MARKET FOR BARLEY IN BACON AND BEEF

There is practically no limit to the production of barley in Canada and recent tests show that it produces better bacon and beef than any other grain. It is proving fully the equal of corn when fed with suitable supplements in the form of home-grown leguminous roughages. Barley can be used in almost any proportion ot the grain ration up to one hundred per cent. As a hog feed it develops an entirely satisfactory class of bacon, which is more thas can be said for corn fed in equal proportions, and as a feed for beef cattle barley is undoubtedly one of the best of our Canadian-grown coarse grains. The increased use of barley and other coarse grains at their present low levels will make for much better quality in the beef being marketed. and this, in turn, will help create a demand for more beef.

Farmers in British Columbia have been rowing in boats from the house to milk the cows in the barn. There is something rather suggestive about that bit of information.

VICTORIA CORNERS

News is scarce, some sickness and much bad weather makes us feel like staying in close quarters like the bear does. I guess he'd see his shadow on Saturday if he were up in time and its too bad he had to miss this nice day (Mon.). Its a pet for 1935.

Sometimes when we are at home and know the news we feel that the local papers do not mean so much, but we think if we'd all help a bit we would enjoy them better. You know something we have put part of ourselves in we enjoy the outcome so much better. But here is a boost for local paper. Lately there came to our notice a lady from these parts who lives in Toronto came home from an appointment with her dentist one day recently and in a few moments relaxaton picked up the Dundalk Herald and noticed the announcement of the same dentist's wedding. As he was not a local boy she was rather surprised and thought if she wanted Toronto news she's better take the Dundalk Herald. Hope the Editor will not consider this too much like advertising to print it.

Miss Hazel Hodgins who is at Mr. J. Best's was not very well last week. Her mother was with her for a couple of days.

PROTON STATION

The new open air skating rink was announced ready for use last Saturday afternoon and was opened by a hockey game amongst the local puck chasers and skating at night. Messrs. George Moore and Robert McNalty have worked diligently for a month or more to make skating ice on bare ground but it has proved to be a rather discouraging undertaking and although it is not yet what they would like it to be they are continuing to flood it. We hope they may receive some profit for their labor.

The Proton Bears find thenselves sorely in need of practice for they were defeated in a score of 4—2 by the Flesherton semi Pro. team on the Flesherton rink on Thursday night of last week.

The Proton Junior Hockey team travelled across to Swinton Park for a game with the Park Scrubs but the latter came out best by a 2—1 score nothing daunted they went back again to the Swinton Park ice and met a Dromore team and suffered a second defeated but if the Proton boys could only have ice and caoching they will hold their own.

THE NAME DID IT

Sullivan thought he had a case against his old enemy Martin, and consullted a solicitor.

After hearing what Sullivan proposed to do the solicitor told him not to bring the case.

"Would it be any good if I were to send the judge a brace of birds?" Sullivan asked.

"That," excaimed the solicitor, "would certainly ruin your case."

"Well, I'll go on with it anyway said sullivan after some deep thought

To the solicitor's great surprise he won the case.

"Tell me," he asked afterwards, "did you send that brace of birds to the judge?"

I did," smiled Sullivan proudly, but I sent them in Martin's name."

Mrs. Earl Brown Dies

Very sudden and therefore unexpected was the passing of one of the estimable members of the Banks community in the person of Mrs. Earl Brown.

During the past couple of weeks she has been suffering from heart and nerve trouble but her condition was not considered serious by her host of friends, indeed the late Mrs. Brown had only been in bed a few days.

Not feeling so well on Friday last the doctor was summoned. and pronounced her critically ill, and advised getting a nurse, but her strength failed rapidly and she passed peacefully away about seven o'clock, fifteen mnutes after the nurse arrived.

Formerly Clara Seeley, she was born at Maxwell in 1890, her parents being the late William Seeley and Mrs. Seeley.

About fifteen years ago Mrs. Brown was married to her now bereaved husband, who with her aged mother, three sisters and two brothers are left to mourn her loss, they being: Annie (Mrs. Jas. Vanmeer) of Collingwood, Ida (Mrs. Ericson), Toronto, Martha (Mrs. E. May) of Banks, and Albert and Walter Seeley of Maxwell.

The funeral service was held at the late home on Monday afternoon, conducted by Rev. Wm. MacMillan of Collingwood, and, despite the storm, was argely attended by many sorrowing friends and relatives.

The pallbearers were: Donald and Russel Brown, Walter and Albert Seeley, Egbert May and James Vanmeer.

Always of a pleasant disposition and ever ready to lend a helping hand in sickness or any social gathering or entertainment, she will be sadly missed in the community.

Interment was made in Sandhill Cemetery, Collingwood. — Thornbury Rebiew-Herald.
