### LYONS—FISHER

At the parsonage, Maxwell, on Saturday, December 15, 1934, at 4 o'clock, Marguerite E. Fisher, eldest daughter of Mr. and Mrs. Robt. Fisher, 4th Line, Artemesia, was united in the holy bonds of matrimony to Mr. Roy F. Lyons, youngest son of the late J. W. Lyons and Mrs. Lyons of Portlaw. Lohengrin's bridal chorus was nicely played by Miss Jean Bushell and the wedding ceremony was performed by Rev. A. Bushell in the presence of Mrs. Bushell and the two attendants, Mr. Wilbert Fisher, brother of the bride and Mr. Murray Fisher, nephew of the groom.

The bride was beautifully gowned in a dress of skipper blue silk crepe, with accessories to match and wore a wreath of orange blossoms. After the ceremony the happy couple returned to the home of the bride's parents where a company of the most intimate relatives were present to welcome them. After many happy congratulations were given, the gathering sat down to a dainty wedding supper, presided over by Mrs. Stanley Patton and Mrs. Lewis Fisher. The table was centered with the three story bride's cake and the dining room was prettily decorated with white streamers and bells.

The high esteem in which the young couple are held was shown by the many beautiful presents they received. A pleasant evening was spent in music and games by all present. The best wishes of a host of friends follow the young couple in their journey through life.

To finish the evening a number of neighbors assembled and formed a charivari. A shower was held on Tuesday evening of this week at the home of the bride's parents.

### Unemployment Intensifies Plight of the Tuberculous

The unemployment problem has intensified the work carried on at the Toronto Hospital for Consumptives, the Muskoka Hospital for Consumptives and the Queen Mary Hospital for Consumptive Children, where more than a thousand patients are now being treated.

It is hard to realize the plight of the unfortunate victims of tuberculosis, many of whom come from the homes of the very poor where cramped quarters make the supply of fresh air and sunshine often as meagre as that of nourishing food.

At these three institutions, men, women and children are now being provided with that which they hitherto lacked and there is hope for their recovery if friends continue the voluntary contributions of other years. Only a few patients are able to pay anything toward their keep; there is not one for whom the whole cost of maintenance is received. Each year, there is a difference of thousands of dollars to be paid out.

Will you send your gift to George A. Reid, Treasurer, Gage Institute, 223 College Street, Toronto 2.

When the Duke and Duchess of Kent went to church on Sunday it was necessary to have police to regulate the traffic and the church building was packed. Unfortunately we are a little short on Dukes and Duchesses in this country and our pulpiteers have to go ahead under their own steam.
