Christmas Turkeys To Britain From Canada

Large shipments of Canadian turkeys have been made to the British Christmas market during the past two seasons, and Canada is highly regarded as a source of supply. The Canadian turkey is regarded as one of the best imported birds in the British market and Canada is expected to provide good supplies this December. For last Christmas Canada shipped over 1,000,000 pounds of chilled turkeys and chickens to Great Britain. These shipments all went forward packed, graded and inspected according to Canadian Government standards, and were received in good condition.

The larger percentage of the turkeps supplied to the British market comes from the western provinces. The birds are killed and dressed by the producer and delivered immediately to the nearest pool depot, where they are weighed and graded according to government standard. Shipment to the Atlantic seaboard is made by rail in pre-cooled refrigerator cars, and at the seaport a quick transfer is made to pre-cooled refrigerators aboard ship. During the whole period of shipment the birds are kept in a temperature which never varies more than two degrees, and they are as fresh on arrival in Britain as when shipped from Western Canada.

IN MEMORIAM

MYERS — In loving memory of Mrs. George Myers, who died December 23, 1928.

The years may wipe out many things,
But this will wipe out never.
The memory of those happy days,
When we were all together.
She often said we'd miss her,
Those words have proved too true
We lost our best and truest friend
Dear mother, when we lost you.

—Sadly missed by son, Sheldon and niece, Addie.

Rural School Meetings

The annual meeting of the ratepayers of rural schools is, according to statute, to be held on the last Wednesday in December at ten a.m. unless a different hour has been set by resolution of the trustees, for the purpose of receiving the auditors' report of the section's finance for the year, the election of a trustee for a three-year term and the transaction of miscellaneous business. Usually these gatherings of rural ratepayers are as peaceful as sessions of church officials but, occasionally, factional strife arises and a poll is demanded to settle who is the most popular candidate for the trusteeship. Secretaries of schools must give six days' notice of the date and hour of rural school meetings.
