"PANKORITE."

Important to Thousands!!

Myers' Extract of Rock Rose!

AN invaluable Remedy for all Scrofulous Diseases, Indigestion, Salt Rheum, Sick Headache, Canker, Nursing Sore Mouth, and General Debility; and as a Purifier of the Blood, is unequalled.

To be convinced that it is the most valuable Medicine of the day, you have only to read the testimony of its efficacy. As a Family Medicine it is invaluable, and one which no person should be without.

The ROCK ROSE has gained a reputation, at home and abroad, which no other medicine has ever done in the same length of time.

According to the opinions of Eminent Physicians, the ROCK ROSE Plant is unequalled in curing Scrofula in its various forms! The Sick Headache, in Obstinate Chronic Cases, may here find a Sovereign Remedy. The Canker and Nursing Sore Mouth! to numerous cases, have been speedily cured.

BUT WHAT IS THE ROCK ROSE!

The following history of the Rock Rose Plant and its medicinal properties, we take from the New Haven Palladium, March, 1852:—

"The increased interest manifested in the ROCK ROSE Plant in consequence of the many wonderful cures effected by 'Meyers' Compound Extract of Rock Rose,' calls for a brief history of it, in order to correct any erroneous opinion that may have been entertained concerning it; and also to set in a true light the nature of a plant which promises to be universally beneficial.

We are indebted to the United States Dispensatory of 1847, for the following description of it:—

It is entirely different from the common Rose. It is a red-stemmed, oblong leaf plant, having a bitter taste. In addition to a remarkable peculiarity of the plant, of bearing two crops of flowers in one season, it also has another interesting and beautiful property.

Dr. Eaton says that in the months of November and December, he has seen hundreds of these plants sending out, near their roots, broad, thin, curved ice-crystals, about an inch in breadth, which melted during the day and were renewed in the morning. For a more minute and analytical description of it, the reader is referred to Torrey and Gray's Botanical Works.

Its Medical History and Properties are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799 it was so valuable in England that it was cultivated from the seeds. Ever since 1806, Prof. Ives, of Yale College, has habitually used it with great success in Scrofula and Chronic Disease, and through him its virtues were made known, until, as Dr. Tyler says, 'it is now in this section [New Haven] a common article in domestic practice for the cure of Scrofula and cutaneous diseases.'

Dr. Isaac Parish of Philadelphia, remarks that it has been successfully used in bad cases of Scrofula Diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bad cases of scrofulous patients at Willis' Hospital. His success attracted the attention of senior physicians. He reports the following remarkable case of White swelling of the hip, in February, 1844:—The lad was seven years old, and had the disease for three years. The bone was dislocated upward and outward. There was a large opening on the hip leading to the bone, into which I could thrust my finger. I counted three ulcers. He had been under several physicians, who had given him up. I ordered a decoction of Rock Rose. In two days his night sweats ceased; I then ordered a teaspoonful of Rock Rose three times a day—Thirty-nine days after he was entirely well.

Dr. Webb, of Madison Ct., Testifies to the value of Rock Rose, as evinced in the cure of numerous cases of Scrofula, especially in children.

Dr Sparry, in his medical work published 1847, quotes the strong commendation of Dr Eli Ives, Professor in Yale College, who, in his lectures to the medical students, recommended the use of the Rock Rose, even in cases where the disease is uncertain.

The value of the Rock Rose has also been set forth by Dr. Tyler, of New Haven, Ct., in a dissertation avowedly prepared for that purpose, which afterwards, at the request of several of his medical brethren, was published in a pamphlet.

We quote from the preface. He says that since the delivery of this address, "the plant under consideration has been more fully tested its virtues developed, its character better established. This dissertation is published by the advice and approbation of several medical friends. The object of it is to lay before the profession, and the public, the virtues of a plant too much neglected. I ask for this plant an impartial trial. I will conclude by asking only of the profession and the public, a more extended trial of the ROCK ROSE."

Manufactured by WM. FRANKLIN & CO., New Haven, Ct.

For Sale by E. W. Palmer, Kingston, and dealers in medicine everywhere, where pamphlets may be had gratis.

IMPORTANT TO HOUSE KEEPERS.

Something better and more economical than Soda, Cream Tartar, or any other preparation in existence for Baking.

DURKEE'S CHEMICAL YEAST, or BAKING POWDER—For raising Bread, Biscuit, Fried Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c., &c. This article is one that every

Family, Hotel, Boarding House,

Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the *very thing needed every single day of their existence.*

Its most important advantage over the old system, are—

1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast,—water only being necessary.

2. No time is required for the dough to rise before baking; consequently bread may be made in a few minutes.

3. A cook can always depend upon having light sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.

4. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The bread made by fermentation, does not afford the same amount of nourishment to the system that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, it not only goes to nourish the body, while the acid is used to produce dyspepsia and its attendant evils.

This article has been thoroughly tested, and is universally liked. When used according to directions, it is *warranted* to suit.

Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal office, 139 Water-street, New York. Sold by the best grocers and druggists generally.

New York Feb. 20th 1853. 4

And from Liverpool to Montreal, C. E., $24, via Vermont and Canada Railroads.

Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months, thirteen dollars less than the above-named prices, to Boston or Albany and to other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day.

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs. navy bread; 1 lb. wheat flour; 2 lbs. rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of pre-paid passengers embarked, we publish their names in the Boston Pilot, and also notify each purchaser of pre-paid certificates, either directly or through our agents.

On the arrival of any of our ships in the outer harbour, we immediately dispatch an agent on board, to give pre-paid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

Train & Co., of Boston, think those who take an interest in the welfare of Immigrants that as owners of the only Liverpool and Boston line of Packets, they have determined, that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation as the first of American Lines is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have bore ample testimony to the Rapid and Successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusually rapid passages.

Packet Ships which are Dispatched in this Line:

			TONS
STAR OF EMPIRE,	Capt.	Brown.	2600
WESTERN STAR,	"	Thayer.	1700
FRANK PIERCE,	"	Marcy.	1500
PRESIDENT,	"	Cummings.	1600
CHARIOT OF FAME,	"	Knowles.	2000
STAFFORDSHIRE,	"	Richardson.	2000
PARLIAMENT,	"	Sampson.	1600
NORTH AMERICA,	"	Dunbar.	1200
DANIEL WEBSTER,	"	Howard.	1200
PLYMOUTH ROCK,	"	Caldwell.	1000
SCREAM,	"	Putnam.	800
LEVI WOODBURY,	"	Nickerson.	800

These Ships, when in the Line, sail from Boston on the 4th of each month, and from Liverpool each week during the year, and are distinguished by a Red Flag, with a White Diamond.

OFFICES:

ENOCH TRAIN & Co., Nos. 37 & 38 Lewis Wharf, Boston, Massachusetts. TRAIN and Co., Merchants, No. 5 India Buildings, Water Street, Liverpool, England. TRAIN & Co., Passage Office, Nos. 115 and 119 Waterloo Road Liverpool, England. TRAIN & Co., No. 121 St Patrick Street, Cork, Ireland.

As Train & Co. have made such arrangements in Liverpool as will Protect their friends from the fraud and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favourable terms, for a well known line of magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honourable and Humane, and that they have been distinguished for the most exact fulfilment of all their Engagements, we are permitted to refer the Very Reverend Theobald Mathew, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend John Bernard Fitzpatrick, D., Bishop, Cathedral, Boston.

(COPY.) Boston, January 22nd, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & Co., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

(Signed) + JOHN B. FITZPATRICK, Bishop of Boston

Those applying by letter or otherwise for pre paid Certificates of Passage, should in all cases express the names and ages of the persons sent for, with their address in full, containing the names of the Town-Land, or Village, nearest Post-Town, and County, together with the address of the person to whose care a letter is usually sent.

N. B.—Those making inquiries for prepaid Passengers, are requested to furnish the date and number of their Receipt.

DR. MORSE'S INVIGORATING CORDIAL.

A PHENOMENON IN MEDICINE.

HEALTH RESTORED & LIFE LENGTHENED, by *Dr. Morse's Invigorating Elixir or Cordial.*

For centuries Medical science has been ransacking the vegetable and mineral kingdoms, in search of something that should restore the lost or decaying energies of the nervous and muscular systems, without the drawback of subsequent prostration, which all stimulants, tonics, and narcotics had heretofore entailed. *That something has been found.* It is a vegetable production, brought from the sterile deserts of Arabia the Stony, by the celebrated Professor M. Moise, well known as a distinguished member of the leading scientific societies of the Old World, and equally distinguished as a physician, a chem
