Local and Personal

Sorry to report Mrs. E. C. Murray on the sick list.

Sorry to report Dr. E. C. Murray is confined to his bed.

Mr. Wm. Stewart is ill at his home in town.

Mr. Ted McDonald of Toronto spent the week end with his mother.

Mrs. W. A. Armstrong of Toronto is visiting at present with Mr. and Mrs. F. H. W. Hickling.

Mr. and Mrs Thos. Goodchild of Durham are visiting with Mr. and Mrs. Geo. Phillips.

Mr. D. McKillop has returned home from Markdale hospital much improved in health.

Mr. and Mrs. George Mitchell and daughter Aleda, have left for Toronto where they intend remaining for a few weeks.

Flesherton public school boys played a hockey game with the Markdale lads on Tuesday afternoon but were defeated 2—0.

Mrs. E. C. Murray, president of the Grey Prebyterial of the Women's Missionary Society, attended the Provincial Convention in Toronto last week returning home on Saturday.

Good sleighing is past for this season. The main roads are practically bare, but on the sideroads many drifts are to be seen, making wheel traffic impossible.

Little Gloria Ball, the 3-year old daughter of Mr. and Mrs. C. Ball of town. was taken to Markdale hospital where she was operated on last week for appendicitis and has made a rapid recovery.

Last Wednesday Mr. Thos. Taylor of town brought a pansy to this office that had grown in his garden during the winter. It was blooming under the snow and came to view during the thaw.

The Advance was very pleased to have a call last week from Messrs Fred and Les. Norris, the former from Edmonton, Alberta, and the latter from Hamilton. It is 18 years since Fred last visited Flesherton, the place of his childhood and youth. There appears to be quite a colony of Flesherton Ex-residents in Edmonton and many of them have prospered and made an enviable name for themselves in the "Golden West."

Again the "Small Advt." column has produced results. Mr. J. K. McLeod of Ceylon in a letter states: "Please discontinue my ad. of furniture for the present. I sold the wicker set and had three write about the piano, so it pays to advertise." The Advance is the best medium by which to let the people know that you have something to sell. The cost is small and the results are sure: everybody reads the small advertisements.

Mrs. Emily McGruther of Orange, N.J., sent her renewal to The Advance last week and states: "I always look forward to Friday, as that is the day I receive your valuable paper. We have had about four inches of snow in this part of Jersey, quite a difference to Artemesia. I am always sorry to read of so many of the older people passing on, as I know they will be greatly missed. I wish you and all Advance readers a prosperous year."

FERTILIZER APPLICATION

Experiments have been conducted in Eastern and Western Canada for several years, concerning methods of application of commercial fertilizer with particular regard to the placement of the fertilizer in relation to the various seeds. It has been demonstrated that for wheat. oats and barley economical yield may be obtained by applying contact with, or slightly below, the seed than by applying it broadcast. In certain crops, the germination of the seed is checked and in some cases completely ruined by contact with commercial fertilizer. While this does not apply to wheat, oats and barley, it is not advisable to seed corn in contact. The fertilizer should be applied about two inches to the side and slightly below or level with the seed. In the case of peas, the fertilizer should be separated slightly from the seed, preferably below the seed with one-half to one inch of soil between. Good results have been obtained with fertilizer on potatoes, both broadcast and in drill or row. It is recommended, however to apply fertilizer in bands at either side of the row and level with, or slightly below, the sets or seed.

SEED OATS FOR SALE

A quantity of first class seed oats, cleaned,— Geo. Johnson, Rock Mills.

We learn that certain canners are now going to make strawberry jam out of strawberries. When the bogus stuff was being sold we suppose a customer who tried to pay for it with bogus money would have been arrested.
