life and work.

Grey Presbytery of the United Church, meeting in Owen Sound on Tuesday, passed a strong protest against liquor sale conditions in this province.

"We urge all municipalities at present under local option to guard their favorable position," the resolution read, "and we recommend the others to seek, at the earliest opportunity, to take advantage of this law to abolish established beverage rooms.

"We strongly protest against the promiscuous issuing of these authorities, especially where these imperil local option territory.

"We urge that greater emphasis be placed upon temperance education in our Sunday Schools and churches. We commend the special courses being offered through our Board of Religious Education and we urge our ministers to explore the possibility of bringing temperance education into our public and high schools."

The day's business, which was started in the morning with the election of officers, was concluded shortly after 6 p.m. The meetings were held in First United Church, Owen Sound, and at the conclusion of the session the thanks of the Presbytery were extended to minister and officers of the church. The ladies of the church, who served lunch and supper, were also warmly thanked.

The afternoon meeting heard a number of reports and transacted considerable business of a routine nature, including the appointment of committees. Rev. G. W. Rose of Annan, who was elected chairman of the Presbytery for the coming year at the morning session, presided throughout the afternoon.

Mr. John McQuaker of Division Street United Church, Owen Sound gave a most interesting and instructive account of the proceedings at the General Council of the Church held recently at Kingston. Included in his outline was a description of the displays of home mission and foreign mission work.

The meeting was privileged to hear a very instructive address by Rev. Alexander Mitchell, Didsbury, Alta., who described conditions in the Canadian west and stressed the need for donations of food and clothing for the inhabitants of the dried-out areas.

Rev. W. H. Smith of Durham spoke in the interests of the missionary and maintenance fund of the church emphasizing the request for a five per cent. increase in giving over last year's figure. He also requested that all money collected for this fund be sent to Toronto promptly. The formation of lists of laymen willing to go out and speak in the interests of the fund was urged. It was suggested that mid-week services might be used occasionally for the giving out of missionary information.

Mr. John McQuaker, reporting for the Laymen's Association which met at Kingston recently, informed the Presbytery that it had been decided that laymen should take a greater part in the mid-week services, and that where no services of this nature now exist, it should be the duty of the laymen to organize them.

The evangelism and social service department presented a report which included the resolution regarding the liquor traffic outlined above.

It was decided to hold the February meeting at Division Street United Church, Owen Sound.

Letter to The Editor

The Manse, Kincaid, Sask.,
September 14, 1934

Dear Reader:-

For the sixth successive year this district has experienced drought and consequently crop failure. Our Minister of Agriculture, Hon. J. G. Taggart, says this is the worst year since the drought commenced. Can you visualize what this means to people who have passed through these six years to meet each year with worn out farm machinery; with inadequate clothing and bedding, and with many things in the home in need of replacement? It has been a heart-breaking experience this past summer to see the crops wither and burn up under the scorching July sun.

The outlook for the future seems dark, and unless rains come this fall what hope is there for a crop in 1935? Sloughs are drying up, wells are giving out and many farmers are hauling water to keep their stock alive. But we are people who live in HOPE, and we hope to be able to carry on until better times come, for surely the drought cannot last much longer.

For the past five years I have been engaged in relief work, and during these years have received help from many parts of Canada, which I distributed to the needy people of this district. Last year much clothing, food and Christmas to children were distributed and were greatly appreciated by those who received them.

We are again planning to carry on our work and I am again appealing to you for help to carry on this most necessary work. We shall not soon forget all that the kind people of Canada have done for us during the past five years and it is this generous help which we have received in the past that makes me confident to make this further appeal.

It is impossible for me to describe the condition of many people in the drought area but the least that can be said is that the condition is a most desperate one and it is through no fault of their own that the people are faced with such hard times.

Will you kindly remember our work in your prayers, and if it is possible for you to assist us with money, used clothing and Christmas gifts for children, will you kindly do so?

Thanking you in anticipation of your sympathy and help,

I remain, gratefully yours
REV. J. T. GAWTHROP,
Minister, United Church.

Rockwood is said to be the largest turnip shipping centre in the Dominion. In one season 212 carloads were billed from that station.
