New Way To Open Roads

Up in western Essa some of the residents have a new drag that is enabling them to put the roads in shape for a car to pass over them after a snow storm. The drag is made of two parallel logs as far apart as the wheels of a car. The logs are held together by numerous cross pieces. By pulling the drag over a road the snow is packed for the wheels of a car to pasa over it and the centre is taken off by the cross pieces on the drag. The Scotch line and several lases have been opened to car trafffic by this device.—Alliston Herald.

GEO. DUNCAN, Auctioneer.

Caves At Singhampton

(Continued from Page 1)

Warring tribes of Indians also used the caves as rendezvous during the period and earlier as evidenced by the finding of skeletons and relics deep in the cave recesses.

The Collingwood caves are reached by turning off number 26 Highway at a "signed" road just west of the town. A six-mile run, the latter part of which is a stiff climb, lands you at the sign of the "Man of Nature," on whose property the caves are located. The itinerary includes a gratuitous lecture on the art of keeping oneself in good health—a first requisite for a ripe old age. After "doing" the caves the visitor rests at the observation platform, 2,025 feet above sea-level, from where a varied panorama is exposed. Beyond the checker-board foreground and across the blue expanse of Nottawasaga Bay can be seen, without the aid of artificial optics. Wasaga Beach, and in the distance Christian Island, home of the last of the Petun Indians, some fifty or sixty miles distant.

For touring motorists excellent camping sites are available at the Collingwood and Singhampton cave areas. At the latter places the location is within a stones throw of the Mad river where, for those piscatorially inclined, the stream affords very good trout fishing.

A Western contemporary has suggested the following slogan to end the depression, "There's a great day coming—buy and buy."

France has a new destroyer called the Terrible which makes 43 knots an hour, something which may come in handy enough if it meets up with a better destroyer.

Train was derailed near Calgary and the reason given is that a rail was split by the severe frost. It is high time for a report from the west about not feeling the cold.

A motorist providing he keeps to his right side of the road and observes the speed limit is not liable for damage enssuing should he suddenly crash into a herd of cattle just over the brow of a hill. County Judge Costello has so rulled in an interesting and important judgment handed down at Goderich. The motorist is awarded $45 damages to his car with court costs, while the counter claim of the farmer, Glen Cornish, for $115 for cattle injured is dismissed.

Local and Personal

Rev. Dr. S. D. and Mrs. Gaudin are guests of friends in Thornbury.

Mr. and Mrs. W. G. Kennedy spent the week end in Toronto.

Mrs. Edward Frost of Owen Sound spent a couple of days last week with Richardson and Trimble families, and attended the funeral of her uncle.

Mrs. McCallum has returned home after spending the past weeks in Toronto and is slowly regaining her health.

Mr. and Mrs. G. A Keith and Miss Betty Keith and Mr. Griffin of Toronto spent the week end with Mr. and Mrs. F. H. W. Hickling. Mrs. Keith is remaining for a visit.

Miss Margaret Robertson came up from Toronto to see her mother who has been ill, but we are pleased to know is recovering; Miss Robertson returned on Monday.

Miss Anne Trimble returned Saturday to Cedarville, Mich., after attending the funeral of her uncle. and visiting her mother. Mrs. W. W. Trimble.

Did you see the eclipse of the sun on Sunday? Neither did we. Banks of clouds hid Old Sol from view and many were disappointed in not having a view of the eclipse.

Mrs. Edmunds of Toronto attended the funeral of her brother-in-law, the late W. W. Trimble and visited a few days with her niece, Mrs. C. N. Richardson

CARD OF THANKS

We wish to thank the friends and neighbors for their many acts of kindness during our recent bereavement.

THE TRIMBLE FAMILY

HOLD SOCIAL EVENING

Carnation Lodge, L.O.B.A., will hold a social evening in the Lodge room on Friday, February 8th, with progressive crockinole and program. Lunch; silver collection. Everybody welcome.

New rule in Alberta is that nurses must undergo a medical examination. Well, the idea seems to be well established that before they start to make others well they should be well able to show they are well themselves.

Hockey Notes

After winning both games from Durham in the regular schedule Flesherton seniors Northwestern Hockey Association entry had a reversal of form and were defeated 8—4 at Durham on Wednesday night last and 5—4 at Markdale on Friday night. Why the team should fall down so completely in the play offs is not known. Although Durham had an O. H. A. player on the team, which is supposed to be prohibited by the new Association, one would not imagine that this would be the cause. It appears as though this Northwestern League is following in the footsteps of the buried Northern League, and if so the death knell has already sounded on its activities.

Markdale High School team came to Flesherton on Friday night and made the local school team enjoy a 14—3 shellacking at their hands. The local players did not team up well and most of their play was of the individual variety.

Ceylon lost to Swinton Park at Priceville on Saturday afternoon and will meet Proton Station in the playoffs, while Flesherton takes on Swinton Park. This Semi-Pro. League is receiving a real reception, judging from the fact that the rink was well filled for the Flesherton-Proton Station game last week.

Flesherton took the measure of the Swinton Park crew last night with an 11-2 win. "Dutch" Patton had 4 goals to his credit, "Tatta Stuart grabbed three, McKillop two and Smith and Akitt one each.

DIED

HOOPER — On Sunday, February 3rd at his residence, 548 Huron St., Toronto, Henry (Harry) Hooper, in his 80th year.

Funeral service private at his residence on Wednesday afternoon at 3.30 o'clock. Interment in Prospect Cemetery, Toronto.

Flesherton In First Place

In one of the fastest games played on local ice this season, Flesherton defeated Proton's, Semi-pro. hockey team 4—2. Both teams hard checkers and fast rivals, went into the game with all the energy and determination stored up from their last game, and in the first period proved to be nothing but a draw between two teams with the same plan in mind a goal! But between the sensational goalies and the hard checking defence the period ended as it started, open at both sides.

The second period was more succesful than the first, when R. Acheson surprised the Flesherton goalie, Ed. Ferris, to such an extent as to allow the puck to dent the net behind him. Flesherton not discouraged the least turned on the steam and followed back with Murray Stuart tieing the score. Proton was not to be held down by a tie and took the lead again when G. Acheson flipped the old boot heel into Ferris' citadel for the second last counter forthe Proton Bears, leaving Proton in the lead 2—1.

The third period still showed the both taems in fighting mad fury to get the lead and hold it, but this was not to be the case for Proton as Johnson starring Flesherton forward pulled Flesherton out of the hole to tie the score once more and so it was deigned to stay till the end of the supposed final period. The teams went into ten minutes over time and much to the disgust of the visiting Bears, the Flesherton Tigers pulled into the lead when F. Patton broke the string of the proton goalie's sensational saves and D. Smith, one of Fleshertons brilliant defence men proved again his briliance by adding another one for good measure. This win left Fesherton in the lead in their group, with Proton second and Dundalk in third place.

The arena was lined with more people than has attended a local hockey, game for a couple of years and although a small entrance fee was charged there was a large gate receipt.

Proton—goal, Eldon Blackburn; defence, L. Lyons and Bert Hodgins; forwards, R. Acheson, G. Acheson and Stanley Lyons; alternates, Earl Blackburn, J Bannon, R. White, A. Hemphill and H. Simms.

Flesherton—goal, Ferris; defence. Akitt and Smith; forwards, Patton, Johnson and Dargavel; alternates L. Piper, Smith, McKillop and Stuart

During the severe weather of recent days Winnipeg police report there have been no burglaries. It's hard to enter a house without being noticed when the folks are sitting around with their feet in the kitchen oven.

AFFECTED BY THE CALENDAR.

Gimme an all-day sucker," the youngster demanded of the candy man He was handed one.

"Looks kind of small," remarked the youth, looking at it doubtfully.

"Yeah, the days are getting shorter."

It's usually the man who opens his mouth widest who drinks in most scandal.

IT MIGHT HELP

Patient—So I've got to have an anaesthetic. How long will it be before I know anything?

Doctor—Now, don't expect too much of the anaesthetic.

In the Saar, he who voted wrong and ran away, will live in France for many a day.
