PROTON STATION

The annual Thankoffering meeting of the United Church W. M. S. was held in the church on Wed. 16th. The Inistioge Auxiliary were guests of the local women and assisted in the program. The president, Mrs. Moore read an interesting letter received from the missionary, Mrs. Lamb of China, whom the women are asked to pray for. A solo was sweetly sung by Mrs. Elmo Stevens who accompanied herself on the guitar and a duet was nicely rendered by Misses Ina and Maude Acheson. The speaker of the afternoon was Mrs. E. C. Murray of Flesherton who was greatly enjoyed by all present as indeed Mrs. Murray's missionary addresses always are at Proton Station. Owing to Illness, absence and threshing the meeting was not as well attended as usual. Luncheon was served at the close of the service.

Mr. Wm. Poyntin of Emmanuel College, appointed by the Mission Board of the United Church as student minister of the Proton charge, in place of Mr. Petrie, who has been here during the summer months. While we sincerely welcome Mr. Poyntin, we greatly regret to lose Mr. Petrie.

Mrs. Joseph Park underwent an operation for goitre in the Markdale hospital last week, which we understand, is successful. Mrs. Park is still in a weakened condition, but we trust that before long she will be around in her usual health and strength.

Mr. Lorne Hodgin and Mr. Andrew Hemphill are recovering from attacks of blood poisoning. Mrs. Lorne Hodgin has been quite ill and Mrs. Wes Dever has been ill, but we are pleased to say both are recovering.

Born — On October 16th in Conway Private Hospital, Toronto, to Mr. and Mrs. W. G. Prosser, a son, stillborn. Interment was made in Bethel Cemetery, Proton, on October 17th, 1935.

Electors of Grey-Bruce

My Dear Friends:

In looking over the vote polled in Grey-Bruce on October 14th one notices first that the number of electors who voted was exceptionally large and that is as it should be. It is evident, too, that our strength lay in the townships and the industrial towns. To all electors who supported me I am grateful.

The campaign was long and tedious but even so, the enthusiasm of the organization in each polling subdivision and in each municipality never abated. On election day volunteer workers manned the polls, drove cars and otherwise assisted in getting the vote out. All this I appreciate. Our Board of Directors carried a great share of the load and we were gratuitously assisted by able speakers and musicians. Together we won a notable victory for democracy (the rule of the people for and by the people). In this I rejoice.

It is now my task, which I will most earnestly seek to discharge, to represent the needs of the people and seek remedies for the problems of the mass of Canadians—those who create the wealth and render the necessary services. In departmental matters I will serve all equally well, but in matters of policy of necessity I can represent only those who think similarly.

Yours sincerely,
—AGNES C. MACPHAIL.

Letter From Herb Neil

Weston Sanitarium, Oct. 19, 1935

My dear old friends in Grey Co.

I like to think of you all and some may be wondering how it is going with us. We had a good trip down with Rev. Mr. McPherson; it was a great outing for me. Jessie has found a place to stay within one-quarter of a mile and we see each other every day. I am just waiting developments and under observation will know more later. Things go on schedule here and we are just one of the many; and that, as I see it, is as it should be. The weather has been ideal since coming here and now I get on the sun porch each day.

We are a polyglot bunch in this room (20X20 feet with a south exposure half glass) all Canadians But if you look at our record of entry you would see that one is French, one Finlander, one Scotch, one Irish, and one of these is I. But we have many things in common, spinal trouble, whitman frames, pain, weariness, even hope, and a great friendliness like fellow passengers in a shipwreck. Our past we each know and are inclined to be frank about it; our present is an open book to doctor, nurse and whoever may care to know. I like the sporting spirit of the boys, they can take it on the chin and their chin is still up. Like the British at Zlobain, "Shoulder to shoulder they faced the foe and met their doom like men." I take off my hat to these people. We might write of individual heroism if this were a private letter for the troubles of life fosuses in a place like this. More later. It is now my turn for a bath, turn over and the sun.

Lots of luck old friends,
HERBERT J. NEILL

CONTENTMENT

A gentleman once had a board put up on a portion of his land. On it was written: "I will give this field to anyone who is really content." When applicants came, he asked: "Are you contented?" The general answer was: "I am."—to which the invariable reply was: "Then why do you want my field?" "Be content with such things as ye have"—is a text which should have a very special message for us all.
