Poultry Returns Up

Returns from poultry-raising in 1934 showed a slight improvement over the previous year, according to the Department's survey. The price of eggs averaged 3 cents per dozen higher during the first eleven months of 1934 than during the same period in 1933. November prices, however, were about 7 cents per dozen less than the previous year, accounted for by the milder weather and larger production as hompared with very cold weather and limited production in 1933.

When you read that "dainty refreshments were served," you know that the men wnt hungry, declares the Kitchener-Record.

LIQUOR EARNS $5,000,000

The sum of $5,170,000 was paid into Ontario treasury by the Liquor Control Board in the fiscal year 1933-34. A total of $430,000 was also received by the treasury in permit receipts-the Liquor Control Act requiring that all permit sale revenue go direct to the province. Two and a half of the five million were transferred in the last three months of the year, after the change of administration and proclamation of the beer law.

Man's Days Are Few And Full Of Trouble

Man's life is of few days and full of trouble. He laboreth all the days of his youth to pay for a gasoline chariot, and when at last the task is finished, lo, the article is junk and he needeth another. He planteth corn in the earth and tilleth it diligently, he and his man servant, and when the harvest is gathered into the barns, he oweth the landlord eight dollars and forty cents more than the crop is worth. He borroweth money of the lenders to buy pork and molasses and gasoline and the interest eateth up all he hath.

He begets sons and daughters and educateth them to smoke cigarettes and wear white collars, and lo, they have soft hands and neither labor in the field nor anywhere else. The children of his loins are ornery, and one becomes a lawyer and another sticketh up a filling station and maketh whoopee with the substance therefrom.

He goeth forth in the morning on the road that leadeth to the town and is smitten by a jitney so that his ribs project through his epidermis. He drinketh a dram of whoopee juice to forget his sorrows and it burneth out the lining of his liver. All the days of his life he findeth no parking place and is tormented by traffic cops from his going to his coming back.

An enemy stealeth his car; physicians remove his intestines and his teeth and his bank roll; his arteries harden in the evening of his life and his heart goes broke trying to keep the furious pace. Sorrow and bill collectors follow him all the days of his life and when he is gathered to his fathers, the neighbors sayeth: "How much did he leave?" Lo he hath left it all. And his window maketh rejoicing in a new coo-pay and maketh eyes at a young sheik that slicketh his hair and playeth a nifty game of golf.

Woe is man. And from the day of his birth to the time when earth knoweth him no more he laboreth for bread and catcheth the devil. Dust he was in the beginning and now his name is mud.—Rotary Club.

Happiness is like jam. You can't spread even a little without getting some on yourself.

Local and Personal

The condition of Mr. W. W. Trimble, veteran postmaster, remains critical.

The W. M. S. will be held in St. Johns United Church on Thursday tomorrow, at 3 P.M.

Mr. Mark Wilson has been laid up in the house with an attack of sciatica.

The junior Flesherton hockey game with the Durham High School was postponed till a future date which is not at present known.

Mr. and Mrs. Elwood Moore spent the week end with the former's parents in Detroit. Mr. Moore is seriously ill at the home of his son, Mr. Hugh Moore, and his condition is serious.

Chief of police Jos. Field has registered ten revolvers owned by residents in this locality. Among the number were old "gats" brought home by some of the boys from France as souvenirs, and others are ones that have been in the family for years as curios.

The color scheme on the motor cars are graually changing to the modern range. Yes, many are securing their 1935 license plates of orange and black to replace the greys of last season. No cars with 1934 license plates will be allowed on the road after the close of this month.

The inaugural meeting of the Flesherton Public School Board was held on Wednesday evening of last week, when Mr. W. J. Bellamy was re-elected secretary-treasurer and F. J. Thurston as chairman of the Board. Mr. Bellamy has just finished 34 years as secretary-treasurer of the Board, a record unique, we are sure, in school service. During that time he has also served as trustee.

Again we bring to the attention of our readers the advisability of having their revolvers handed in to the police for identification and the registering of the number of each weapon. Any person not complying with the regulation is subject to a fine of not exceeding $50, so if you have a revolver hanging around, even though it has not been used for years, it would be better to have it registered at once.

Local Hockey

Flesherton seniors play in Durham this Thursday night for their third game of the season. If the locals win they will be sitting on top of the group, but if they lose will be tied with Durham. Anyway, the game will be a real one, as Durham lost in the former game. Next Monday night Chatsworth and Flesherton will play the last group game on Markdale ice and a large crowd will likely accompany the team.

Shower For Bride

The people of Flesherton held a miscellaneous shower for the new bride, Mrs. John Nuhn(nee Mamie McTavish) at the home of Mr. Geo. Mitchell on Wednesday evening of last week. Many articles of household use were presented to the popular young lady, who had a busy evening opening the various packages and viewing the surprises they held. All those who attended had a most enjoyable evening.

Enjoyed Valley Scenes

Prominent Toronto residents enjoyed the week end at the club house in the valley, the guests of Mr. and Mrs. Wm. Kaitting. Included in the party were Professor and Mrs. Duncan Graham, professor of medicine in Toronto University, Dr. and Mrs. Roscoe Graham, surgeon-in-chief, Toronto General Hospital and Mr. and Mrs. Robt. Fennel of Toronto. Dr. Graham stated that he has been around in many sports centres but he thought that the Beaver Valley was equal to any for ski-ing.
