IMPORTANT
TO HOUSE KEEPERS.
Something better and more economical than Soda, Cream Tartar, or any other preparation in existence for Baking.
DURKEE'S CHEMICAL YEAST, or BAKING POWDER—For raising Bread, Biscuit, Fried, Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c., &c. This article is one that every **Family, Hotel, Boarding House,** Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the *very thing needed every single day of their existence.*
Its most important advantage over the old system, are—
1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast,—water only being necessary.
2. No time is required for the dough to rise before baking; consequently bread may be made in a few minutes.
3. A cook can always depend upon having light sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.
4. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.
5. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, apart only goes to nourish the body, while the acid tend to produce dyspepsia and its attendant evils.
This article has been thoroughly tested, and is universally liked. When used according to its directions, it is *warranted* to suit.
☞ Be careful to ask for DURKEE'S BAKING Powder, and take no other, and you will not be deceived. Principal office, 129 Water-street, New York. Sold by the best grocers and druggists generally.

Professor Alex. C. Barry's Tricophorous,
OR
MEDICATED COMPOUND,
FOR Beautifying, Curling, Preserving, Restoring and Strengthening the Hair, Relieving Diseases of the Skin, Curing Rheumatic Pains and Healing External Wounds. Bounded by no geographical lines, the reputation of BARRY'S Tricophorous pervades the Union. The sales of the article of late years have increased in a ratio that almost exceeds belief. Professor BARRY, after a careful examination of his sales' book, find that the number of bottles delivered to order, in quantities of from half a gross upward, during the year 1852, was within a trifle of 980,000.
It is unnecessary to present at length the evidences of the wonderful properties of the Tricophorous, when the public have furnished such an indorsement as this. The cheapness of the article, and the explanations given of its chemical action upon the hair, the scalp, and in all cases of superficial irritation, first recommended it to the attention of the people. This was all that the inventor desired. Every bottle advertized itself. The effects of the fluid exceeded expectation. It acted like a charm. The ladies would not be without it. Country dealers in every section of the United States found they must have it; and thus was built up a wholesale trade of an extent hitherto unheard of as regards articles of this kind. The highest point has not yet been reached, and it is believed that the sales this year will be a *million and a half of bottles.*
Depot and Manufactory, No. 187 Broadway.

☞ Liberal discount to purchasers by the quantity; and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France, &c.

THOMAS BRIGGS, JR., Esq.,
Manager at the Branch Office in Kingston.
THIS Institution is purely a Benevolent one, organized for the purpose of affording effectual pecuniary relief to members who may become disabled by disease or accident,—composed of Merchants, Mechanics, Farmers, Working Men, and others, associated for mutual protection. It is established on the purely mutual plan, each member being entitled to a vote in the election of officers, and to participate in the benefits. The rates of annual payment are the same as adopted by similar Institutions in England, and experience demonstrates that they will give stability and perpetuity to any institution adopting them.
The following table shows the amount of Benefit paid each member under 50 years of age:—
FOR PAYMENTS to secure to Sickness, or during Incapacity for Labor, the following sums weekly:—

Weekly Benefits	Weekly Benefits	Weekly Benefits.	Weekly Benefits.	Weekly Benefits.
£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
0 10 0	0 15 0	1 0 0	1 10 0	2 0 0

In addition to the above rates, an admission fee of ten shillings will be charged the first year, to be paid upon making application.—Those over 50 to be charged 25 per cent. extra. Females admitted as well as males. A Funeral Benefit of £10 will be granted by the Society, upon payment of 5s annually.
It being the only institution of the kind in the Province, the Manager would particularly call the attention of the public to it, believing that its principles need only to be generally understood to be universally adopted. The public are respectfully invited to call at the Office and get a copy of the "Monthly Monitor" (gratuitous), a large and elegant paper, published by the Society, containing Prospectus, Constitution, and Regulations, and every information relative to the British American Friendly Society.
