FRAUD!

ALL who want AXES of the real COLLINS & Co. make should be particular to notice the stamps, as there are various counterfeits and imitations stamped Collins and labelled much like ours, which are fraudulently sold in some parts of the United States as our manufacture. They are made in different parts of the country by various axe-makers, and are generally of very inferior quality. The genuine Collins axes, which have acquired such an extensive reputation, are invariably stamped "COLLINS & CO. HARTFORD" and each axe has a printed label with my signature. It is now more than TWENTY-FIVE YEARS since we commenced the business with the stamp of "Collins & Co. Hartford", and I do not know of any other axe-maker by the name of Collins in the United States.
